## SECOND REGULAR SESSION

---

**FIFTY-FIRST DAY—TUESDAY, APRIL 10, 2018**

---

The Senate met pursuant to adjournment.

President Parson in the Chair.

Reverend Carl Gauck offered the following prayer:

“As a man thinks in his heart, so is he.” (Proverbs 23:7)

You O Lord are the creator and we creatures of Your making. You provide us comfort knowing that we are just men and women called to be interdependent with one another, needing that which others provide that we don’t have so that we might be made whole together and never think more of ourselves than we should. But help each be aware in our hearts what we can contribute to welfare of others. In Your Holy Name we pray. Amen.

**MESSAGES FROM THE HOUSE**

The following messages were received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HCR 59**, relating to Minority Organ Donor Awareness Month.

**HOUSE CONCURRENT RESOLUTION NO. 59**

WHEREAS, with more than one hundred eighteen thousand people waiting for an organ donation and with more than seven thousand people dying each year due to the lack of organs, public awareness of the great need for organ donation is the key to increasing the number of organ donors and thereby saving lives and improving the quality of life for recipients of organ donation; and

WHEREAS, approximately thirty thousand people a year have begun new lives thanks to an organ transplant. Organs and tissue from a single nonliving donor can be used to benefit more than fifty people. Living donors can donate a kidney and parts of their liver, lung, pancreas, or intestine, and can be evaluated to help a friend, family member, or even donate anonymously to patients of the wait list; and

WHEREAS, promoting the need for organ and tissue donors and encouraging people to become an organ donor and tissue donor are vitally important to increase the number of lives saved and changed for the better through organ donation; and

WHEREAS, people of African American/Black, Asian/Pacific Islander, Hispanic/Latino, American Indian/Alaskan Native, and multiracial descent currently make up nearly 58% of individuals on the national organ transplant waiting list. These communities are in great need of more organ and tissue donors; and

WHEREAS, an intensive awareness campaign focused on obstacles related to minorities and organ donation, which promotes healthy living and disease prevention to decrease the need for organ transplantation and which reaches out to all ethnic groups is greatly needed:

HOUSE CONCURRENT RESOLUTION NO. 70

Relating to youth violence.

---

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF MISSOURI, AS FOLLOWS:

WHEREAS, youth across this state are committing acts of violence against one another and throughout their communities; and

WHEREAS, a national survey by the Centers for Disease Control and Prevention (CDC) found that United States adults reported approximately 1.56 million incidents of victimization by perpetrators estimated to be between 12 and 20 years of age; and

WHEREAS, the CDC states, "Violence is a serious public health problem in the United States. From infants to the elderly, it affects people in all stages of life. In 2007, more than 18,000 people were victims of homicide and more than 34,000 took their own life."; and

WHEREAS, the CDC reports that many people survive violence and are left with permanent physical and emotional scars and that violence erodes communities by reducing productivity, decreasing property values, and disrupting social services; and

WHEREAS, a national initiative led by the CDC, Striving to Reduce Youth Violence Everywhere (STRYVE), assists communities in applying a public health perspective to preventing youth violence; and

WHEREAS, in 1985, former United States Surgeon General C. Everett Koop declared violence as a public health issue and called for the application of the science of public health to the treatment and prevention of violence; and

WHEREAS, in 2000, former United States Surgeon General David Satcher declared youth violence as a public health epidemic; and

WHEREAS, Dr. Satcher released a report that deems youth violence as a threat to public health and calls for federal, state, local, and private entities to invest in research on youth violence and for the use of the knowledge gained to inform intervention programs; and

WHEREAS, the report states that the public health approach to youth violence involves identifying risk and protective factors, determining how they work, making the public aware of these findings, and designing programs to prevent or stop the violence; and

WHEREAS, the 2000 public health report calls for national resolve to confront the problem of youth violence systematically; to facilitate entry of youth into effective intervention programs rather than incarceration; to improve public awareness of effective interventions; to convene youth, families, researchers, and public and private organizations for a periodic youth violence summit; to develop new collaborative multidisciplinary partnerships; and to hold periodic, highly visible national summits; and

WHEREAS, an individual's characteristics, experiences, and environmental conditions during childhood and adolescence are an indicator of future violent behavior; and

WHEREAS, ages 15 through 18, the ages that students spend in high school, are the peak years of offending; and

WHEREAS, there is concern about high school dropout rates, academic performance, and violence in schools across this state; and

WHEREAS, according to the Yale School of Medicine Child Study Center, the Comer School Development Program offers low-achieving schools assistance in creating a conducive learning environment while providing a solid foundation for students; and

WHEREAS, the work of the Yale School of Medicine Child Study Center has demonstrated that, "When teachers, administrators, parents, and mature adults interact with students in a supportive school environment and culture and provide adequate instruction in a way that mediates physical, social-interactive, psycho-emotional, moral-ethical, linguistic and cognitive-intellectual development, acceptable academic achievement will take place."; and

WHEREAS, the Comer School Development Program is an operating system comprised of three teams: the School Planning and Management Team, the Student and Staff Support Team, and the Parent Team, which work together to create a comprehensive school plan; and

WHEREAS, the Comer School Development Program model is guided by three principles: decision-making by consensus, no-fault problem solving, and collaboration; and

WHEREAS, due to the violence epidemic, youth suffer from either primary or secondary trauma. Primary trauma is trauma associated with the violent death of a loved one. Secondary trauma results from exposure to violence present within their community; and

WHEREAS, exposure to violence in families and communities, as well as exposure to homicidal death, can lead to youth-specific post-traumatic stress disorder with complex effects as well as homicidal grief; and

WHEREAS, trauma is not easily visible within youth because it requires proper assessment and, due to the amount of violence youth are currently exposed to, measures should be taken to properly assess the issue; and

WHEREAS, the experience of trauma impacts children of all situations and conditions across this state; and

WHEREAS, in August 2007, the CDC deemed schools as providing "a critical opportunity for changing societal behavior because almost the entire population is engaged in this institution for many years, starting at an early and formative period" and "Universal school-based violence prevention programs represent an important means of reducing violent and aggressive behavior in the United States.";

NOW THEREFORE BE IT RESOLVED that the members of the Missouri House of Representatives, Ninety-ninth General Assembly, Second Regular Session, the Senate concurring therein, hereby declare youth violence as a public health epidemic and support the establishment of statewide trauma-informed education; and

BE IT FURTHER RESOLVED that June seventh of each year shall be known and is designated as "Christopher Harris Day" in Missouri to remember children in St. Louis and throughout the state of Missouri lost to violence; and

BE IT FURTHER RESOLVED that this resolution be sent to the Governor for his approval or rejection pursuant to the Missouri Constitution.

In which the concurrence of the Senate is respectfully requested.

#### HOUSE CONCURRENT RESOLUTION NO. 58

WHEREAS, the United States military has five branches that offer Junior Reserve Officer Training Corps (JROTC): the Marine Corps, Army, Navy, Air Force, and Coast Guard; and

WHEREAS, JROTC courses are offered at over three thousand high schools across the United States; and

WHEREAS, participation in the elective JROTC courses does not require students to join the military; and

WHEREAS, JROTC courses are not military-preparation courses but teach life skills that many of today's youth do not learn, such as taking orders, punctuality, responsibility, personal hygiene, physical fitness, and respect; and

WHEREAS, JROTC courses provide leadership skills and opportunity for underprivileged youth across the state, especially in inner cities; and

WHEREAS, students who participate in JROTC receive the opportunity to use firearms correctly and safely as part of firearms training; and

WHEREAS, many students in rural areas have no access to JROTC courses due to an insufficient number of schools offering JROTC courses and the locations of current JROTC programs, and all Missouri high school students deserve the opportunity to enroll in a JROTC course, regardless of the location of their school; and

WHEREAS, students deserve access to JROTC courses because the JROTC program creates better, stronger youth; JROTC courses increase the confidence and self-esteem of participants; graduation rates of students in JROTC courses are exponentially higher than the graduation rates of students not enrolled in a JROTC course in their respective schools; attendance rates of students in JROTC courses are higher than those of students not enrolled in a JROTC course; and the grade point averages of students enrolled in JROTC courses are higher than those of students not enrolled in a JROTC course; and

In which the concurrence of the Senate is respectfully requested.

The warmth of the sun, the budding of trees and greening of the earth give us promise of Spring and the power of Your regeneration. The term “trust protector” includes, but is not limited to, persons or entities identified in the trust instrument as trust advisors, trust directors, distribution advisors, or investment advisors;**

**(31) “Trustee”, includes an original, additional, and successor trustee, and a”; and**

Further amend said bill and page, Section 456.4-414, Line 10, by inserting after all of said section and line the following:

“456.4-420. 1. If a trust instrument containing a no-contest clause is or has become irrevocable, an interested person may file a petition to the court for an interlocutory determination whether a particular motion, petition, or other claim for relief by the interested person would trigger application of the no-contest clause or would otherwise trigger a forfeiture that is enforceable under applicable law and public policy.

2. The petition described in subsection 1 of this section shall be verified under oath. The petition may be filed by an interested person either as a separate judicial proceeding, or brought with other claims for relief in a single judicial proceeding, all in the manner prescribed generally for such proceedings under this chapter. If a petition is joined with other claims for relief, the court shall enter its order or judgment on the petition before proceeding any further with any other claim for relief joined therein. In ruling on such a petition, the court shall consider the text of the clause, the context to the terms of the trust instrument as a whole, and in the context of the verified factual allegations in the petition. No evidence beyond the pleadings and the trust instrument shall be taken except as required to resolve an ambiguity in the no-contest clause.

3. An order or judgment determining a petition described in subsection 1 of this section shall have the effect set forth in subsections 4 and 5 of this section, and shall be subject to appeal as with other final judgments. If the order disposes of fewer than all claims for relief in a judicial proceeding, that order is

subject to interlocutory appeal in accordance with the applicable rules for taking such an appeal. If an interlocutory appeal is taken, the court may stay the pending judicial proceeding until final disposition of said appeal on such terms and conditions as the court deems reasonable and proper under the circumstances. A final ruling on the applicability of a no-contest clause shall not preclude any later filing and adjudication of other claims related to the trust.

4. An order or judgment, in whole or in part, on a petition described in subsection 1 of this section shall result in the no-contest clause being enforceable to the extent of the court's ruling, and shall govern application of the no-contest clause to the extent that the interested person then proceeds forward with the claims described therein. In the event such an interlocutory order or judgment is vacated, reversed, or otherwise modified on appeal, no interested person shall be prejudiced by any reliance, through action, inaction, or otherwise, on the order or judgment prior to final disposition of the appeal.

5. An order or judgment shall have effect only as to the specific trust terms and factual basis recited in the petition. If claims are later filed that are materially different than those upon which the order or judgment is based, then to the extent such new claims are raised, the party in whose favor the order or judgment was entered shall have no protection from enforcement of the no-contest clause otherwise afforded by the order and judgment entered under this section.

6. For purposes of this section, a "no-contest clause" shall mean a provision in a trust instrument purporting to rescind a donative transfer to, or a fiduciary appointment of, any person, or that otherwise effects a forfeiture of some or all of an interested person's beneficial interest in a trust estate as a result of some action taken by the beneficiary. This definition shall not be construed in any way as determining whether a no-contest clause is enforceable under applicable law and public policy in a particular factual situation. As used in this section, the term "no-contest clause" shall also mean an "in terrorem clause".

7. A no-contest clause is not enforceable against an interested person in, but not limited to, the following circumstances:

(1) Filing a motion, petition, or other claim for relief objecting to the jurisdiction or venue of the court over a proceeding concerning a trust, or over any person joined, or attempted to be joined, in such a proceeding;

(2) Filing a motion, petition, or other claim for relief concerning an accounting, report, or notice that has or should have been made by a trustee, provided the interested person otherwise has standing to do so under applicable law, including, but not limited to, section 456.6-603;

(3) Filing a motion, petition, or other claim for relief under chapter 475 concerning the appointment of a guardian or conservator for the settlor;

(4) Filing a motion, petition, or other claim for relief under chapter 404 concerning the settlor;

(5) Disclosure to any person of information concerning a trust instrument or that is relevant to a proceeding before the court concerning the trust instrument or property of the trust estate, unless such disclosure is otherwise prohibited by law;

(6) Filing a motion, pleading, or other claim for relief seeking approval of a nonjudicial settlement agreement concerning a trust instrument, as set forth in section 456.1-111;

**(7) Filing a motion, pleading, or other claim for relief concerning a breach of trust by a trustee**

including, but not limited to, a claim under section 456.10-1001. For purposes of this subdivision, “breach of trust” means a trustee’s violation of the terms of a trust instrument, a violation of the trustee’s general fiduciary obligations, or a trustee’s violation of a duty that equity imposes on a trustee;

**(8) Filing a motion, pleading, or other claim for relief concerning removal of a trustee including, but not limited to, a claim for removal under section 456.7-706; and**

**(9) To the extent a petition under subsection 1 of this section is limited to the procedure and purpose described therein.**

8. In any proceeding brought under this section, the court may award costs, expenses, and attorneys’ fees to any party, as provided in section 456.10-1004.”; and

Further amend said bill, Pages 5-8, Section 456.8-808, Lines 1-116, by deleting all of said lines and inserting in lieu thereof the following:

“456.8-808. 1. While a trust is revocable, the trustee may follow a direction of the settlor that is contrary to the terms of the trust.

2. A trust instrument may provide for [the appointment of a trust protector. For purposes of this section, a “trust protector”, whether referred to in the trust instrument by that name or by some other name, is a person, other than the settlor, a trustee, or a beneficiary, who is expressly granted in the trust instrument one or more powers over the trust] **one or more persons, not then serving as a trustee and not the settlor or a beneficiary, to be given any powers over the trust as expressly granted in the trust instrument. Any such person may be identified and appointed as a trust protector or similar term. Whenever a trust instrument names, appoints, authorizes, or otherwise designates a trust protector, the trust shall be deemed a directed trust.**

3. A trust protector appointed in the trust instrument shall have only the powers granted to the trust protector by the express terms of the trust instrument, and a trust protector is only authorized to act within the scope of the authority expressly granted in the trust instrument. Without limiting the authority of the settlor to grant powers to a trust protector, the express powers that may be granted include, but are not limited to, the following:

(1) Remove and appoint a trustee **or a trust protector** or name a successor trustee or trust protector;

(2) Modify or amend the trust instrument to:

(a) Achieve favorable tax status or respond to changes in the Internal Revenue Code or state law, or the rulings and regulations under such code or law;

(b) Reflect legal changes that affect trust administration;

(c) Correct errors or ambiguities that might otherwise require court construction; or

(d) Correct a drafting error that defeats a grantor’s intent;

(3) Increase, decrease, modify, or restrict the interests of the beneficiary or beneficiaries of the trust;

(4) Terminate the trust in favor of the beneficiary or beneficiaries of the trust;

(5) Change the applicable law governing the trust and the trust situs; or

(6) Such other powers as are expressly granted to the trust protector in the trust instrument.

4. Notwithstanding any provision in the trust instrument to the contrary, a trust protector shall have no power to modify a trust to:

(1) Remove a requirement from a trust created to meet the requirements of 42 U.S.C. Section 1396p(d)(4) to pay back a governmental entity for benefits provided to the permissible beneficiary of the trust at the death of that beneficiary; or

(2) Reduce or eliminate an income interest of the income beneficiary of any of the following types of trusts:

(a) A trust for which a marital deduction has been taken for federal tax purposes under Section 2056 or 2523 of the Internal Revenue Code or for state tax purposes under any comparable provision of applicable state law, during the life of the settlor's spouse;

(b) A charitable remainder trust under Section 664 of the Internal Revenue Code, during the life of the noncharitable beneficiary;

(c) A grantor retained annuity trust under Section 2702 of the Internal Revenue Code, during any period in which the settlor is a beneficiary; or

(d) A trust for which an election as a qualified Sub-Chapter S Trust under Section 1361(d) of the Internal Revenue Code is currently in place.

5. Except to the extent otherwise provided in a trust instrument specifically referring to this subsection, the trust protector shall not exercise a power in a way that would result in a taxable gift for federal gift tax purposes or cause the inclusion of any assets of the trust in the trust protector's gross estate for federal estate tax purposes.

6. Except to the extent otherwise provided in the trust instrument and in subsection 7 of this section, and notwithstanding any provision of sections 456.1-101 to 456.11-1106 to the contrary:

(1) A trust protector shall act in a fiduciary capacity in carrying out the powers granted to the trust protector in the trust instrument, and shall have such duties to the beneficiaries, the settlor, or the trust as set forth in the trust instrument, **provided that the trust instrument may provide that the trust protector shall act in a nonfiduciary capacity.** A trust protector is not a trustee, and is not liable or accountable as a trustee when performing or declining to perform the express powers given to the trust protector in the trust instrument. A trust protector is not liable for the acts or omissions of any fiduciary or beneficiary under the trust instrument;

(2) A trust protector is exonerated from any and all liability for the trust protector's acts or omissions, or arising from any exercise or nonexercise of the powers expressly conferred on the trust protector in the trust instrument, unless it is established by a preponderance of the evidence that the acts or omissions of the trust protector were done or omitted in breach of the trust protector's duty, in bad faith or with reckless indifference;

(3) A trust protector is authorized to exercise the express powers granted in the trust instrument at any time and from time to time after the trust protector acquires knowledge of their appointment as trust

protector and of the powers granted. **The trust protector may take any action, judicial or otherwise, necessary to carry out the duties given to the trust protector in the trust instrument;**

(4) A trust protector is entitled to receive, from the assets of the trust for which the trust protector is acting, reasonable compensation, and reimbursement of the reasonable costs and expenses incurred, in determining whether to carry out, and in carrying out, the express powers given to the trust protector in the trust instrument;

(5) A trust protector is entitled to receive, from the assets of the trust for which the trust protector is acting, reimbursement of the reasonable costs and expenses, including attorney's fees, of defending any claim made against the trust protector arising from the acts or omissions of the trust protector acting in that capacity unless it is established by clear and convincing evidence that the trust protector was acting in bad faith or with reckless indifference; and

(6) The express powers granted in the trust instrument shall not be exercised by the trust protector for the trust protector's own personal benefit.

7. If a trust protector is granted a power in the trust instrument to direct, consent to, or disapprove a trustee's actual or proposed investment decision, distribution decision, or other decision of the trustee required to be performed under applicable trust law in carrying out the duties of the trustee in administering the trust, then only with respect to such power, excluding the powers identified in subsection 3 of this section, the trust protector shall have the same duties and liabilities as if serving as a trustee under the trust instrument **unless the trust instrument expressly provides otherwise. In carrying out any written directions given to the trustee by the trust protector concerning actual or proposed investment decisions, the trustee shall not be subject to the provisions of sections 469.900 to 469.913. For purposes of this subsection, "investment decisions" means, with respect to any investment, decisions to retain, purchase, sell, exchange, tender, or otherwise engage in transactions affecting the ownership of investments or rights therein and, with respect to nonpublicly traded investments, the valuation thereof.**

8. **Any trustee of a directed trust shall not be accountable under the law or equity for any act or omission of a trust protector and shall stand absolved from liability for executing the decisions or instructions from a trust protector or for monitoring the actions or inactions of a trust protector. A trustee shall take reasonable steps to facilitate the activity of a trust protector in a directed trust.** A trustee shall carry out the written directions given to the trustee by a trust protector acting within the scope of the powers expressly granted to the trust protector in the trust instrument. Except [in cases of bad faith or reckless indifference on the part of the trustee, or] as otherwise provided in the trust instrument, the trustee shall not be liable for any loss resulting directly or indirectly from any act taken or omitted as a result of the written direction of the trust protector or the failure of the trust protector to provide consent. Except as otherwise provided in the trust instrument, the trustee shall have no duty to monitor the conduct of the trust protector, provide advice to or consult with the trust protector, or communicate with or warn or apprise any beneficiary concerning instances in which the trustee would or might have exercised the trustee's own discretion in a manner different from the manner directed by the trust protector. **Except as otherwise provided in the trust instrument, any actions taken by the trustee at the trust protector's direction shall be deemed to be administrative actions taken by the trustee solely to allow the trustee to carry out the instructions of the trust protector and shall not be deemed to constitute an act by the trustee to monitor the trust protector or otherwise participate in actions within the scope of the trust**

**protector's authority.**

9. Except to the extent otherwise expressly provided in the trust instrument, the trust protector shall be entitled to receive information regarding the administration of the trust as follows:

(1) Upon the request of the trust protector, unless unreasonable under the circumstances, the trustee shall promptly provide to the trust protector any and all information related to the trust that may relate to the exercise or nonexercise of a power expressly granted to the trust protector in the trust instrument. The trustee has no obligation to provide any information to the trust protector except to the extent a trust protector requests information under this section;

(2) The request of the trust protector for information under this section shall be with respect to a single trust that is sufficiently identified to enable the trustee to locate the records of the trust; and

(3) If the trustee is bound by any confidentiality restrictions with respect to an asset of a trust, a trust protector who requests information under this section about such asset shall agree to be bound by the confidentiality restrictions that bind the trustee before receiving such information from the trustee.

10. A trust protector may resign by giving thirty days' written notice to the trustee and any successor trust protector. A successor trust protector, if any, shall have all the powers expressly granted in the trust instrument to the resigning trust protector unless such powers are expressly modified for the successor trust protector.

11. A trust protector of a trust having its principal place of administration in this state submits personally to the jurisdiction of the courts of this state during any period that the principal place of administration of the trust is located in this state and the trust protector is serving in such capacity. **The trust instrument may also provide that a trust protector is subject to the personal jurisdiction of the courts of this state as a condition of appointment.**"; and

### CONCURRENT RESOLUTIONS

Senator Emery offered the following concurrent resolution:

#### SENATE CONCURRENT RESOLUTION NO. 54

Whereas, parody marriage is any form of marriage that does not involve one man and one woman; and

Whereas, sexual orientation is a self-asserted sex-based identity narrative that is based on a series of naked assertions and unproven faith-based assumptions that are implicitly religious; and

Whereas, nonsecular policy is state action that endorses, respects, and recognizes the beliefs of a particular religion and where the preeminent and primary force driving the state's action is not genuine, but is a sham that ultimately has a primary religious objective; and

Whereas, parody marriages and parody marriage policies are nonsecular for the purposes of the Establishment Clause of the United States Constitution; and

Whereas, secular policy is state action that is natural, neutral, noncontroversial, and based on self-evident truth, and where the preeminent and primary force driving the policy is genuine, not a sham, and not merely secondary to a religious objective; and

Whereas, marriages between a man and a woman and policies that endorse marriage between a man a woman are secular in nature for purposes of the Establishment Clause of the United States Constitution; and

Whereas, civilizations for millennia have defined marriage as a union between a man and a woman; and

Whereas, marriage between a man and a woman arose out of the nature of things and marriage between a man and a woman is natural, neutral and noncontroversial, unlike parody forms of marriage; and

Whereas, the state of Missouri has a duty under Article VI of the United States Constitution to uphold the United States Constitution; and

Whereas, the First Amendment applies to the state of Missouri through the Fourteenth Amendment; and

Whereas, the First Amendment, not the Fourteenth Amendment, has exclusive jurisdiction over which types of marriages the state can endorse, respect, and recognize; and

Whereas, all forms of parody marriage and self-asserted sex-based identity narratives and sexual orientations that fail to check out the human design are part of the religion of Secular Humanism; and

Whereas, the United States Supreme Court has found that Secular Humanism is a religion for the purpose of the Establishment Clause in *Torcaso v. Watkins*, 367 U.S. 488 (1961), and *Edwards v. Aguillard*, 482 U.S. 578 (1987); and

Whereas, the state of Missouri is prohibited from favoring or endorsing religion over nonreligion; and

Whereas, the state of Missouri's decision to respect, endorse, and recognize parody marriages and sexual orientation policies has excessively entangled the government with the religion of Secular Humanism, failed to accomplish its intended purpose, and created an indefensible legal weapon against nonobservers; and

Whereas, in the wake of *Obergefell v. Hodges*, 135 S.Ct. 2584 (2015), there has not been a land rush on gay marriage, but there has been a land rush on the persecution of nonobservers by Secular Humanists and an effort by Secular Humanists to infiltrate and indoctrinate minors in public schools to their religious world view, which is questionably moral, plausible, and obscene, and is not secular; and

Whereas, it is unsettled whether or not sexual orientation is immutable or genetic and is therefore a matter of faith; and

Whereas, parody marriages have never been a part of American tradition and heritage; and

Whereas, all forms of parody marriage erode community standards of decency and Missouri has a compelling interest to uphold community standards of decency under the Missouri Constitution; and

Whereas, parody marriage policies and sexual orientation statutes are nonsecular and policies that respect, endorse, and recognize a marriage between a man and a woman are secular; and

Whereas, in view of the First Amendment's Freedom of Expression Clause of the United States Constitution and the Missouri Constitution:

(1) Any person living in Missouri can cultivate any self-asserted sex-based identity narrative or self-asserted sexual orientation at will, even if it does not check out with the human design as a matter of self-evident observation; and

(2) Any person can conduct any form of marriage ceremony and other rituals that accords with their self-asserted sexual orientation and live as married persons do, as long as the ceremonies do not conflict with other parts of Missouri and federal law:

Now, Therefore, Be It Resolved by the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby urge the State of Missouri to no longer respect, endorse, or recognize any form of parody marriage policies because parody marriages are nonsecular; and

Be It Further Resolved that the members of the Missouri General Assembly urge the State of Missouri to no longer enforce, recognize, or respect any policy that treats sexual orientation as a suspect class, because all such statutes lack a secular purpose; and

Be It Further Resolved that the members of the Missouri General Assembly urge the State of Missouri to enforce, endorse, and recognize marriages as between one man and one woman, because such marriage policies are secular, and accomplish nonreligious objectives; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for the Governor, the Attorney General, and each member of the Missouri Supreme Court.

“476.521. 1. Notwithstanding any provision of chapter 476 to the contrary, each person who first becomes a judge on or after January 1, 2011, and continues to be a judge may receive benefits as provided in sections [476.445] **476.450** to [476.688] **476.690** subject to the provisions of this section. **However, any person who filed as a candidate in 2010 to become a judge, was ultimately elected and became a judge in 2011 as a result of such election, was eligible in 2010 to receive a future annuity under section 104.1084, and is a judge on the effective date of this section, shall not be subject to the provisions of this section.**

2. Any person who is at least sixty-seven years of age, has served in this state an aggregate of at least twelve years, continuously or otherwise, as a judge, and ceases to hold office by reason of the expiration of the judge's term, voluntary resignation, or retirement pursuant to the provisions of Subsection 2 of Section 24 of Article V of the Constitution of Missouri may receive benefits as provided in sections 476.515 to 476.565. The twelve-year requirement of this subsection may be fulfilled by service as judge in any of the courts covered, or by service in any combination as judge of such courts, totaling an aggregate of twelve years. Any judge who is at least sixty-seven years of age and who has served less than twelve years and is otherwise qualified under sections 476.515 to 476.565 may retire after reaching age sixty-seven, or thereafter, at a reduced retirement compensation in a sum equal to the proportion of the retirement compensation provided in section 476.530 that his or her period of judicial service bears to twelve years.

3. Any person who is at least sixty-two years of age or older, has served in this state an aggregate of at least twenty years, continuously or otherwise, as a judge, and ceases to hold office by reason of the expiration of the judge's term, voluntary resignation, or retirement pursuant to the provisions of Subsection 2 of Section 24 of Article V of the Constitution of Missouri may receive benefits as provided in sections 476.515 to 476.565. The twenty-year requirement of this subsection may be fulfilled by service as a judge in any of the courts covered, or by service in any combination as judge of such courts, totaling an aggregate of twenty years. Any judge who is at least sixty-two years of age and who has served less than twenty years and is otherwise qualified under sections 476.515 to 476.565 may retire after reaching age sixty-two, at a reduced retirement compensation in a sum equal to the proportion of the retirement compensation provided in section 476.530 that his or her period of judicial service bears to twenty years.

4. All judges under this section required by the provisions of Section 26 of Article V of the Constitution of Missouri to retire at the age of seventy years shall retire upon reaching that age.

5. The provisions of sections 104.344, 476.524, and 476.690 shall not apply to judges covered by this section.

6. A judge shall be required to contribute four percent of the judge's compensation to the retirement system, which shall stand to the judge's credit in his or her individual account with the system, together with investment credits thereon, for purposes of funding retirement benefits payable as provided in sections 476.515 to 476.565, subject to the following provisions:

(1) The state of Missouri employer, pursuant to the provisions of 26 U.S.C. Section 414(h)(2), shall pick up and pay the contributions that would otherwise be payable by the judge under this section. The contributions so picked up shall be treated as employer contributions for purposes of determining the judge's compensation that is includable in the judge's gross income for federal income tax purposes;

(2) Judge contributions picked up by the employer shall be paid from the same source of funds used for the payment of compensation to a judge. A deduction shall be made from each judge's compensation equal to the amount of the judge's contributions picked up by the employer. This deduction, however, shall not reduce the judge's compensation for purposes of computing benefits under the retirement system pursuant to this chapter;

(3) Judge contributions so picked up shall be credited to a separate account within the judge's individual account so that the amounts contributed pursuant to this section may be distinguished from the amounts contributed on an after-tax basis;

(4) The contributions, although designated as employee contributions, are being paid by the employer in lieu of the contributions by the judge. The judge shall not have the option of choosing to receive the contributed amounts directly instead of having them paid by the employer to the retirement system;

(5) Interest shall be credited annually on June thirtieth based on the value in the account as of July first of the immediately preceding year at a rate of four percent. Interest credits shall cease upon retirement of the judge;

(6) A judge whose employment is terminated may request a refund of his or her contributions and interest credited thereon. If such judge is married at the time of such request, such request shall not be processed without consent from the spouse. A judge is not eligible to request a refund if the judge's retirement benefit is subject to a division of benefit order pursuant to section 104.312. Such refund shall be paid by the system after ninety days from the date of termination of employment or the request, whichever is later and shall include all contributions made to any retirement plan administered by the system and interest credited thereon. A judge may not request a refund after such judge becomes eligible for retirement benefits under sections 476.515 to 476.565. A judge who receives a refund shall forfeit all the judge's service and future rights to receive benefits from the system and shall not be eligible to receive any long-term disability benefits; provided that any judge or former judge receiving long-term disability benefits shall not be eligible for a refund. If such judge subsequently becomes a judge and works continuously for at least one year, the service previously forfeited shall be restored if the judge returns to the system the amount previously refunded plus interest at a rate established by the board;

(7) The beneficiary of any judge who made contributions shall receive a refund upon the judge's death equal to the amount, if any, of such contributions less any retirement benefits received by the judge unless an annuity is payable to a survivor or beneficiary as a result of the judge's death. In that event, the beneficiary of the survivor or beneficiary who received the annuity shall receive a refund upon the survivor's or beneficiary's death equal to the amount, if any, of the judge's contributions less any annuity amounts received by the judge and the survivor or beneficiary.

7. The employee contribution rate, the benefits provided under sections 476.515 to 476.565 to judges covered under this section, and any other provision of sections 476.515 to 476.565 with regard to judges covered under this section may be altered, amended, increased, decreased, or repealed, but only with respect to services rendered by the judge after the effective date of such alteration, amendment, increase, decrease, or repeal, or, with respect to interest credits, for periods of time after the effective date of such alteration, amendment, increase, decrease, or repeal.

8. Any judge who is receiving retirement compensation under section 476.529 or 476.530 who becomes employed as an employee eligible to participate in the closed plan or in the year 2000 plan under chapter 104, shall not receive such retirement compensation for any calendar month in which the retired judge is so employed. Any judge who is receiving retirement compensation under section 476.529 or section 476.530 who subsequently serves as a judge as defined pursuant to subdivision (4) of subsection 1 of section 476.515 shall not receive such retirement compensation for any calendar month in which the retired judge is serving as a judge; except that upon retirement such judge's annuity shall be recalculated to include any additional service or salary accrued based on the judge's subsequent service. A judge who is receiving compensation under section 476.529 or 476.530 may continue to receive such retirement compensation while serving as a senior judge or senior commissioner and shall receive additional credit and salary for such service pursuant to section 476.682.”; and

The curriculum shall include, at a minimum, education in the areas of duties and responsibilities of board members as trustees, ethics, governance process and procedures, pension plan design and administration of benefits, investments including but not limited to the fiduciary duties as defined under section 105.688, legal liability and risks associated with the administration of a plan, sunshine law requirements under chapter 610, actuarial principles and methods related to plan administration, and the role of staff and consultants in plan administration. Board members appointed or elected on a board on or after January 1, 2008, shall complete a board member education program **of at least six hours** designated to orient new board members in the areas described in this section within ninety days of becoming a new board member. 4. A board member who is knowingly not participating in the required education programs under this section may be removed from such board by a majority of the board members which shall result in a vacancy to be filled in accordance with plan provisions except that ex officio board members shall not be removed under this subsection.

5. Each plan shall, upon the request of any individual participant, provide an annual pension benefit

statement which shall be written in a manner calculated to be understood by the average plan participant and may be delivered in written, electronic, or other appropriate form to the extent such form is reasonably accessible to each participant or beneficiary. Such pension benefit statement shall include, but not be limited to, accrued participant contributions to the plan, total benefits accrued, date first eligible for a normal retirement benefit, and projected benefit at normal retirement. ## SECOND REGULAR SESSION

---

**FIFTY-EIGHTH DAY—TUESDAY, APRIL 24, 2018**

---

The Senate met pursuant to adjournment.

President Parson in the Chair.

Reverend Carl Gauck offered the following prayer:

“A word fitly spoken is like gold.” (Proverbs 25:11)

Almighty God, we are so mindful how people listen to what we say and pay attention to what we do; some will rejoice others will criticize and disagree. Help us to prepare well for what we will say and write and especially what we will do. Help us be extra careful what we say for there is power in our words and they can do good as well as harm. So we ask that You bless us with what we must study and the discipline we need to convey what we hope to accomplish here. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) (a) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall

be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district's levy rate for ad valorem tax on real property, any additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district's levy rate shall not be considered payments in lieu of taxes subject to deposit into a special allocation fund without the consent of such taxing district. Revenues will be considered directly attributable to the newly voter-approved incremental increase to the extent that they are generated from the difference between the taxing district's actual levy rate currently imposed and the maximum voter-approved levy rate at the time that the redevelopment project was adopted. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031 until such time as all redevelopment costs have been paid as provided for in this section and section 99.850.

(b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to Article VI, Section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes.

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor's book and verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to Article VI, Section 26(b) of the Missouri Constitution;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of Article III, Section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of Section 6 of Article X of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the

redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, taxes levied for the purpose of public transportation pursuant to section 94.660, taxes imposed on sales pursuant to subsection 2 of section 67.1712 for the purpose of operating and maintaining a metropolitan park and recreation district, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement or levied by such county under section 238.410 for the purpose of the county transit authority operating transportation facilities, or for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 28, 2013, taxes imposed on sales under and pursuant to section 67.700 or 650.399 for the purpose of emergency communication systems, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district's sales tax or use tax, other than the renewal of an expiring sales or use tax, any additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district's levy rate shall not be considered economic activity taxes subject to deposit into a special allocation fund without the consent of such taxing district.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation

by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. In no event shall the incremental increase include any amounts attributable to retail sales unless the municipality or authority has proven to the Missouri development finance board and the department of economic development and such entities have made a finding that the sales tax increment attributable to retail sales is from new sources which did not exist in the state during the baseline year. The incremental increase in the general revenue portion of state sales tax revenues for an existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

(2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221 at the business located within the project as identified by the municipality. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to the following:

(1) Blighted areas located in enterprise zones, pursuant to sections 135.200 to 135.256, blighted areas located in federal empowerment zones, or to blighted areas located in central business districts or urban core areas of cities which districts or urban core areas at the time of approval of the project by ordinance, provided that the enterprise zones, federal empowerment zones or blighted areas contained one or more buildings at least fifty years old; and

(a) Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; or

(b) Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand;

(2) Blighted areas consisting solely of the site of a former automobile manufacturing plant located in any county with a charter form of government and with more than nine hundred fifty thousand inhabitants. For the purposes of this section, "former automobile manufacturing plant" means a redevelopment area containing a minimum of one hundred acres, and such redevelopment area was previously used primarily for the manufacture of automobiles but ceased such manufacturing after the 2007 calendar year; or

(3) Blighted areas consisting solely of the site of a former insurance company national service center containing a minimum of one hundred acres located in any county with a charter form of government and with more than nine hundred fifty thousand inhabitants.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsection 4 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the new state revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

(2) The methodologies used in the application for determining the base year and determining the estimate of the incremental increase in the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area shall be approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund **for redevelopment projects approved prior to August 28, 2018**, exceed thirty-two million dollars; provided, however, that such thirty-two million dollar cap shall not apply to redevelopment plans or projects initially listed by name in the applicable appropriations bill after August 28, 2015, which involve [either]:

(a) A former automobile manufacturing plant; [or]

(b) The retention of a federal employer employing over two thousand geospatial intelligence jobs; **or**

**(c) A health information technology employer employing over seven thousand employees in the state of Missouri and which is estimated to create in excess of fifteen thousand new jobs with an average annual wage of more than seventy-five thousand dollars.**

At no time shall the annual amount of the new state revenues for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans and projects eligible under the provisions of paragraph (a) of this subdivision exceed four million dollars in the aggregate. At no time shall the annual amount of the new state revenues for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans and projects eligible under the provisions of paragraph (b) of this subdivision exceed twelve million dollars in the aggregate. To the extent a redevelopment plan or project independently meets the eligibility criteria set forth in both paragraphs (a) and (b) of this subdivision, then at no such time shall the annual amount of new state revenues for disbursements from the Missouri supplemental tax increment financing fund for such eligible redevelopment plan or project exceed twelve million dollars in the aggregate;

**(4) At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans or projects approved on or after August 28, 2018, and before August 28, 2028, be increased by or exceed ten million dollars. Any individual redevelopment plan or project approved prior to August 28, 2018, which is expanded with buildings of new construction shall not be increased by more than three million dollars annually in excess of the original previously approved maximum annual projected amount. At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans or projects approved on or after August 28, 2028, exceed twenty million dollars; provided, however, that such ceilings shall not apply to redevelopment plans or projects exempted from such ceilings under subdivision (3) of this subsection. For all redevelopment plans or projects initially approved on or after August 28, 2018, at no time shall a single redevelopment plan or project within such redevelopment plan receive an appropriation under this section that exceeds three million dollars annually;**

**(5) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.**

11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee begins after December 23, 1997, and which is contained within a county of the first classification without a charter form of government with a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsection 4 of this section if and only if the conditions of subsection 10 of this section are met. The fund

shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. Moneys in the Missouri supplemental tax increment financing fund shall be disbursed per project pursuant to state appropriations.

13. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the Missouri supplemental tax increment financing fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from new state revenues deposited into the Missouri supplemental tax increment financing fund created under this section.

14. For redevelopment plans or projects approved by ordinance that result in net new jobs from the relocation of a national headquarters from another state to the area of the redevelopment project, the economic activity taxes and new state tax revenues shall not be based on a calculation of the incremental increase in taxes as compared to the base year or prior calendar year for such redevelopment project, rather the incremental increase shall be the amount of total taxes generated from the net new jobs brought in by the national headquarters from another state. In no event shall this subsection be construed to allow a redevelopment project to receive an appropriation in excess of up to fifty percent of the new state revenues.

15. Notwithstanding any other provision of the law to the contrary, the adoption of any tax increment financing authorized under sections 99.800 to 99.865 shall not supersede, alter, or reduce in any way a property tax levied under section 205.971.”; and

SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Committee Substitute for House Bill No. 1442, Page 28, Section 65.620, Line 13 of said page, by inserting after all of said line the following:

“67.398. 1. The governing body of any city or village, or any county having a charter form of government, or any county of the first classification that contains part of a city with a population of at least three hundred thousand inhabitants, may enact ordinances to provide for the abatement of a condition of any lot or land that has the presence of a nuisance including, but not limited to, debris of any kind, weed cuttings, cut, fallen, or hazardous trees and shrubs, overgrown vegetation and noxious weeds which are seven inches or more in height, rubbish and trash, lumber not piled or stacked twelve inches off the ground,

rocks or bricks, tin, steel, parts of derelict cars or trucks, broken furniture, any flammable material which may endanger public safety or any material or condition which is unhealthy or unsafe and declared to be a public nuisance.

2. The governing body of any home rule city with more than four hundred thousand inhabitants and located in more than one county may enact ordinances for the abatement of a condition of any lot or land that has vacant buildings or structures open to entry.

3. Any ordinance authorized by this section shall provide for service to the owner of the property [and, if the property is not owner-occupied, to any occupant of the property] of a written notice specifically describing each condition of the lot or land declared to be a public nuisance, and which notice shall identify what action will remedy the public nuisance. Unless a condition presents an immediate, specifically identified risk to the public health or safety, the notice shall provide a reasonable time, not less than ten days, in which to abate or commence removal of each condition identified in the notice. Written notice may be given by personal service or by first-class mail to [both the occupant of the property at the property address and] the owner at the last known address of the owner[, if not the same]. Upon a failure of the owner to pursue the removal or abatement of such nuisance without unnecessary delay, the building commissioner or designated officer may cause the condition which constitutes the nuisance to be removed or abated. If the building commissioner or designated officer causes such condition to be removed or abated, the cost of such removal or abatement and the proof of notice to the owner of the property shall be certified to the city clerk or officer in charge of finance who shall cause the certified cost to be included in a special tax bill or added to the annual real estate tax bill, at the collecting official's option, for the property and the certified cost shall be collected by the city collector or other official collecting taxes in the same manner and procedure for collecting real estate taxes. If the certified cost is not paid, the tax bill shall be considered delinquent, and the collection of the delinquent bill shall be governed by the laws governing delinquent and back taxes. The tax bill from the date of its issuance shall be deemed a personal debt against the owner and shall also be a lien on the property from the date the tax bill is delinquent until paid.

67.410. 1. Except as provided in subsection 3 of this section, any ordinance enacted pursuant to section 67.400 shall:

(1) Set forth those conditions detrimental to the health, safety or welfare of the residents of the city, town, village, or county the existence of which constitutes a nuisance;

(2) Provide for duties of inspectors with regard to such buildings or structures and shall provide for duties of the building commissioner or designated officer or officers to supervise all inspectors and to hold hearings regarding such buildings or structures;

(3) Provide for service of adequate notice of the declaration of nuisance, which notice shall specify that the property is to be vacated, if such be the case, reconditioned or removed, listing a reasonable time for commencement; and may provide that such notice be served either by personal service [or], by certified mail, return receipt requested, **or by a private delivery service, which is substantially equivalent to certified mail**, but if service cannot be had by either of these modes of service, then service may be had by publication. The ordinances shall further provide that the owner, occupant, lessee, mortgagee, agent, and all other persons having an interest in the building or structure as shown by the land records of the recorder of deeds of the county wherein the land is located shall be made parties;

(4) Provide that upon failure to commence work of reconditioning or demolition within the time specified or upon failure to proceed continuously with the work without unnecessary delay, the building

commissioner or designated officer or officers shall call and have a full and adequate hearing upon the matter, giving the affected parties at least ten days' written notice of the hearing. Any party may be represented by counsel, and all parties shall have an opportunity to be heard. After the hearings, if the evidence supports a finding that the building or structure is a nuisance or detrimental to the health, safety, or welfare of the residents of the city, town, village, or county, the building commissioner or designated officer or officers shall issue an order making specific findings of fact, based upon competent and substantial evidence, which shows the building or structure to be a nuisance and detrimental to the health, safety, or welfare of the residents of the city, town, village, or county and ordering the building or structure to be demolished and removed, or repaired. If the evidence does not support a finding that the building or structure is a nuisance or detrimental to the health, safety, or welfare of the residents of the city, town, village, or county, no order shall be issued;

(5) Provide that if the building commissioner or other designated officer or officers issue an order whereby the building or structure is demolished, secured, or repaired, or the property is cleaned up, the cost of performance shall be certified to the city clerk or officer in charge of finance, who shall cause a special tax bill or assessment therefor against the property to be prepared and collected by the city collector or other official collecting taxes, unless the building or structure is demolished, secured or repaired by a contractor pursuant to an order issued by the city, town, village, or county and such contractor files a mechanic's lien against the property where the dangerous building is located. The contractor may enforce this lien as provided in sections 429.010 to 429.360. Except as provided in subsection 3 of this section, at the request of the taxpayer the tax bill may be paid in installments over a period of not more than ten years. The tax bill from date of its issuance shall be deemed a personal debt against the property owner and shall also be a lien on the property until paid. A city not within a county or a city with a population of at least four hundred thousand located in more than one county, notwithstanding any charter provision to the contrary, may, by ordinance, provide that upon determination by the city that a public benefit will be gained the city may discharge the special tax bill, including the costs of tax collection, accrued interest and attorneys fees, if any.

2. If there are proceeds of any insurance policy based upon a covered claim payment made for damage or loss to a building or other structure caused by or arising out of any fire, explosion, or other casualty loss, the ordinance may establish a procedure for the payment of up to twenty-five percent of the insurance proceeds, as set forth in this subsection. The order or ordinance shall apply only to a covered claim payment which is in excess of fifty percent of the face value of the policy covering a building or other structure:

(1) The insurer shall withhold from the covered claim payment up to twenty-five percent of the covered claim payment, and shall pay such moneys to the city to deposit into an interest-bearing account. Any named mortgagee on the insurance policy shall maintain priority over any obligation under the order or ordinance;

(2) The city or county shall release the proceeds and any interest which has accrued on such proceeds received under subdivision (1) of this subsection to the insured or as the terms of the policy and endorsements thereto provide within thirty days after receipt of such insurance moneys, unless the city or county has instituted legal proceedings under the provisions of subdivision (5) of subsection 1 of this section. If the city or county has proceeded under the provisions of subdivision (5) of subsection 1 of this section, all moneys in excess of that necessary to comply with the provisions of subdivision (5) of subsection 1 of this section for the removal, securing, repair and cleanup of the building or structure, and the lot on which it is located, less salvage value, shall be paid to the insured;

(3) If there are no proceeds of any insurance policy as set forth in this subsection, at the request of the taxpayer, the tax bill may be paid in installments over a period of not more than ten years. The tax bill from date of its issuance shall be a lien on the property until paid;

(4) This subsection shall apply to fire, explosion, or other casualty loss claims arising on all buildings and structures;

(5) This subsection does not make the city or county a party to any insurance contract, and the insurer is not liable to any party for any amount in excess of the proceeds otherwise payable under its insurance policy.

3. The governing body of any city not within a county and the governing body of any city with a population of three hundred fifty thousand or more inhabitants which is located in more than one county may enact their own ordinances pursuant to section 67.400 and are exempt from subsections 1 and 2 of this section.

4. Notwithstanding the provisions of section 82.300, any city may prescribe and enforce and collect fines and penalties for a breach of any ordinance enacted pursuant to section 67.400 or this section and to punish the violation of such ordinance by a fine or imprisonment, or by both fine and imprisonment. Such fine may not exceed one thousand dollars, unless the owner of the property is not also a resident of the property, then such fine may not exceed two thousand dollars.

5. The ordinance may also provide that a city not within a county or a city with a population of at least three hundred fifty thousand located in more than one county may seek to recover the cost of demolition prior to the occurrence of demolition, as described in this subsection. The ordinance may provide that if the building commissioner or other designated officer or officers issue an order whereby the building or structure is ordered to be demolished, secured or repaired, and the owner has been given an opportunity for a hearing to contest such order, then the building commissioner or other designated officer or officers may solicit no less than two independent bids for such demolition work. The amount of the lowest bid, including offset for salvage value, if any, plus reasonable anticipated costs of collection, including attorney's fees, shall be certified to the city clerk or officer in charge of finance, who shall cause a special tax bill to be issued against the property owner to be prepared and collected by the city collector or other official collecting taxes. The municipal clerk or other officer in charge of finance shall discharge the special tax bill upon documentation by the property owner of the completion of the ordered repair or demolition work. Upon determination by the municipal clerk or other officer in charge of finance that a public benefit is secured prior to payment of the special tax bill, the municipal clerk or other officer in charge of finance may discharge the special tax bill upon the transfer of the property. The payment of the special tax bill shall be held in an interest-bearing account. Upon full payment of the special tax bill, the building commissioner or other designated officer or officers shall, within one hundred twenty days thereafter, cause the ordered work to be completed, and certify the actual cost thereof, including the cost of tax bill collection and attorney's fees, to the city clerk or other officer in charge of finance who shall, if the actual cost differs from the paid amount by greater than two percent of the paid amount, refund the excess payment, if any, to the payor, or if the actual amount is greater, cause a special tax bill or assessment for the difference against the property to be prepared and collected by the city collector or other official collecting taxes. If the building commissioner or other designated officer or officers shall not, within one hundred twenty days after full payment, cause the ordered work to be completed, then the full amount of the payment, plus interest, shall be repaid to the payor. Except as provided in subsection 2 of this section, at the request of the taxpayer the

tax bill for the difference may be paid in installments over a period of not more than ten years. The tax bill for the difference from the date of its issuance shall be deemed a personal debt against the property owner and shall also be a lien on the property until paid.”; and

Further amend the title and enacting clause accordingly.

“137.225. 1. In all counties, except the city of St. Louis, the assessor shall be provided with two books, one to be called the “real estate book”, and the other to be called the “personal assessment book”.

2. The real estate book shall contain all lands subject to assessment. It shall be in tabular form, with suitable captions and separate columns. The first column shall contain the name of the owner, if known; if not, the name of the party who paid the last tax; if no tax has ever been paid, then the name of the original patentee, grantee or purchaser from the federal government, the state or county, as the case may be, opposite thereto; the second column shall contain the residence of the owner **or, upon written consent of the owner filed with the assessor, an alternate address for the purpose of mailing ad valorem property tax statements to someone other than an owner, family trust, or mortgage holder receiving escrow payments**; the third column shall contain an accurate description of the land by the smallest legal subdivisions, or by smaller parts, lots or parcels, when sections and the subdivisions thereof are subdivided into parts, lots or parcels; the fourth column shall contain the actual cash valuation. When any person shall be the owner or original purchaser of a section, quarter section or half quarter section, block, half block or quarter block, the same shall be assessed as one tract. The assessor shall arrange, collect and list all lands owned by one person in the county, under his name and on the same page, if there be room to contain it, and if not on the next and following leaf, with proper indications of such continuance, whether they be lots and blocks in a city, or sections or parts of sections in the country, the lowest numbered range, township and section, block, lot or survey always being placed first in such list, and so on in numerical order until said list for each property owner is completed. The assessor shall consolidate all lands owned by one person in a square or block into one tract, lot or call, and for any violation of this section, in unnecessarily dividing the same into more tracts than one or more lots than one, the county commission shall deduct from his account for making the county assessment, ten cents for each lot or tract not so consolidated. At the close of each owners list, the assessor shall place all the lands that appear to belong to the owner, which cannot be properly described by numerical order, as contemplated in this section, which shall be otherwise properly described, indicating the quantity and location thereof.

3. The personal assessment book shall contain a list of the names of all persons liable to assessment, alphabetically arranged with proper priority of vowels. The assessor shall set opposite their names the tangible personal property respectively owned by them. It shall be in tabular form, with suitable captions and proper columns; the first column shall contain the names of the persons assessed; the second column shall contain the residence, if in the city, the ward, addition and block, or, if outside an incorporated city or town, the township in the county; the third column shall contain the occupation of the party assessed; the fourth column shall contain each kind of property assessed; the fifth column shall contain the assessed value thereof; the sixth column shall contain the amount chargeable to each person, and there may be such other columns as are useful and convenient in practice.

SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1500, Page 1, In the Title, Lines 5-6, by striking “board of cosmetology and barber examiners” and

inserting in lieu thereof the following: “reduction in regulation of certain occupations”; and

Further amend said bill and page, section A, line 6 of said page, by inserting immediately after said line the following:

**“324.047. 1. The purpose of this section is to promote general welfare by establishing guidelines for the regulation of occupations and professions not regulated prior to January 1, 2019, and guidelines for combining any additional occupations or professions under a single license regulated by the state prior to January 1, 2019.**

**2. For purposes of this section, the following terms mean:**

**(1) “Applicant group”, any occupational or professional group or organization, any individual, or any other interested party that seeks to be licensed or further regulated or supports any bill that proposes to combine any additional occupations or professions under a single license regulated by the state prior to January 1, 2019;**

**(2) “Certification”, a program in which the government grants nontransferable recognition to an individual who meets personal qualifications established by a regulatory entity. Upon approval, the individual may use “certified” as a designated title. This term shall not be synonymous with an occupational license;**

**(3) “Department”, the department of insurance, financial institutions and professional registration;**

**(4) “Director”, the director of the division of professional registration;**

**(5) “Division”, the division of professional registration;**

**(6) “General welfare”, the concern of the government for the health, peace, morality, and safety of its residents;**

**(7) “Lawful occupation”, a course of conduct, pursuit, or profession that includes the sale of goods or services that are not themselves illegal to sell irrespective of whether the individual selling them is subject to an occupational regulation;**

**(8) “Least restrictive type of occupational regulation”, the regulation that is least restrictive, in which the following list of regulations in order from least to most restrictive is used to make such determination:**

**(a) Bonding or insurance;**

**(b) Registration;**

**(c) Certification;**

**(d) Occupational license;**

**(9) “Occupational license”, a nontransferable authorization in law for an individual to perform a lawful occupation for compensation based on meeting personal qualifications established by a regulatory entity and that, if not possessed, prohibits the individual from performing the occupation for compensation;**

**(10) “Occupational regulation”, a statute, ordinance, rule, practice, policy, or other law requiring an individual to possess certain personal qualifications to work in a lawful occupation;**

(11) “Personal qualifications”, criteria related to an individual’s personal background, including completion of an approved educational program, satisfactory performance on an examination, work experience, criminal history, and completion of continuing education;

(12) “Practitioner”, an individual who has achieved knowledge and skill by practice and is actively engaged in a specified occupation or profession;

(13) “Registration”, a requirement established by the general assembly in which an individual:

(a) Submits notification to a state agency; and

(b) May use “registered” as a designated title.

Notification may include the individual’s name and address, the individual’s agent for service of process, the location of the activity to be performed, and a description of the service the individual provides. Registration may include a requirement to post a bond but does not include education or experience requirements. If the requirement of registration is not met, the individual is prohibited from performing the occupation for compensation or using “registered” as a designated title. The term “registration” shall not be synonymous with an occupational license;

(14) “Regulatory entity”, any board, commission, agency, division, or other unit or subunit of state government that regulates one or more professions, occupations, industries, businesses, or other endeavors in this state;

(15) “State agency”, every state office, department, board, commission, regulatory entity, and agency of the state. The term “state agency” includes, if provided by law, programs and activities involving less than the full responsibility of a state agency;

(16) “Substantial burden”, a requirement in an occupational regulation that imposes significant difficulty or cost on an individual seeking to enter into or continue in a lawful occupation and is more than an incidental burden.

3. All individuals may engage in the occupation of their choice, free from unreasonable government regulation. The state shall not impose a substantial burden on an individual’s pursuit of his or her occupation or profession unless there is a reasonable interest for the state to protect the general welfare. If such an interest exists, the regulation adopted by the state shall be the least restrictive type of occupational regulation consistent with the public interest to be protected.

4. All bills introduced in the general assembly to regulate, pursuant to subsection 6 of this section, an occupation or profession shall be reviewed according to the following criteria. An occupation or profession shall be regulated by the state if:

(1) Unregulated practice could cause harm and endanger the general welfare, and the potential for further harm and endangerment is recognizable;

(2) The public can reasonably be expected to benefit from an assurance of personal qualifications; and

(3) The general welfare cannot be sufficiently protected by other means.

5. After evaluating the criteria in subdivision (3) of this subsection and considering governmental, economic, and societal costs and benefits, if the general assembly finds that the state has a reasonable interest in regulating, pursuant to subsection 6 of this section, an occupation or profession not previously

regulated by law, the most efficient form of regulation shall be implemented, consistent with this section and with the need to protect the general welfare, as follows:

(1) If the threat to the general welfare resulting from the practitioner's services is easily predictable, the regulation shall implement a system of insurance, bonding, or registration;

(2) If the consumer has challenges accessing credentialing information or possesses significantly less information on how to report abuses such that the practitioner puts the consumer in a disadvantageous position relative to the practitioner to judge the quality of the practitioner's services, the regulation shall implement a system of certification; and

(3) If other regulatory structures, such as bonding, insurance, registration, and certification, insufficiently protect the general welfare from recognizable harm, the regulation shall implement a system of licensing.

6. After January 1, 2019, any relevant regulatory entity shall report, and the department shall make available to the general assembly, upon the filing of a bill that proposes additional regulation of a profession or occupation currently regulated by the regulatory entity, the following factors to the department:

(1) A description of the professional or occupational group proposed for expansion of regulation, including the number of individuals or business entities that would be subject to regulation to the extent that such information is available; the names and addresses of associations, organizations, and other groups representing the practitioners; and an estimate of the number of practitioners in each group;

(2) Whether practice of the profession or occupation proposed for expansion of regulation requires such a specialized skill that the public is not qualified to select a competent practitioner without assurances that minimum qualifications have been met;

(3) The nature and extent of potential harm to the public if the profession or occupation is not regulated as described in the bill, the extent to which there is a threat to the general welfare, and production of evidence of potential harm, including a description of any complaints filed with state law enforcement authorities, courts, departmental agencies, professional or occupational boards, and professional and occupational associations that have been lodged against practitioners of the profession or occupation in this state within the past five years. Heavenly Father, we acknowledge that whatever we do in our own strength will fail, but You, in Your mercies, have surrounded us with others to assist in our struggles. I confess, Oh God, that I am nothing, I have nothing, I can do nothing apart from the Lord Jesus Christ. But, if we are willing to acknowledge our need for You, You will guide us so that our hearts and minds work together in unity to accomplish what must be done. For that we give You thanks and praise. In Your Holy Name we pray. Amen.

Farewell Address

April 30, 2018

As we enter into our final weeks of this session, and as I prepare to end my journey of legislative service, I reflect on relationships and friends made; bonds that will last a lifetime.

I am reminded of Winston Churchill's comments on his retirement.

“I trust that I shall not be guilty of trespassing beyond those limits of time necessary to make farewell comments.”

Upon my departure on this public occasion, I want to first and foremost thank my wife Patty for her continued support. With grateful regards, thank you my colleagues for the great opportunity to serve with you. Thank you my friends for your support and guidance. Members of the Senate and House have blessed me with many leadership opportunities.

I consider myself very fortunate to have had such wonderful staff.

To my three Chiefs of Staff during my time at the Capitol, Jeff Brooks, Dusty Schnieders and Heidi Kolkmeier, and to the caucus staff under their direction, thank you for your hard work.

Thanks to Gwen Delano for running my district office and for being on top of things in the district.

Thanks to Pattie Parris and Deanna Gesch for their expertise and organization skills that keep my office running smoothly.

I would like to personally thank the Majority Leader, the Senator from Cole, for a great partnership with me and the Senate, negotiating the rough seas of the calendar work and debate.

Thank you to all Senate Staff - Administration, Secretary of Senate, Accounting, Human Resources, Appropriations, Communications, Computer Information Systems, Operations, Research, Bill Room, Enrolling and Engrossing, Office Assistance and Doorkeepers for all you do to help the senators do their job.

Last but not least thanks to all Senator's Staff for your hard work and cooperation.

“Never will these illustrious chambers be out of my memory.”

I am reminded of Sen. Dick Webster of Carthage, Missouri (whose picture is in the Senate Lounge) when he arrived to serve in the Missouri House in Jefferson City in 1949. The Democrats were in complete control. He had a general feeling with regard to those people who sat on the other side of the aisle were either hoodlums or nefarious political bosses.

During his 2nd month of the session, a young Irish bartender by the name of Tommy Walsh was handling a bill.

It raised the salaries of constables in St. Louis from \$9.00 a day to \$10.00 a day. A large number of Democrats were voicing their opposition. During the debate, a senior Republican said to Dick Webster “Kid, if I were you I would vote for the bill.” When Webster seemed surprised, the Senior Republican said “Trust ME.” The bill carried by one vote.

As Webster walked out of the House Chamber, the young Irishman put his hand out and said “I won't forget.”

When Webster later asked the Senior Republican Bill Cruce, from Eldorado Springs, why was that vote important - the answer came, “all the good guys are not in our party and all the bad ones are not in theirs.” Senator Cruce also said that he was not going to point out who the bad guys are. “If you can't figure that out by the end of session, you shouldn't be here. Tommy Walsh is one of the good guys.

When the next session began, Warren Fuqua, legislative advisor to Farm Bureau asked Webster to file a bill. Webster thought he was co-sponsoring a bill, but he was being asked to handle it (very unusual for a freshmen).

Webster agreed to handle the bill and received a notice of committee hearing the following week. When he arrived at the hearing, the young Irish bartender was the chairman.

When Webster's bill came before the committee – Walsh said this bill is very important to our friend, from outstate Missouri.

Representative Webster was asked if he wanted to explain the bill or did he want the committee to go ahead and take action. Webster replied that he would trust the committee's decision.

The bill was never discussed. The motion was made and carried. The bill came to the floor the next week and Tom Walsh and other democrats saw that there was enough votes to pass the bill.

The bill was the establishment of rural fire districts and also permitted rural areas to cooperate with town and city fire districts. Without the legislation in 1950, the farmers could not expect to participate in the use of the Carthage, Missouri, fire department.

When Dick Webster was elected to the Missouri Senate in 1962, Walsh and Webster continued to be close friends. Walsh worked the Missouri House, walking the aisles helping get enough votes to make Missouri Southern College in Joplin a full four year funded College.

As Sen. Richard Webster prophetically said in 1986, and is still true today, a “multitude of changes have been made in the minds and attitudes of American voters and public officials. Our Constitution, however, is still in place and it will fail only when the people of America lose interest in their government and how it works!”

I would like to share a few thoughts after 16 years in the State Capitol; some of these notions are mine, some are borrowed from intellectuals from the past.

In the time we have served in government, I have asked that you respect tradition, respect your word that which is your bond.

If you want respect, you have to give respect.

The Legislature must be independent and stand against over reach and the assault from the other branches of government and the tides of public opinion.

Be careful of ideas that promote personal agendas. Some ideas may seem in the best interest of Missourians. Look for the residue or the

fallout of the possible outcome.

Daniel Moynihan said that “everyone is entitled to their own opinion but not to their own facts.”

Do not allow an antiquated notion that a caring government can socialize everyone to behave well, thereby erasing personal accountability and responsibility.

I am intrigued by people reacting to circumstance they find themselves and how events were affected by actions.

Incrementalism – the key to passing legislation .... Small bites over several years yields large dividends and your goals while avoiding mistakes in large bills.

As the Speaker of the House, it was difficult to understand the pace of the Senate. However it became clear that the discussion between Washington and Jefferson was true, that the Senate cooled passions and tried to “reconcile the irreconcilable.”

In Robert Bryd, volumes of US Senate history applies to us in the Missouri Senate “Let the Senate in moments of drama - the kind of independence, impartiality, fairness and courage that from time to time over the years has brought to bear on great issues.”

James Madison - “If man were angels, no government would be necessary. If angels were to govern man, neither external nor internal contracts on government would be necessary.”

Elections have consequences because “enlightened statesmen will not always be sent to Jefferson City.”

I have tried to learn leadership skills no matter what office I was elected to. I looked at history for those who had larger decisions to make and how they handled them.

I have always believed that as elected officials we must take charge of events - not allow events to take charge of us.

In the Missouri Senate, the leaders recognized, generations ago, that party affiliation had little to do with political philosophy. They were wise enough in 1919 when the new Capital was opened to establish an unwritten rule that we (the senate) would never sit by political party on the floor of the Senate. It isn’t possible to walk in and see the Democrats on one side and the Republicans on the other. It is the only legislative body in this nation which follows that tradition. The result is the ability to vote in accordance with your conscience and the interest of the people that you represent. Neither the Democrat floor leader nor I would ever attempt to crack the whip and deliver a solid party vote in order to maintain party loyalty.

In the Missouri Senate, we generally follow the rules of procedure as the United States Senate. A rule can be suspended by a majority vote. We also have “unwritten rules” which have nothing to do with parliamentary procedure. Some of them deal with the matter of common courtesy. Others deal with overall conduct toward each other.

As an example, it doesn’t matter who the governor is, no gubernatorial appointment will be confirmed if the senator in whose district the appointee resides objects. This has been hard for many governors to understand; it is not a written rule, but is strictly enforced.

Thanks for your kindness, your patience, your wisdom.

Your leadership team has always tried to guide the Senate with fairness and professionalism. I have sought guidance, opinions from all I have met.

This is not the occasion to outline remedies on governance, but I may suggest that “My faith is in God’s mercy we may choose right.” There is always time and hope if we combine patience and courage.

I will always believe that the “day may dawn when fair play, love for one another, respect for justice and freedom will enable tormented generations to march forth serene and triumphed.”

God bless you

God bless the state of Missouri

God bless the United States

President Pro Tem Richard assumed the Chair.

(22) By January 1, 1988, the department of social services and the department of health and senior services shall study all significant aspects of presumptive eligibility for pregnant women and submit a joint report on the subject, including projected costs and the time needed for implementation, to the general assembly. Furthermore, that psychologist's temporary authorization to practice is terminated and the IPC is revoked.

(2) All home state disciplinary orders which impose adverse action shall be reported to the commission in accordance with the rules promulgated by the commission. A compact state shall report adverse actions in accordance with the rules of the commission.

(3) In the event discipline is reported on a psychologist, the psychologist will not be eligible for telepsychology or temporary in-person, face-to-face practice in accordance with the rules of the commission.

(4) Other actions may be imposed as determined by the rules promulgated by the commission.

4. A home state's psychology regulatory authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a licensee which occurred in a receiving state as it would if such conduct had occurred by a licensee within the home state. In such cases, the home state's law shall control in determining any adverse action against a psychologist's license.

5. A distant state's psychology regulatory authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a psychologist practicing under

temporary authorization practice which occurred in that distant state as it would if such conduct had occurred by a licensee within the home state. In such cases, distant state's law shall control in determining any adverse action against a psychologist's temporary authorization to practice.

6. Nothing in this compact shall override a compact state's decision that a psychologist's participation in an alternative program may be used in lieu of adverse action and that such participation shall remain non-public if required by the compact state's law. Compact states shall require psychologists who enter any alternative programs to not provide telepsychology services under the authority to practice interjurisdictional telepsychology or provide temporary psychological services under the temporary authorization to practice in any other compact state during the term of the alternative program.

7. No other judicial or administrative remedies shall be available to a psychologist in the event a compact state imposes an adverse action pursuant to subsection 3 of this section.

337.135. 1. In addition to any other powers granted under state law, a compact state's psychology regulatory authority shall have the authority under this compact to:

(1) Issue subpoenas, for both hearings and investigations, which require the attendance and testimony of witnesses and the production of evidence. Subpoenas issued by a compact state's psychology regulatory authority for the attendance and testimony of witnesses, or the production of evidence from another compact state shall be enforced in the latter state by any court of competent jurisdiction, according to that court's practice and procedure in considering subpoenas issued in its own proceedings. The issuing state psychology regulatory authority shall pay any witness fees, travel expenses, mileage and other fees required by the service statutes of the state where the witnesses or evidence are located; and

(2) Issue cease and desist or injunctive relief orders to revoke a psychologist's authority to practice interjurisdictional telepsychology or temporary authorization to practice.

2. During the course of any investigation, a psychologist may not change his or her home state licensure. A home state psychology regulatory authority is authorized to complete any pending investigations of a psychologist and to take any actions appropriate under its law. The home state psychology regulatory authority shall promptly report the conclusions of such investigations to the commission. Once an investigation has been completed, and pending the outcome of said investigation, the psychologist may change his or her home state licensure. The commission shall promptly notify the new home state of any such decisions as provided in the rules of the commission. All information provided to the commission or distributed by compact states pursuant to the psychologist shall be confidential, filed under seal and used for investigatory or disciplinary matters. The commission may create additional rules for mandated or discretionary sharing of information by compact states.

337.140. 1. The commission shall provide for the development and maintenance of a coordinated licensure information system "coordinated database" and reporting system containing licensure and disciplinary action information on all psychologist individuals to whom this compact is applicable in all compact states as defined by the rules of the commission.

2. Notwithstanding any other provision of state law to the contrary, a compact state shall submit a uniform data set to the coordinated database on all licensees as required by the rules of the commission, including:

- (1) Identifying information;**
- (2) Licensure data;**
- (3) Significant investigatory information;**
- (4) Adverse actions against a psychologist's license;**
- (5) An indicator that a psychologist's authority to practice interjurisdictional telepsychology or temporary authorization to practice is revoked;**
- (6) Nonconfidential information related to alternative program participation information;**
- (7) Any denial of application for licensure, and the reasons for such denial; and**
- (8) Other information which may facilitate the administration of this compact, as determined by the rules of the commission.**

**3. The coordinated database administrator shall promptly notify all compact states of any adverse action taken against, or significant investigative information on, any licensee in a compact state.**

**4. Compact states reporting information to the coordinated database may designate information that may not be shared with the public without the express permission of the compact state reporting the information.**

**5. Any information submitted to the coordinated database that is subsequently required to be expunged by the law of the compact state reporting the information shall be removed from the coordinated database.**

**337.145. 1. The compact states hereby create and establish a joint public agency known as the psychology interjurisdictional compact commission.**

**(1) The commission is a body politic and an instrumentality of the compact states.**

**(2) Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.**

**2. The commission shall consist of one voting representative appointed by each compact state who shall serve as that state's commissioner. The state psychology regulatory authority shall appoint its delegate. This delegate shall be empowered to act on behalf of the compact state. This delegate shall be limited to:**

(2) Each commissioner shall be entitled to one vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the commission. A commissioner shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for commissioners' participation in meetings by telephone or other means of communication.

(3) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws.

(4) All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in section 337.150.

(5) The commission may convene in a closed, nonpublic meeting if the commission shall discuss:

(6) If a meeting, or portion of a meeting, is closed pursuant to subdivision (5) of subsection 3 of this section, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The commission shall keep minutes which fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, of any person participating in the meeting, and the reasons therefore, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release only by a majority vote of the commission or order of a court of competent jurisdiction.

4. The commission shall, by a majority vote of the commissioners, prescribe bylaws or rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of the compact, including but not limited to:

As soon as practicable, the commission shall make public a copy of the vote to close the meeting revealing the vote of each commissioner with no proxy votes allowed;**

**(4) Establishing the titles, duties and authority and reasonable procedures for the election of the officers of the commission;**

**7. (1) The elected officers shall serve as the executive board, which shall have the power to act on behalf of the commission according to the terms of this compact.**

**(2) The executive board shall be comprised of six members:**

**(2) The commission may accept any and all appropriate revenue sources, donations and grants of money, equipment, supplies, materials and services.**

**(3) The commission may levy on and collect an annual assessment from each compact state or impose fees on other parties to cover the cost of the operations and activities of the commission and its staff which shall be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission which shall promulgate a rule binding upon all compact states.**

**(4) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the compact states, except by and with the authority of the compact state.**

**(5) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the commission.**

**9. (1) The members, officers, executive director, employees and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities; provided that nothing in this subsection shall be construed to protect any such person from suit or liability for any damage, loss, injury or liability caused by the intentional or willful or wanton misconduct of that person.**

that person's intentional or willful or wanton misconduct.

(3) The commission shall indemnify and hold harmless any member, officer, executive director, employee or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities, provided that the actual or alleged act, error or omission did not result from the intentional or willful or wanton misconduct of that person.

**337.150. 1.** The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

2. If a majority of the legislatures of the compact states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compact state.

3. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

4. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(1) On the website of the commission; and

(2) On the website of each compact states' psychology regulatory authority or the publication in which each state would otherwise publish proposed rules.

5. The notice of proposed rulemaking shall include:

(1) The proposed time, date, and location of the meeting in which the rule will be considered and voted upon;

(2) The text of the proposed rule or amendment and the reason for the proposed rule;

(3) A request for comments on the proposed rule from any interested person;

(4) The manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

6. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions and arguments, which shall be made available to the public.

7. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

(1) At least twenty-five persons who submit comments independently of each other;

(2) A governmental subdivision or agency; or

(3) A duly appointed person in an association that has at least twenty-five members.

8. (1) If a hearing is held on the proposed rule or amendment, the commission shall publish the

place, time, and date of the scheduled public hearing.

(2) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

(3) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

(4) No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subdivision shall not preclude the commission from making a transcript or recording of the hearing if it so chooses.

(5) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

9. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

10. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

11. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

12. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that shall be adopted immediately in order to:

(1) Meet an imminent threat to public health, safety, or welfare;

(2) Prevent a loss of commission or compact state funds;

(3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

(4) Protect public health and safety.

13. (1) The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule.

(2) A challenge shall be made in writing, and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action.

**If the revision is challenged, the revision may not take effect without the approval of the commission.**

**337.155. 1. (1) The executive, legislative and judicial branches of state government in each compact state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.**

**(2) All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a compact state pertaining to the subject matter of this compact which may affect the powers, responsibilities or actions of the commission.**

**(3) The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact or promulgated rules.**

**2. (1) If the commission determines that a compact state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:**

**(a) Provide written notice to the defaulting state and other compact states of the nature of the default, the proposed means of remedying the default or any other action to be taken by the commission; and**

**(b) Provide remedial training and specific technical assistance regarding the default.**

**(2) If a state in default fails to remedy the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the compact states, and all rights, privileges and benefits conferred by this compact shall be terminated on the effective date of termination. A remedy of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.**

**(3) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be submitted by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the compact states.**

**(4) A compact state which has been terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations which extend beyond the effective date of termination.**

**(5) The commission shall not bear any costs incurred by the state which is found to be in default or which has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.**

**(6) The defaulting state may appeal the action of the commission by petitioning the U.S. District Court for the state of Georgia or the federal district where the compact has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.**

**3. (1) Upon request by a compact state, the commission shall attempt to resolve disputes related to the compact which arise among compact states and between compact and noncompact states.**

**(2) The commission shall promulgate a rule providing for both mediation and binding dispute**

resolution for disputes that arise before the commission.

4. (1) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(2) By majority vote, the commission may initiate legal action in the United States District Court for the State of Georgia or the federal district where the compact has its principal offices against a compact state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

(3) The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

337.160. 1. The compact shall come into effect on the date on which the compact is enacted into law in the seventh compact state. The provisions which become effective at that time shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

2. Any state which joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule which has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

3. (1) Any compact state may withdraw from this compact by enacting a statute repealing the same.

(2) A compact state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(3) Withdrawal shall not affect the continuing requirement of the withdrawing state's psychology regulatory authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

4. Nothing contained in this compact shall be construed to invalidate or prevent any psychology licensure agreement or other cooperative arrangement between a compact state and a noncompact state which does not conflict with the provisions of this compact.

5. This compact may be amended by the compact states. No amendment to this compact shall become effective and binding upon any compact state until it is enacted into the law of all compact states.

337.165. This compact shall be liberally construed so as to effectuate the purposes thereof. If this compact shall be held contrary to the constitution of any state member thereto, the compact shall remain in full force and effect as to the remaining compact states.”; and

337.145, 337.150, 337.155, 337.160, and 337.165 of this act shall become effective upon notification by the commission to the revisor of statutes that seven states have adopted the psychology interjurisdictional compact.”; and

The samples shall be analyzed for the isotopes necessary to correlate the samples with the suspected contamination, as described in the sampling and analysis plan. 190.105. 1. No person, either as owner, agent or otherwise, shall furnish, operate, conduct, maintain, advertise, or otherwise be engaged in or profess to be engaged in the business or service of the transportation of patients by ambulance in the air, upon the streets, alleys, or any public way or place of the state of Missouri unless such person holds a currently valid license from the department for an ambulance service issued pursuant to the provisions of sections 190.001 to 190.245.

2. No ground ambulance shall be operated for ambulance purposes, and no individual shall drive, attend or permit it to be operated for such purposes in the state of Missouri unless the ground ambulance is under the immediate supervision and direction of a person who is holding a currently valid Missouri license as an emergency medical technician. Nothing in this section shall be construed to mean that a duly registered nurse or a duly licensed physician be required to hold an emergency medical technician's license. Each ambulance service is responsible for assuring that any person driving its ambulance is competent in emergency vehicle operations and has a safe driving record. Each ground ambulance shall be staffed with at least two licensed individuals when transporting a patient, except as provided in section 190.094. In emergency situations which require additional medical personnel to assist the patient during transportation, [a first] **an emergency medical** responder, firefighter, or law enforcement personnel with a valid driver's license and prior experience with driving emergency vehicles may drive the ground ambulance provided the ground ambulance service stipulates to this practice in operational policies.

4. The issuance of a license pursuant to the provisions of sections 190.001 to 190.245 shall not be construed so as to authorize any person to provide ambulance services or to operate any ambulances without a franchise in any city not within a county or in a political subdivision in any county with a population of over nine hundred thousand inhabitants, or a franchise, contract or mutual-aid agreement in any other political subdivision which has enacted an ordinance making it unlawful to do so.

5. Sections 190.001 to 190.245 shall not preclude the adoption of any law, ordinance or regulation not in conflict with such sections by any city not within a county, or at least as strict as such sections by any county, municipality or political subdivision except that no such regulations or ordinances shall be adopted by a political subdivision in a county with a population of over nine hundred thousand inhabitants except by the county's governing body.

6. In a county with a population of over nine hundred thousand inhabitants, the governing body of the county shall set the standards for all ambulance services which shall comply with subsection 5 of this section. All such ambulance services must be licensed by the department. The governing body of such county shall not prohibit a licensed ambulance service from operating in the county, as long as the ambulance service meets county standards.

7. An ambulance service or vehicle when operated for the purpose of transporting persons who are sick, injured, or otherwise incapacitated shall not be treated as a common or contract carrier under the jurisdiction of the Missouri division of motor carrier and railroad safety.

8. Sections 190.001 to 190.245 shall not apply to, nor be construed to include, any motor vehicle used by an employer for the transportation of such employer's employees whose illness or injury occurs on private property, and not on a public highway or property, nor to any person operating such a motor vehicle.

9. A political subdivision that is authorized to operate a licensed ambulance service may establish, operate, maintain and manage its ambulance service, and select and contract with a licensed ambulance service. Any political subdivision may contract with a licensed ambulance service.

10. Except as provided in subsections 5 and 6, nothing in section 67.300, or subsection 2 of section 190.109, shall be construed to authorize any municipality or county which is located within an ambulance district or a fire protection district that is authorized to provide ambulance service to promulgate laws, ordinances or regulations related to the provision of ambulance services. This provision shall not apply to any municipality or county which operates an ambulance service established prior to August 28, 1998.

11. Nothing in section 67.300 or subsection 2 of section 190.109 shall be construed to authorize any municipality or county which is located within an ambulance district or a fire protection district that is authorized to provide ambulance service to operate an ambulance service without a franchise in an ambulance district or a fire protection district that is authorized to provide ambulance service which has enacted an ordinance making it unlawful to do so. This provision shall not apply to any municipality or

county which operates an ambulance service established prior to August 28, 1998.

12. No provider of ambulance service within the state of Missouri which is licensed by the department to provide such service shall discriminate regarding treatment or transportation of emergency patients on the basis of race, sex, age, color, religion, sexual preference, national origin, ancestry, handicap, medical condition or ability to pay.

13. No provision of this section, other than subsections 5, 6, 10 and 11 of this section, is intended to limit or supersede the powers given to ambulance districts pursuant to this chapter or to fire protection districts pursuant to chapter 321, or to counties, cities, towns and villages pursuant to chapter 67.

14. Upon the sale or transfer of any ground ambulance service ownership, the owner of such service shall notify the department of the change in ownership within thirty days of such sale or transfer. After receipt of such notice, the department shall conduct an inspection of the ambulance service to verify compliance with the licensure standards of sections 190.001 to 190.245.

190.131. 1. 2. Such rules promulgated by the department shall set forth the minimum requirements for entrance criteria, training program curricula, instructors, facilities, equipment, medical oversight, record keeping, and reporting.

3. Application for training entity accreditation or certification shall be made upon such forms as prescribed by the department in rules adopted pursuant to sections 190.001 to 190.245. The application form shall contain such information as the department deems reasonably necessary to make a determination as to whether the training entity meets all requirements of sections 190.001 to 190.245 and rules promulgated pursuant to sections 190.001 to 190.245.

4. Upon receipt of such application for training entity accreditation or certification, the department shall determine whether the training entity, its instructors, facilities, equipment, curricula and medical oversight meet the requirements of sections 190.001 to 190.245 and rules promulgated pursuant to sections 190.001 to 190.245.

5. Upon finding these requirements satisfied, the department shall issue a training entity accreditation or certification in accordance with rules promulgated by the department pursuant to sections 190.001 to 190.245.

6. Subsequent to the issuance of a training entity accreditation or certification, the department shall cause a periodic review of the training entity to assure continued compliance with the requirements of sections 190.001 to 190.245 and all rules promulgated pursuant to sections 190.001 to 190.245.

7. No person or entity shall hold itself out or provide training required by this section without accreditation or certification by the department.

Such processes may include the use of vendors or systems administered by the Missouri state highway patrol. The department may share the results of such a criminal background check with any emergency services licensing agency in any member state, as that term is defined under section 190.900, of the recognition of EMS personnel licensure interstate compact. The department shall not issue a license until the department receives the results of an applicant's criminal background check from the Missouri state highway patrol and the Federal Bureau of Investigation, but, notwithstanding this subsection, the department may issue a temporary license as provided under section 190.143. Any fees due for a criminal background check shall be paid by the applicant.**

**(3)** The director may authorize investigations into criminal records in other states for any applicant.

2. The department shall issue a license to all levels of emergency medical technicians, for a period of five years, if the applicant meets the requirements established pursuant to sections 190.001 to 190.245 and the rules adopted by the department pursuant to sections 190.001 to 190.245. The department may promulgate rules relating to the requirements for an emergency medical technician including but not limited to:

4. All levels of emergency medical technicians may perform only that patient care which is:

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

**3. EMT-Ps who have made a good faith decision for a temporary hold of a patient as authorized by this section shall no longer have to rely on the common law doctrine of implied consent and therefore shall not be civilly liable for a good faith determination made in accordance with this section and shall not have waived any sovereign immunity defense, official immunity defense, or Missouri public duty doctrine defense if employed at the time of the good faith determination by a government employer.**

**4. Any ground or air ambulance service that adopts the authority and protocols provided for by this section shall have a memorandum of understanding with applicable local law enforcement agencies in order to achieve a collaborative and coordinated response to patients displaying symptoms of either a likelihood of serious harm to themselves or others or significant incapacitation by alcohol or drugs, which require a crisis intervention response. **2.** Any member state may require an individual to obtain and retain a license to be authorized to

practice in the member state under circumstances not authorized by the privilege to practice under the terms of this compact.

3. A home state's license authorizes an individual to practice in a remote state under the privilege to practice only if the home state:

4. Except as provided in subsection 3 of this section, an individual practicing in a remote state shall be subject to the remote state's authority and laws. A remote state may, in accordance with due process and that state's laws, restrict, suspend, or revoke an individual's privilege to practice in the remote state and may take any other necessary actions to protect the health and safety of its citizens. If a remote state takes action, it shall promptly notify the home state and the commission.

5. If an individual's license in any home state is restricted, suspended, or revoked, the individual shall not be eligible to practice in a remote state under the privilege to practice until the individual's home state license is restored.

6. If an individual's privilege to practice in any remote state is restricted, suspended, or revoked, the individual shall not be eligible to practice in any remote state until the individual's privilege to

practice is restored.

**190.909.** An individual may practice in a remote state under a privilege to practice only in the performance of the individual's EMS duties as assigned by an appropriate authority, as defined in the rules of the commission, and under the following circumstances:

**190.912.** Upon a member state's governor's declaration of a state of emergency or disaster that activates the Emergency Management Assistance Compact (EMAC), all relevant terms and provisions of EMAC shall apply, and to the extent any terms or provisions of this compact conflict with EMAC, the terms of EMAC shall prevail with respect to any individual practicing in the remote state in response to such declaration.

**190.915. 1.** Member states shall consider a veteran, active military service member, or member of the National Guard and Reserves separating from an active duty tour, or a spouse thereof, who holds a current, valid, and unrestricted NREMT certification at or above the level of the state license being sought as satisfying the minimum training and examination requirements for such licensure.

**2.** Member states shall expedite the process of licensure applications submitted by veterans, active military service members, or members of the National Guard and Reserves separating from an active duty tour, or their spouses.

**3.** All individuals functioning with a privilege to practice under this section remain subject to the adverse action provisions of section 190.918.

**190.918. 1.** A home state shall have exclusive power to impose adverse action against an individual's license issued by the home state.

**2.** If an individual's license in any home state is restricted, suspended, or revoked, the individual shall not be eligible to practice in a remote state under the privilege to practice until the individual's home state license is restored.

(1) All home state adverse action orders shall include a statement that the individual's compact privileges are inactive. The order may allow the individual to practice in remote states with prior written authorization from both the home state and the remote state's EMS authority.

(2) An individual currently subject to adverse action in the home state shall not practice in any remote state without prior written authorization from both the home state and remote state's EMS authority.

**4. A remote state may take adverse action on an individual's privilege to practice within that state.**

**5. Any member state may take adverse action against an individual's privilege to practice in that state based on the factual findings of another member state, so long as each state follows its own procedures for imposing such adverse action.**

**6. A home state's EMS authority shall coordinate investigative activities, share information via the coordinated database, and take appropriate action with respect to reported conduct in a remote state as it would if such conduct had occurred within the home state. In such cases, the home state's law shall control in determining the appropriate adverse action.**

**7. Nothing in this compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the member state's laws. Member states shall require individuals who enter any alternative programs to agree not to practice in any other member state during the term of the alternative program without prior authorization from such other member state.**

**190.921. A member state's EMS authority, in addition to any other powers granted under state law, is authorized under this compact to:**

Subpoenas issued by a member state's EMS authority for the attendance and testimony of witnesses or the production of evidence from another member state shall be enforced in the remote state by any court of competent jurisdiction according to that court's practice and procedure in considering subpoenas issued in its own proceedings. The issuing state's EMS authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses or evidence is located; and**

**(2) Issue cease and desist orders to restrict, suspend, or revoke an individual's privilege to practice in the state.**

**190.924. 1. The compact states hereby create and establish a joint public agency known as the "Interstate Commission for EMS Personnel Practice".**

**(1) The commission is a body politic and an instrumentality of the compact states.**

**(2) Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.**

**(3) Nothing in this compact shall be construed to be a waiver of sovereign immunity.**

**2. Each member state shall have and be limited to one delegate. The responsible official of the state EMS authority or his or her designee shall be the delegate to this compact for each member state. Any delegate may be removed or suspended from office as provided by the law of the state from which the delegate is appointed. Any vacancy occurring in the commission shall be filled in accordance with the**

laws of the member state in which the vacancy exists. In the event that more than one board, office, or other agency with the legislative mandate to license EMS personnel at and above the level of EMT exists, the governor of the state shall determine which entity shall be responsible for assigning the delegate.

(1) Each delegate shall be entitled to one vote with regard to the promulgation of rules and creation of bylaws, and shall otherwise have an opportunity to participate in the business and affairs of the commission. A delegate shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for delegates' participation in meetings by telephone or other means of communication.

(2) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws.

(3) All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in section 190.930.

(4) The commission may convene in a closed, nonpublic meeting if the commission must discuss:

(h) Disclosure of investigatory records compiled for law enforcement purposes;

(i) Disclosure of information related to any investigatory reports prepared by or on behalf of or for use of the commission or other committee charged with responsibility of investigation or determination of compliance issues pursuant to the compact; or

(j) Matters specifically exempted from disclosure by federal or member state statute.

(5) If a meeting or portion of a meeting is closed under this section, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent

jurisdiction.

**3. The commission shall, by a majority vote of the delegates, prescribe bylaws and rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of the compact including, but not limited to:**

**(a) For the establishment and meetings of other committees; and**

**(b) Governing any general or specific delegation of any authority or function of the commission;**

**(3) Providing reasonable procedures for calling and conducting meetings of the commission, ensuring reasonable advance notice of all meetings, and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and proprietary information, including trade secrets. The commission may meet in closed session only after a majority of the membership votes to close a meeting in whole or in part. As soon as practicable, the commission shall make public a copy of the vote to close the meeting revealing the vote of each member with no proxy votes allowed;**

**(4) Establishing the titles, duties and authority, and reasonable procedures for the election of the officers of the commission;**

**(5) Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any member state, the bylaws shall exclusively govern the personnel policies and programs of the commission;**

**(6) Promulgating a code of ethics to address permissible and prohibited activities of commission members and employees;**

**(7) Providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of the compact after the payment or reserving of all of its debts and obligations;**

**(8) The commission shall publish its bylaws and file a copy thereof, and a copy of any amendment thereto, with the appropriate agency or officer in each of the member states, if any;**

**(9) The commission shall maintain its financial records in accordance with the bylaws; and**

**(10) The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.**

**4. The commission shall have the following powers:**

**(1) To promulgate uniform rules to facilitate and coordinate implementation and administration of this compact. The rules shall have the force and effect of law and shall be binding on all member states;**

**(2) To bring and prosecute legal proceedings or actions in the name of the commission; provided that, the standing of any state EMS authority or other regulatory body responsible for EMS personnel**

licensure to sue or be sued under applicable law shall not be affected;

(3) To purchase and maintain insurance and bonds;

(4) To borrow, accept, or contract for services of personnel including, but not limited to, employees of a member state;

(5) To hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of the compact, and to establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

(6) To accept any and all appropriate donations and grants of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of the same; provided that, at all times the commission shall strive to avoid any appearance of impropriety and conflict of interest;

(7) To lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve, or use any property, real, personal, or mixed; provided that, at all times the commission shall strive to avoid any appearance of impropriety;

(8) To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed;

(9) To establish a budget and make expenditures;

(10) To borrow money;

(11) To appoint committees, including advisory committees comprised of members, state regulators, state legislators or their representatives, consumer representatives, and such other interested persons as may be designated in this compact and the bylaws;

(12) To provide and receive information from, and to cooperate with, law enforcement agencies;

(13) To adopt and use an official seal; and

(14) To perform such other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of EMS personnel licensure and practice.

5. (1) The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

(2) The commission may accept any and all appropriate revenue sources, donations, and grants of money, equipment, supplies, materials, and services.

(3) The commission may levy on and collect an annual assessment from each member state or impose fees on other parties to cover the cost of the operations and activities of the commission and its staff, which shall be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule binding upon all member states.

(4) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the member states, except by

and with the authority of the member state.

(5) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

6. (1) The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim, damage to or loss of property, personal injury, or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, nothing in this subdivision shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional, willful, or wanton misconduct of that person.

(2) The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional, willful, or wanton misconduct.

(3) The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, the actual or alleged act, error, or omission did not result from the intentional, willful, or wanton misconduct of the person.

190.927. 1. The commission shall provide for the development and maintenance of a coordinated database and reporting system containing licensure, adverse action, and significant investigatory information on all licensed individuals in member states.

2. Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the coordinated database on all individuals to whom this compact is applicable as required by the rules of the commission, including:

- (1) Identifying information;
- (2) Licensure data;
- (3) Significant investigatory information;
- (4) Adverse actions against an individual's license;

- (5) An indicator that an individual's privilege to practice is restricted, suspended, or revoked;**
- (6) Nonconfidential information related to alternative program participation;**
- (7) Any denial of application for licensure and the reasons for such denial; and**
- (8) Other information that may facilitate the administration of this compact, as determined by the rules of the commission.**

**3. The coordinated database administrator shall promptly notify all member states of any adverse action taken against, or significant investigative information on, any individual in a member state.**

**4. Member states contributing information to the coordinated database may designate information that shall not be shared with the public without the express permission of the contributing state.**

**5. Any information submitted to the coordinated database that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the coordinated database.**

**190.930. 1. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.**

**2. If a majority of the legislatures of the member states rejects a rule by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any member state.**

**3. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.**

**4. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule or rules shall be considered and voted upon, the commission shall file a notice of proposed rulemaking:**

**(1) On the website of the commission; and**

**(2) On the website of each member state's EMS authority or the publication in which each state would otherwise publish proposed rules.**

**5. The notice of proposed rulemaking shall include:**

**(2) The text of the proposed rule or amendment and the reason for the proposed rule;**

**(3) A request for comments on the proposed rule from any interested person; and**

**(4) The manner in which interested parties may submit notice to the commission of their intention to attend the public hearing and any written comments.**

**6. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments that shall be made available to the public.**

**7. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:**

- (1) At least twenty-five persons;**
- (2) A governmental subdivision or agency; or**
- (3) An association having at least twenty-five members.**

**8. If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing.**

**(1) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.**

**(2) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.**

**(3) No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subdivision shall not preclude the commission from making a transcript or recording of the hearing if it so chooses.**

**(4) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.**

**9. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.**

**10. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.**

**11. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.**

**12. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing; provided that, the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that shall be adopted immediately in order to:**

- (1) Meet an imminent threat to public health, safety, or welfare;**
- (2) Prevent a loss of commission or member state funds;**
- (3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or**
- (4) Protect public health and safety.**

**13. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision shall take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.**

**190.933. 1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.**

**2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceedings in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.**

**3. The commission shall be entitled to receive service of process in any such proceeding and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.**

**4. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:**

**(1) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the commission; and**

**(2) Provide remedial training and specific technical assistance regarding the default.**

**5. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.**

**6. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.**

**7. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.**

**8. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact unless agreed upon in writing between the commission and**

the defaulting state.

9. The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

10. Upon a request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

11. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

12. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

13. By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

14. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

190.936. 1. The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

2. Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

3. Any member state may withdraw from this compact by enacting a statute repealing the same.

(1) A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(2) Withdrawal shall not affect the continuing requirement of the withdrawing state's EMS authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

4. Nothing contained in this compact shall be construed to invalidate or prevent any EMS personnel licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

5. This compact may be amended by the member states. No amendment to this compact shall

become effective and binding upon any member state until it is enacted into the laws of all member states.

**190.939. This compact shall be liberally construed so as to effectuate the purposes thereof. If this compact shall be held contrary to the constitution of any member state thereto, the compact shall remain in full force and effect as to the remaining member states. Nothing in this compact supersedes state law or rules related to licensure of EMS agencies.**

The board of trustees shall fix and determine by proper rules and regulations how much service in any year is equivalent to one year of service, but in no case shall more than one year of service be creditable for all service in one calendar year, nor shall the board of trustees allow credit as service for any period of more than one month's duration during which the member was absent without pay.

3. The petition shall name as defendants all law enforcement agencies, courts, prosecuting or circuit attorneys, municipal prosecuting attorneys, central state repositories of criminal records, or others who the petitioner has reason to believe may possess the records subject to expungement for each of the offenses, violations, and infractions listed in the petition. The court's order of expungement shall not affect any person or entity not named as a defendant in the action.

4. The petition shall include the following information:

- (1) The petitioner's:
  - (a) Full name;
  - (b) Sex;
  - (c) Race;

(d) Driver's license number, if applicable; and

(e) Current address;

(2) Each offense, violation, or infraction for which the petitioner is requesting expungement;

(3) The approximate date the petitioner was charged for each offense, violation, or infraction; and

(4) The name of the county where the petitioner was charged for each offense, violation, or infraction and if any of the offenses, violations, or infractions occurred in a municipality, the name of the municipality for each offense, violation, or infraction; and

(5) The case number and name of the court for each offense.

5. The clerk of the court shall give notice of the filing of the petition to the office of the prosecuting attorney, circuit attorney, or municipal prosecuting attorney that prosecuted the offenses, violations, or infractions listed in the petition. If the prosecuting attorney, circuit attorney, or municipal prosecuting attorney objects to the petition for expungement, he or she shall do so in writing within thirty days after receipt of service. Unless otherwise agreed upon by the parties, the court shall hold a hearing within sixty days after any written objection is filed, giving reasonable notice of the hearing to the petitioner. If no objection has been filed within thirty days after receipt of service, the court may set a hearing on the matter and shall give reasonable notice of the hearing to each entity named in the petition. At any hearing, the court may accept evidence and hear testimony on, and may consider, the following criteria for each of the offenses, violations, or infractions listed in the petition for expungement:

(1) It has been at least seven years if the offense is a felony, or at least three years if the offense is a misdemeanor, municipal offense, or infraction, from the date the petitioner completed any authorized disposition imposed under section 557.011 for each offense, violation, or infraction listed in the petition;

(2) The person has not been found guilty of any other misdemeanor or felony, not including violations of the traffic regulations provided under chapters 304 and 307, during the time period specified for the underlying offense, violation, or infraction in subdivision (1) of this subsection;

(3) The person has satisfied all obligations relating to any such disposition, including the payment of any fines or restitution;

(5) The petitioner's habits and conduct demonstrate that the petitioner is not a threat to the public safety of the state; and

(6) The expungement is consistent with the public welfare and the interests of justice warrant the expungement.

A pleading by the petitioner that such petitioner meets the requirements of subdivisions (5) and (6) of this subsection shall create a rebuttable presumption that the expungement is warranted so long as the criteria contained in subdivisions (1) to (4) of this subsection are otherwise satisfied. The burden shall shift to the prosecuting attorney, circuit attorney, or municipal prosecuting attorney to rebut the presumption. A victim of an offense, violation, or infraction listed in the petition shall have an opportunity to be heard at any hearing held under this section, and the court may make a determination based solely on such victim's testimony.

6. A petition to expunge records related to an arrest for an eligible offense, violation, or infraction may be made in accordance with the provisions of this section to a court of competent jurisdiction in the county where the petitioner was arrested no earlier than three years from the date of arrest; provided that, during such time, the petitioner has not been charged and the petitioner has not been found guilty of any misdemeanor or felony offense.

7. If the court determines that such person meets all the criteria set forth in subsection 5 of this section for each of the offenses, violations, or infractions listed in the petition for expungement, the court shall enter an order of expungement. In all cases under this section, the court shall issue an order of expungement or dismissal within six months of the filing of the petition. A copy of the order of expungement shall be provided to the petitioner and each entity possessing records subject to the order, and, upon receipt of the order, each entity shall close any record in its possession relating to any offense, violation, or infraction listed in the petition, in the manner established by section 610.120. The records and files maintained in any administrative or court proceeding in a municipal, associate, or circuit court for any offense, infraction, or violation ordered expunged under this section shall be confidential and only available to the parties or by order of the court for good cause shown. The central repository shall request the Federal Bureau of Investigation to expunge the records from its files.

8. The order shall not limit any of the petitioner's rights that were restricted as a collateral consequence of such person's criminal record, and such rights shall be restored upon issuance of the order of expungement. Except as otherwise provided under this section, the effect of such order shall be to restore such person to the status he or she occupied prior to such arrests, pleas, trials, or convictions as if such events had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrests, pleas, trials, convictions, or expungement in response to an inquiry made of him or her and no such inquiry shall be made for information relating to an expungement, except the petitioner shall disclose the expunged offense, violation, or infraction to any court when asked or upon being charged with any subsequent offense, violation, or infraction. The expunged offense, violation, or infraction may be considered a prior offense in determining a sentence to be imposed for any subsequent offense that the person is found guilty of committing.

9. Notwithstanding the provisions of subsection 8 of this section to the contrary, a person granted an expungement shall disclose any expunged offense, violation, or infraction when the disclosure of such information is necessary to complete any application for:

(1) A license, certificate, or permit issued by this state to practice such individual's profession;

(2) Any license issued under chapter 313 or permit issued under chapter 571;

(3) Paid or unpaid employment with an entity licensed under chapter 313, any state-operated lottery, or any emergency services provider, including any law enforcement agency;

(4) Employment with any federally insured bank or savings institution or credit union or an affiliate of such institution or credit union for the purposes of compliance with 12 U.S.C. Section 1829 and 12 U.S.C. Section 1785;

(5) Employment with any entity engaged in the business of insurance or any insurer for the purpose of complying with 18 U.S.C. Section 1033, 18 U.S.C. Section 1034, or other similar law which requires an employer engaged in the business of insurance to exclude applicants with certain criminal convictions from

employment; or

(6) Employment with any employer that is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

An employer shall notify an applicant of the requirements under subdivisions (4) to (6) of this subsection. Notwithstanding any provision of law to the contrary, an expunged offense, violation, or infraction shall not be grounds for automatic disqualification of an applicant, but may be a factor for denying employment, or a professional license, certificate, or permit; except that, an offense, violation, or infraction expunged under the provisions of this section may be grounds for automatic disqualification if the application is for employment under subdivisions (4) to (6) of this subsection.

10. A person who has been granted an expungement of records pertaining to a misdemeanor or felony offense, an ordinance violation, or an infraction may answer “no” to an employer’s inquiry into whether the person has ever been convicted of a crime if, after the granting of the expungement, the person has no public record of a misdemeanor or felony offense, an ordinance violation, or an infraction. The person, however, shall answer such an inquiry affirmatively and disclose his or her criminal convictions, including any offense or violation expunged under this section or similar law, if the employer is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

11. If the court determines that the petitioner has not met the criteria for any of the offenses, violations, or infractions listed in the petition for expungement or the petitioner has knowingly provided false information in the petition, the court shall enter an order dismissing the petition. Any person whose petition for expungement has been dismissed by the court for failure to meet the criteria set forth in subsection 5 of this section may not refile another petition until a year has passed since the date of filing for the previous petition.

12. A person may be granted more than one expungement under this section provided that during his or her lifetime, the total number of offenses, violations, or infractions for which orders of expungement are granted to the person shall not exceed the following limits:

(1) Not more than two misdemeanor offenses or ordinance violations that have an authorized term of imprisonment; and

(2) Not more than one felony offense.

A person may be granted expungement under this section for any number of infractions. Nothing in this section shall prevent the court from maintaining records to ensure that an individual has not exceeded the limitations of this subsection. Nothing in this section shall be construed to limit or impair in any way the subsequent use of any record expunged under this section of any arrests or findings of guilt by a law enforcement agency, criminal justice agency, prosecuting attorney, circuit attorney, or municipal prosecuting attorney, including its use as a prior offense, violation, or infraction.

13. The court shall make available a form for pro se petitioners seeking expungement, which shall include the following statement: “I declare under penalty of perjury that the statements made herein are true and correct to the best of my knowledge, information, and belief.”.

14. Nothing in this section shall be construed to limit or restrict the availability of expungement to any person under any other law.”; and

Further amend the title and enacting clause accordingly.

3. Upon approval by the county commission for the election of board members to be held on general municipal election day, pursuant to subsection 2 of section 190.327, the terms of those board members then holding office shall be reduced by seven months. 190.335. 1. In lieu of the tax levy authorized under section 190.305 for emergency telephone services, the county commission of any county may impose a county sales tax for the provision of central dispatching of fire protection, including law enforcement agencies, emergency ambulance service or any other emergency services, including emergency telephone services, which shall be collectively referred to herein as "emergency services", and which may also include the purchase and maintenance of communications and emergency equipment, including the operational costs associated therein, in accordance with the provisions of this section.

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance shall be in effect as provided herein. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the county commission shall have no power to impose the tax authorized by this section unless and until the county commission shall again have submitted another proposal to authorize the county commission to impose the tax under the provisions of this section, and such proposal is approved by a majority of the qualified voters voting thereon.

Any revenues collected from the tax authorized under section 190.305 shall be credited for the purposes for which they were intended.

7. At least once each calendar year, the board shall establish a tax rate, not to exceed the amount authorized, that together with any surplus revenues carried forward will produce sufficient revenues to fund the expenditures authorized by this act. Amounts collected in excess of that necessary within a given year shall be carried forward to subsequent years. The board shall make its determination of such tax rate each year no later than September first and shall fix the new rate which shall be collected as provided in this act. Immediately upon making its determination and fixing the rate, the board shall publish in its minutes the new rate, and it shall notify every retailer by mail of the new rate.

The fee shall be imposed solely for the purpose of funding 911 service in such county or city. The monthly fee authorized in this section shall be limited to one fee per device. The fee authorized in this section shall be in addition to all other taxes and fees imposed by law and may be stated separately from all other charges and taxes. The fee shall be the liability of the subscriber, not the provider, except that the provider shall be liable to remit all fees that the provider collects under this section.**

**2. No such order or ordinance adopted under this section shall become effective unless the governing body of the county or city submits to the voters residing within the county or city at a state general, primary, or special election a proposal to authorize the governing body to impose a fee under this section. The question submitted shall be in substantially the following form:**

**“Shall ..... (insert name of county or city) impose a monthly fee of ..... (insert amount) on a subscriber of any communications service that has been enabled to contact 911 for the purpose of funding 911 service in the ..... (county or city)?”**

**If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, the fee shall become effective on the first day of the second calendar quarter after the director of revenue receives notification of adoption of the fee. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, the fee shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.**

**3. Except as modified in this section, all provisions of sections 32.085 and 32.087 and subsection 7 of section 144.190 shall apply to the fee imposed under this section.**

**4. All revenue collected under this section by the director of the department of revenue on behalf of the county or city, except for two percent to be withheld by the provider for the cost of administering the collection and remittance of the fee, and one percent for the cost of collection which**

shall be deposited in the state's general revenue fund, shall be deposited in the Missouri 911 service trust fund created under section 190.420. The director of the department of revenue shall remit such funds to the county or city on a monthly basis. The governing body of any such county or city shall control such funds remitted to the county or city unless the county or city has established an elected board for the purpose of administering such funds. In the event that any county or city has established a board under any other provision of state law for the purpose of administering funds for 911 service, such existing board may continue to perform such functions after the county or city has adopted the monthly fee under this section.

5. Nothing in this section imposes any obligation upon a provider of a communications service to take any legal action to enforce the collection of the tax imposed in this section. The tax shall be collected in compliance, as applicable, with the federal Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections 116 to 124, as amended.

6. Notwithstanding any other provision of law to the contrary, proprietary information submitted under this section shall only be subject to subpoena or lawful court order. Information collected under this section shall only be released or published in aggregate amounts that do not identify or allow identification of numbers of subscribers or revenues attributable to an individual communications service provider.

7. Notwithstanding any other provision of law to the contrary, in no event shall any communications service provider, its officers, employees, assigns, agents, vendors, or anyone acting on behalf of such persons, be liable for any form of civil damages or criminal liability that directly or indirectly results from, or is caused by:

(1) An act or omission in the development, design, installation, operation, maintenance, performance, or provision of service to a public safety answering point or to subscribers that use such service, whether providing such service is required by law or is voluntary; or

(2) The release of subscriber information to any governmental entity under this section unless such act, release of subscriber information, or omission constitutes gross negligence, recklessness, or intentional misconduct.

Nothing in this section is intended to void or otherwise override any contractual obligation pertaining to equipment or services sold to a public safety answering point by a communications service provider. No cause of action shall lie in any court of law against any provider of communications service, commercial mobile service, or other communications-related service, or its officers, employees, assignees, agents, vendors, or anyone acting on behalf of such persons, for providing call location information concerning the user of any such service in an emergency situation to a law enforcement official or agency in order to respond to a call for emergency service by a subscriber, customer, or user of such service or for providing caller location information or doing a ping locate in an emergency situation that involves danger of death or serious physical injury to any person where disclosure of communications relating to the emergency is required without delay, whether such provision of information is required by law or voluntary.

8. The fee imposed under this section shall not be imposed on customers who pay for service prospectively, including customers of prepaid wireless telecommunications service.

**9. No county or city shall submit a proposal to the voters under this section for a fee of more than one dollar until the county or city receives approval for the fee amount from the Missouri 911 service board established under section 650.325. Once a fee of more than one dollar has been approved by the Missouri 911 service board and the voters, the county or city shall not subsequently increase the fee until the increased fee amount has been approved by the Missouri 911 service board and the voters under this section. Any county or city seeking to impose or increase a fee of more than one dollar shall submit to the Missouri 911 service board information to justify the fee amount. The information to be provided shall include, but not be limited to, the following:**

- (1) Estimated costs of services to be provided;**
- (2) Estimated revenue from all sources intended to financially support the proposed 911 service;**
- (3) Prior revenue amounts and sources of financial support for the previously funded 911 or emergency dispatch service;**
- (4) Efforts to secure revenue to support the proposed 911 service other than the proposed fee under this section;**
- (5) Current level of 911 service provided and the proposed level of 911 service to be provided;**
- (6) Any previous efforts regarding the consolidation of 911 services and any currently proposed efforts regarding the consolidation of 911 services; and**
- (7) Expected level of training of personnel and expected number of telecommunications per shift.**

**10. The fee imposed under this section shall not be imposed in conjunction with any tax imposed under section 190.292, 190.305, 190.325, or 190.335. No county or city shall simultaneously impose more than one tax authorized in this section or section 190.292, 190.305, 190.325, or 190.335. No fee imposed under this section shall be imposed on more than one hundred exchange access facilities or their equivalent per person per location.**

**11. No county shall submit a proposal to the voters of the county under this section or section 190.335 until either:**

**(1) All providers of emergency telephone service as defined in section 190.300 and public safety answering point operations within the county are consolidated into one public agency as defined in section 190.300 that provides emergency telephone service for the county;**

**(2) The county develops a plan for consolidation of emergency telephone service, as defined in section 190.300, and public safety answering point operations within the county are consolidated into one public agency, as defined in section 190.300, that provides emergency telephone service for the county; or**

**(3) The county develops a plan for consolidation of emergency telephone service, as defined in section 190.300, and public safety answering point operations within the county that includes either consolidation or entering into a shared services agreement for such services, which shall be implemented on approval of the fee by the voters.**

**12. Any plan developed under subdivision (2) or (3) of subsection 11 of this section shall be filed with the Missouri 911 service board under subsection 4 of section 650.330. Any plan that is filed under**

this subsection shall provide for the establishment of a joint emergency communications board as described in section 70.260. The director of the department of revenue shall not remit any funds as provided under this section until the department receives notification from the Missouri 911 service board that the county has filed a plan that is ready for implementation. If, after one year following the enactment of the fee described in subsection 1 of this section, the county has not complied with the plan that the county submitted under subdivision (2) or (3) of subsection 11 of this section, but the county has substantially complied with the plan, the Missouri 911 service board may grant the county an extension of up to six months to comply with its plan. Not more than one extension may be granted to a county. The authority to impose the fee granted to the county in subsection 1 of this section shall be null and void if after one year following the enactment of the fee described in subsection 1 of this section the county has not complied with the plan and has not been granted an extension by the Missouri 911 service board, or if the six-month extension expires and the county has not complied with the plan.

13. Each county that does not have a public agency, as defined in section 190.300, that provides emergency telephone service as defined in section 190.300 for the county shall either:

(1) Enter into a shared services agreement for providing emergency telephone services with a public agency that provides emergency telephone service, if such an agreement is feasible; or

(2) Form with one or more counties an emergency telephone services district in conjunction with any county with a public agency that provides emergency telephone service within the county. If such a district is formed under this subdivision, the governing body of such district shall be the county commissioners of each county within the district, and each county within such district shall submit to the voters of the county a proposal to impose the fee under this section.

14. A county operating joint or shared emergency telephone service, as defined in section 190.300, may submit to the voters of the county a proposal to impose the fee to support joint operations and further consolidation under this section.

15. All 911 fees shall be imposed as provided in the Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections 116 to 124, as amended.

16. Nothing in subsections 11, 12, 13, and 14 of this section shall apply to a county with a charter form of government where all public safety answering points within the county utilize a common 911 communication service as implemented by the appropriate local and county agencies prior to August 28, 2018.

17. Any home rule city with more than four hundred thousand inhabitants and located in more than one county shall establish an agreement with the counties in which it is located regarding the allocation of anticipated revenue created upon passage of a ballot action submitted to the voters as provided for in 190.292, 190.305, 190.325, 190.335 & 190.455 as well as revenue provided based upon 190.460 and the divided cost related to regional 911 services. The allocation and actual expenses of the regional 911 service shall be determined based upon the percentage of residents of each county who also reside in the home rule city compared with those who reside in the county but who do not reside in the home rule city. The agreement between the counties and the home rule city may either be between the individual counties and the home rule city or jointly between all entities. The agreement to divide cost and revenue as required in this section shall not take effect until passage of

a ballot proposition as defined in 190.292, 190.305, 190.325, 190.335 or 190.455. The population shall be determined based upon the most recent decennial census. This subsection shall not apply to a county of the first classification without a charter form of government with a population of at least ninety-eight thousand but fewer than one hundred five thousand inhabitants.

**190.460. 1. As used in this section, the following terms**

**mean:**

- (1) “Board”, the Missouri 911 service board established under section 650.325;**
- (2) “Consumer”, a person who purchases prepaid wireless telecommunications service in a retail transaction;**
- (3) “Department”, the department of revenue;**
- (4) “Prepaid wireless service provider”, a provider that provides prepaid wireless service to an end user;**
- (5) “Prepaid wireless telecommunications service”, a wireless telecommunications service that allows a caller to dial 911 to access the 911 system and which service shall be paid for in advance and is sold in predetermined units or dollars of which the number declines with use in a known amount;**
- (6) “Retail transaction”, the purchase of prepaid wireless telecommunications service from a seller for any purpose other than resale. The purchase of more than one item that provides prepaid wireless telecommunication service, when such items are sold separately, constitutes more than one retail transaction;**
- (7) “Seller”, a person who sells prepaid wireless telecommunications service to another person;**
- (8) “Wireless telecommunications service”, commercial mobile radio service as defined by 47 CFR 20.3, as amended.**

**2. (1) Beginning January 1, 2019, there is hereby imposed a prepaid wireless emergency telephone service charge on each retail transaction. The amount of such charge shall be equal to three percent of each retail transaction. However, if a minimal amount of prepaid wireless telecommunications service is sold with a prepaid wireless device for a single nonitemized price, the seller may elect not to apply such service charge to such transaction. For purposes of this subdivision, an amount of service denominated as ten or fewer minutes, or five dollars or less, is minimal.**

**(2) The prepaid wireless emergency telephone service charge shall be collected by the seller from the consumer with respect to each retail transaction occurring in this state. The amount of the prepaid wireless emergency telephone service charge shall be either separately stated on an invoice, receipt, or other similar document that is provided to the consumer by the seller or otherwise disclosed to the consumer.**

**(3) For purposes of this subsection, a retail transaction that is effected in person by a consumer at a business location of the seller shall be treated as occurring in this state if that business location is in this state, and any other retail transaction shall be treated as occurring in this state if the retail transaction is treated as occurring in this state under state law.**

**(4) The prepaid wireless emergency telephone service charge is the liability of the consumer and**

not of the seller or of any provider; except that, the seller shall be liable to remit all charges that the seller is deemed to collect if the amount of the charge has not been separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller.

(5) The amount of the prepaid wireless emergency telephone service charge that is collected by a seller from a consumer, if such amount is separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller, shall not be included in the base for measuring any tax, fee, surcharge, or other charge that is imposed by this state, any political subdivision of this state, or any intergovernmental agency.

3. (1) Prepaid wireless emergency telephone service charges collected by sellers shall be remitted to the department at the times and in the manner provided by state law with respect to sales and use taxes. The department shall establish registration and payment procedures that substantially coincide with the registration and payment procedures that apply under state law.

(2) Beginning on January 1, 2019, and ending on January 31, 2019, when a consumer purchases prepaid wireless telecommunications service in a retail transaction from a seller under this section, the seller shall be allowed to retain one hundred percent of the prepaid wireless emergency telephone service charges that are collected by the seller from the consumer. Beginning on February 1, 2019, a seller shall be permitted to deduct and retain three percent of prepaid wireless emergency telephone service charges that are collected by the seller from consumers.

(3) The department shall establish procedures by which a seller of prepaid wireless telecommunications service may document that a sale is not a retail transaction, which procedures shall substantially coincide with the procedures for documenting sale for resale transactions for sales and use purposes under state law.

(4) The department shall deposit all remitted prepaid wireless emergency telephone service charges into the general revenue fund for the department's use until eight hundred thousand one hundred fifty dollars is collected to reimburse its direct costs of administering the collection and remittance of prepaid wireless emergency telephone service charges. From then onward, the department shall deposit all remitted prepaid wireless emergency telephone service charges into the Missouri 911 service trust fund created under section 190.420 within thirty days of receipt for use by the board. After the initial eight hundred thousand one hundred fifty dollars is collected, the department may deduct an amount not to exceed one percent of collected charges to be retained by the department to reimburse its direct costs of administering the collection and remittance of prepaid wireless emergency telephone service charges.

(5) The board shall set a rate between twenty-five and seventy-five percent of the prepaid wireless emergency telephone service charges deposited in the Missouri 911 service trust fund collected in counties without a charter form of government, less the deductions authorized in subdivision (4) of this subsection, that shall be remitted to such counties in direct proportion to the amount of charges collected in each county. The board shall set a rate between sixty-five and seventy-five percent of the prepaid wireless emergency telephone service charges deposited in the Missouri 911 service trust fund collected in counties with a charter form of government and any city not within a county, less the deductions authorized in subdivision (4) of this subsection, that shall be remitted to each such county or city not within a county in direct proportion to the amount of charges collected in each such county or city not within a county. The initial percentage rate set by the board for counties with and without

a charter form of government and any city not within a county may be adjusted after three years, and thereafter the rate may be adjusted every two years; however, at no point shall the board set rates that fall below twenty-five percent for counties without a charter form of government and sixty-five percent for counties with a charter form of government and any city not within a county.

(6) Any amounts received by a county or city under subdivision (5) of this subsection shall be used only for purposes authorized in sections 190.305 and 190.335.

4. (1) A seller that is not a provider shall be entitled to the immunity and liability protections under section 190.455, notwithstanding any requirement in state law regarding compliance with Federal Communications Commission Order 05-116.

(2) A provider shall be entitled to the immunity and liability protections under section 190.455.

(3) In addition to the protection from liability provided in subdivisions (1) and (2) of this subsection, each provider and seller and its officers, employees, assigns, agents, vendors, or anyone acting on behalf of such persons shall be entitled to the further protection from liability, if any, that is provided to providers and sellers of wireless telecommunications service that is not prepaid wireless telecommunications service under section 190.455.

5. The prepaid wireless emergency telephone service charge imposed by this section shall be in addition to any other tax, fee, surcharge, or other charge imposed by this state, any political subdivision of this state, or any intergovernmental agency for 911 funding purposes.

190.465. 1. In order to provide the best possible 911 technology and service to all areas of the state in the most efficient and economical manner possible, it is the public policy of this state to encourage the consolidation of emergency communications operations.

2. Any county, city, or 911 or emergency services board established under chapter 190 or section 321.243 may contract and cooperate with any other county, city, or 911 or emergency services board established under chapter 190 or section 321.243 as provided in sections 70.210 to 70.320. Any contracting counties or boards may seek assistance and advice from the Missouri 911 service board established in section 650.325 regarding the terms of the joint contract and the administration and operation of the contracting counties, cities, and boards.

3. If two or more counties, cities, 911 districts, or existing emergency communications entities desire to consolidate their emergency communications operations, a joint emergency communications entity may be established by the parties through an agreement identifying the conditions and provisions of the consolidation and the operation of the joint entity. This agreement may include the establishment of a joint governing body that may be comprised of the boards of the entities forming the agreement currently authorized by statute or an elected or appointed joint board authorized under section 70.260; provided that, the representation on the joint board of each of the entities forming the agreement shall be equal. If the entities entering into an agreement under this subsection decide that any 911 service center responsible for the answering of 911 calls and the dispatch of assistance shall be physically located in a county other than a county with the lowest average county wage from the set of counties where the entities entering into an agreement under this subsection are located in whole or part, such entities shall provide a written reason for this decision to the Missouri 911 service board and such document shall be considered a public record under chapter 610. The county average wage comparison shall be conducted using the information from the Missouri

department of economic development, which calculates such county average wages under section 135.950.

4. After August 28, 2018, no public safety answering point operation may be established as a result of its separation from an existing public safety answering point operation without a study by, and the approval of, the Missouri 911 service board.

5. No provision of this section shall be construed to prohibit or discourage in any manner the formation of multiagency or multijurisdictional public safety answering point operations.

190.470. 1. As an alternative to the procedure provided in section 190.465, two or more 911 central dispatch centers that are organized under sections 190.327 to 190.329 or section 190.335 and funded by public taxes may consolidate into one 911 central dispatch center by following the procedures set forth in this section.

2. If the consolidation of existing 911 central dispatch centers is desired, a number of voters residing in the existing 911 central dispatch centers' service areas equal to ten percent of the votes cast for governor in those service areas in the preceding gubernatorial election may file with the county clerk in which the territory or greater part of the proposed consolidated 911 central dispatch center service area will be situated a petition requesting consolidation of two or more 911 central dispatch centers.

3. The petition shall be in the following form:

"We, the undersigned voters residing in the service areas for the following 911 central dispatch centers, do hereby petition that the following existing 911 central dispatch centers be consolidated into one 911 central dispatch center."

4. An alternative procedure of consolidation may be followed if each of the boards of directors of the existing 911 central dispatch centers passes a resolution in the following form:

"The board of directors of the ..... 911 central dispatch center resolves that the ..... and ..... 911 central dispatch centers be consolidated into one 911 central dispatch center."

5. Upon the filing of a petition or resolution with the county clerk from each of the service areas of the 911 central dispatch centers to be consolidated, the clerk shall present the petition or resolution to the commissioners of the county commission having jurisdiction, who shall order the submission of the question to voters within the affected 911 central dispatch center service areas. The filing of a petition shall be no later than twelve months after any original voter's signature contained therein.

6. The notice of election shall contain the names of the existing 911 central dispatch centers to be included in the consolidated 911 central dispatch center.

7. The question shall be submitted in substantially the following form:

"Shall the existing ..... 911 central dispatch centers be consolidated into one 911 central dispatch center?"

8. If the question of consolidation of the 911 central dispatch centers receives a majority of the votes cast in each service area, the county commissions having joint jurisdiction shall each enter an order declaring the proposition passed.

**9. Within thirty days after the 911 central dispatch center has been declared consolidated, the respective county commissions having jurisdiction shall jointly meet to appoint a new seven-person board consisting of the agencies and professions listed in subsection 9 of section 190.335, and shall ensure geographic representation by appointing no more than four members from any one county having jurisdiction within the consolidated area for the newly consolidated 911 central dispatch center.**

**10. Within thirty days after the appointment of the initial board of directors of the newly consolidated 911 central dispatch center, the board of directors shall meet at a time and place designated by the county commissions. At the first meeting, the newly appointed board of directors shall choose a name for the consolidated 911 central dispatch center and shall notify the clerks of the county commission of each county within which the newly consolidated 911 central dispatch center's service area now subsumes.**

**11. Starting with the April election in the year after the appointment of the initial board of directors, one member shall be subject to running at large as chair for a four-year term. Four members shall be selected by lot to run for two-year terms, and two members shall be selected by lot to run for four-year terms. Thereafter, all terms shall be four-year terms.**

**12. On the thirtieth day following the appointment of the initial board of directors, the existing 911 central dispatch centers shall cease to exist and the consolidated 911 central dispatch center shall assume all of the powers and duties exercised by the 911 central dispatch centers. All assets and obligations of the existing 911 central dispatch centers shall become the assets and obligations of the newly consolidated 911 central dispatch center.**

**13. In any county that has a single board established under chapter 190 or under section 321.243, if a consolidation under this section only affects existing 911 central dispatch centers located wholly within such county, the existing board shall vote as to whether the existing board shall continue to exist. Upon a majority vote for approval of the existing board continuing to exist, subsections 9 to 12 of this section shall not apply, and the existing board shall continue to exist and have the powers set forth under the applicable section or sections within chapter 190 or under section 321.243. Upon a majority vote in disapproval of the existing board continuing to exist, all applicable subsections of this section shall apply to the consolidation. A tied vote shall be considered a disapproval of the existing board continuing to exist.**

**190.475. The director of the department of revenue shall maintain a centralized database, which shall be made available to the Missouri 911 service board established under section 650.325, specifying the current monthly fee or tax imposed by each county or city under section 190.292, 190.305, 190.325, 190.335, or 190.455. The database shall be updated no less than sixty days prior to the effective date of the establishment or modification of any monthly fee or tax listed in the database.”; and**

Further amend said bill, Page 49, Section 650.277, Line 22, by inserting after all of said section and line the following:

committee that:

(1) The applicant has a baccalaureate degree in social work from an accredited social work degree program approved by the council of social work education;

(8) Development of an appeal procedure for the review of decisions and rules of administrative agencies existing under the constitution or laws of this state;

(9) Establishment of a policy and procedure for reciprocity with [other states, including] states which do not have marital and family therapist licensing laws [or] **and** states whose licensing laws are not substantially [the same as] **similar to** those of this state; and

(10) Any other policies or procedures necessary to the fulfillment of the requirements of sections 337.700 to 337.739.

339.523. 1. A nonresident of this state who has complied with the provisions of sections 339.511, 339.513, 339.515, and 339.517 [or section 339.521] may obtain certification as a state-certified real estate appraiser or licensure as a state-licensed real estate appraiser by conforming to all of the provisions of sections 339.500 to 339.549 relating to state-certified real estate appraisers or state-licensed real estate appraisers.

2. Every applicant for certification or licensure pursuant to sections 339.500 to 339.545 who is not a resident of this state shall submit, with the application for certification, an irrevocable consent that service of process in any action against the applicant arising out of the applicant's activities as a state-certified real estate appraiser or state-licensed real estate appraiser may be made by delivery of the process to the executive director of the commission, if the plaintiff cannot, in the exercise of due diligence, effect personal service upon the applicant. The executive director shall immediately mail a copy of the materials served on the executive director by ordinary mail to the state-certified real estate appraiser or state-licensed real estate appraiser at both his or her principal place of business and his or her residence address.

344.030. 1. An applicant for an initial license shall file a completed application with the board on a form provided by the board, accompanied by an application fee as provided by rule payable to the department of health and senior services. Information provided in the application **shall be** attested by signature to be true and correct to the best of the applicant's knowledge and belief.

2. No initial license shall be issued to a person as a nursing home administrator unless:

(1) The applicant provides the board satisfactory proof that the applicant is twenty-one years of age or over, of good moral character and a high school graduate or equivalent;

(2) The applicant provides the board satisfactory proof that the applicant has had a minimum of three years' experience in health care administration or two years of postsecondary education in health care administration or has satisfactorily completed a course of instruction and training prescribed by the board, which includes instruction in the needs properly to be served by nursing homes, the protection of the interests of residents therein, and the elements of good nursing home administration, or has presented evidence satisfactory to the board of sufficient education, training, or experience in the foregoing fields to administer, supervise and manage a nursing home; and

(3) The applicant passes the examinations administered by the board. If an applicant fails to make a passing grade on either of the examinations such applicant may make application for reexamination on a form furnished by the board and may be retested. If an applicant fails either of the examinations a third time, the applicant shall be required to complete a course of instruction prescribed and approved by the board.

After completion of the board-prescribed course of instruction, the applicant may reapply for examination. With regard to the national examination required for licensure, no examination scores from other states shall be recognized by the board after the applicant has failed his or her third attempt at the national examination. There shall be a separate, nonrefundable fee for each examination. The board shall set the amount of the fee for examination by rules and regulations promulgated pursuant to section 536.021. The fee shall be set at a level to produce revenue which shall not substantially exceed the cost and expense of administering the examination.

3. [The board may issue a license through reciprocity to any person who is regularly licensed as a nursing home administrator in any other state, territory, or the District of Columbia, if the regulations for securing such license are equivalent to those required in the state of Missouri. However, no license by reciprocity shall be issued until the applicant passes a special examination approved by the board, which will examine the applicant's knowledge of specific provisions of Missouri statutes and regulations pertaining to nursing homes. The applicant shall furnish satisfactory evidence that such applicant is of good moral character and has acted in the capacity of a nursing home administrator in such state, territory, or the District of Columbia at least one year after the securing of the license. The board, in its discretion, may enter into written reciprocal agreements pursuant to this section with other states which have equivalent laws and regulations.

4.] Nothing in sections 344.010 to 344.108, or the rules or regulations thereunder shall be construed to require an applicant for a license as a nursing home administrator, who is employed by an institution listed and certified by the Commission for Accreditation of Christian Science Nursing Organizations/Facilities, Inc., to administer institutions certified by such commission for the care and treatment of the sick in accordance with the creed or tenets of a recognized church or religious denomination, to demonstrate proficiency in any techniques or to meet any educational qualifications or standards not in accord with the remedial care and treatment provided in such institutions. The applicant's license shall be endorsed to confine the applicant's practice to such institutions.

[5.] 4. The board may issue a temporary emergency license for a period not to exceed ninety days to a person twenty-one years of age or over, of good moral character and a high school graduate or equivalent to serve as an acting nursing home administrator, provided such person is replacing a licensed nursing home administrator who has died, has been removed or has vacated the nursing home administrator's position. No temporary emergency license may be issued to a person who has had a nursing home administrator's license denied, suspended or revoked. A temporary emergency license may be renewed for one additional ninety-day period upon a showing that the person seeking the renewal of a temporary emergency license meets the qualifications for licensure and has filed an application for a regular license, accompanied by the application fee, and the applicant has taken the examination or examinations but the results have not been received by the board. No temporary emergency license may be renewed more than one time.

345.050. 1. To be eligible for licensure by the board by examination, each applicant shall submit the application fee and shall furnish evidence of such person's good moral and ethical character, current competence and shall:

(2) Submit official transcripts from one or more accredited colleges or universities presenting evidence

of the completion of course work and clinical practicum requirements equivalent to that required by the Council on Academic Accreditation of the American Speech-Language-Hearing Association or other accrediting agency approved by the board; and

(3) Pass an examination promulgated or approved by the board. The board shall determine the subject and scope of the examinations.

2. To be eligible for licensure by the board without examination, each applicant shall make application on forms prescribed by the board, submit the application fee and shall be of good moral and ethical character, submit an activity statement and meet one of the following requirements:

(1) The board shall issue a license to any speech-language pathologist or audiologist who is licensed in another [jurisdiction] **country** and who has had no violations, suspension or revocations of a license to practice speech-language pathology or audiology in any jurisdiction; provided that, such person is licensed in a [jurisdiction] **country** whose requirements are substantially equal to, or greater than, Missouri at the time the applicant applies for licensure; or

(2) Hold the certificate of clinical competence issued by the American Speech-Language-Hearing Association in the area in which licensure is sought.

346.055. 1. An applicant may obtain a license provided the applicant:

(1) Is at least eighteen years of age; and

(2) Is of good moral character; and

(3) Successfully passes a qualifying examination as described under sections 346.010 to 346.250; and

(4) (a) Holds an associate's degree or higher, from a state or regionally accredited institution of higher education, in hearing instrument sciences; or

(b) Holds an associate's level degree or higher, from a state or regionally accredited institution of higher education and submits proof of completion of the International Hearing Society's Distance Learning for Professionals in Hearing Health Sciences Course; or

(c) Holds a master's or doctoral degree in audiology from a state or regionally accredited institution; or

(d) Holds a current, unsuspended, unrevoked license from another [jurisdiction] **country** if the standards for licensing in such [other jurisdiction] **country**, as determined by the board, are substantially equivalent to or exceed those required in paragraph (a) or (b) of this subdivision; or

(e) Holds a current, unsuspended, unrevoked license from another [jurisdiction] **country**, has been actively practicing as a licensed hearing aid fitter or dispenser in another [jurisdiction] **country** for no less than forty-eight of the last seventy-two months, and submits proof of completion of advance certification from either the International Hearing Society or the National Board for Certification in Hearing Instrument Sciences.

2. The provisions of subsection 1 of this section shall not apply to any person holding a valid Missouri hearing instrument specialist license under this chapter when applying for the renewal of that license. These provisions shall apply to any person holding a hearing instrument specialist-in-training permit at the time of their application for licensure or renewal of said permit.

3. (1) The board shall promulgate reasonable standards and rules for the evaluation of applicants for purposes of determining the course of instruction and training required of each applicant for a hearing instrument specialist license under the requirement of subdivision (4) of subsection 1 of this section.

(2) Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

374.785. [1. The director shall issue a license for a period of two years to any surety recovery agent who is licensed in another jurisdiction and who:

(1) Has no violations, suspensions, or revocations of a license to engage in fugitive recovery in any jurisdiction; and

(2) Is licensed in a jurisdiction whose requirements are substantially equal to or greater than the requirements for a surety recovery agent license in Missouri at the time the applicant applies for a license.

2. Any surety recovery agent who is licensed in another state shall also be subject to the same training requirements as in-state surety recovery agents prescribe to under section 374.784.

3.] For the purpose of surrender of the defendant, a surety recovery agent may apprehend the defendant anywhere within the state of Missouri before or after the forfeiture of the undertaking without personal liability for false imprisonment or may empower any surety recovery agent to make apprehension by providing written authority endorsed on a certified copy of the undertaking and paying the lawful fees.

[4. Every applicant for a license pursuant to this section, upon making application and showing the necessary qualifications as provided in this section, shall be required to pay the same fee as required of resident applicants. Within the limits provided in this section, the director may negotiate reciprocal compacts with licensing entities of other states for the admission of licensed surety recovery agents from Missouri in other states.]

643.228. 1. Required training courses for certification under section 643.225 shall first be accredited by the state. To be accredited, training programs shall meet the training certification and recertification requirements for each specialty area outlined in the United States EPA's model accreditation plan, 40 CFR Part 763, including passage of a course examination for these courses, and the certification requirements for air sampling professionals outlined in section 643.225. Such accreditation shall be obtained biennially. A representative of the department or the department of health and senior services shall be permitted to attend, monitor and evaluate any training program without charge to the state. Such evaluations may be conducted without prior notice. Refusal to allow such an evaluation is sufficient grounds for loss of certificate of accreditation.

2. An accreditation fee of one thousand dollars per course category shall be paid prior to issuance or renewal of a certificate of accreditation, however, no individual, group, agency or organization shall pay more than three thousand dollars for all course categories for which accreditation is requested at the same time.

[3. The director may engage in reciprocity agreements with other states that have established accreditation criteria for certification training programs that meet or exceed Missouri's accreditation criteria.]

The director shall promulgate rules and regulations including, but not limited to:

- (1) The power to issue, restrict, suspend, revoke, deny and reissue licenses;
- (2) The power to issue notices of violation, written notices and letters of warning;
- (3) [The ability to enter into reciprocity agreements with other states that have similar licensing provisions;
- (4)] Fees for any such licenses;
- [(5)] (4) Training, education and experience requirements; and
- [(6)] (5) The implementation of work practice standards, reporting requirements and licensing standards.

2. The director shall require, as a condition of licensure, lead abatement contractors to purchase and maintain liability and errors and omissions insurance. The director shall require a licensee or an applicant for licensure to provide evidence of their ability to indemnify any person that may suffer damage from lead-based paint activities of which the licensee or applicant may be liable.

701.314. The director of the department of health and senior services shall develop a program to accredit training providers to train lead inspectors, risk assessors, lead abatement supervisors, lead abatement workers and project designers. The director shall promulgate rules and regulations including, but not limited to:

- (1) The power to grant, restrict, suspend, revoke, deny or renew accreditation;
- (2) The power to issue notices of violation, written notices and letters of warning;
- (3) [The ability to enter into reciprocity agreements with other states that have similar accreditation provisions;
- (4)] Fees for any such accreditation;
- [(5)] (4) The curriculum for training;
- [(6)] (5) The development of standards for accreditation; and
- [(7)] (6) Procedures for monitoring, training, record keeping and reporting requirements for training providers.

[339.521. An applicant who is certified or licensed under the laws of another state may obtain certification as a state certified real estate appraiser or licensure as a state licensed real estate appraiser in this state upon such terms and conditions as may be determined by the board, provided that such terms and conditions shall comply with the minimum criteria for certification or licensure issued by the appraiser qualifications board of the appraisal foundation.]

[374.735. 1. The department may, in its discretion, grant a license without requiring an examination to a bail bond agent who has been licensed in another state immediately preceding his or her applying to the department, if the department is satisfied by proof adduced by the applicant that:

(1) The qualifications of the other state are at least equivalent to the requirements for initial licensure as a bail bond agent in this state pursuant to the provisions of sections 374.695 to 374.775, provided that the other state licenses Missouri residents in the same manner; and

(2) The applicant has no suspensions or revocations of a license to engage in the bail bond or fugitive recovery business in any jurisdiction.

2. Every applicant for a license pursuant to this section, upon showing the necessary qualifications as provided in this section, shall be required to pay the same fee as the fee required to be paid by resident applicants.

3. Within the limits provided in this section, the department may negotiate reciprocal compacts with licensing entities of other states for the admission of licensed bail bond agents from Missouri in other states.

4. All applicants applying for licenses in this state after the enactment of said act shall complete the education requirement as stated in section 374.710. If the bail bond agent or general bail bond agent has been licensed in another state and has a license in Missouri at the time said act becomes law, said individual shall not be required to complete the twenty-four hours of initial basic training.]

[700.662. 1. The commission may waive the training and examination requirements of subsection 1 of section 700.659 and grant an installer license to an applicant who pays the applicable fee and demonstrates to the commission's satisfaction that his or her current license, registration, or certification requirements as an installer in another state, the District of Columbia, or territories of the United States substantially meets or exceeds the requirements in sections 700.650 to 700.680.

2. The commission may negotiate reciprocal agreements that allow licensed installers in Missouri to become licensed in other states, the District of Columbia, or territories of the United States.]"; and

# Journal of the Senate

## SECOND REGULAR SESSION

---

**SIXTY-THIRD DAY—WEDNESDAY, MAY 2, 2018**

---

The Senate met pursuant to adjournment.

President Parson in the Chair.

Reverend Carl Gauck offered the following prayer:

“All the paths of the Lord are steadfast love and faithfulness, for those who keep his covenant and his decrees.” (Psalm 25:10)

Almighty God, we continue to learn that You love us so that we might love and care for others with the love we experience from You. We have seen that the word “Unloved” is the most tragic of words in our society and brings much pain. We seem to learn more each day that love has a power to heal and cure those who especially have not known such a love in their life. So we pray we might be faithful in expressing love to those who need it most. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The notice shall be in writing, shall specify the name of the officer or agency calling the election and shall include a certified copy of the legal notice to be published pursuant to subsection 2 of section 115.127. The notice and any other information required by this section may, with the prior notification to the election authority receiving the notice, be accepted by facsimile transmission prior to 5:00 p.m. on the tenth Tuesday prior to the election, provided that the original copy of the notice and a certified copy of the legal notice to be published shall be received in the office of the election authority within three business days from the date of the facsimile transmission. In lieu of a certified copy of the legal notice to be published pursuant to subsection 2 of section 115.127, each notice of a special election to fill a vacancy shall include the name of the office to be filled, the date of the **primary election for the special election, if applicable, the date of the special election**, and the date by which candidates must be selected or filed for the office. Not later than the fourth Tuesday prior to any special election to fill a vacancy called by a political subdivision or special district, **or any special election called pursuant to section 26.018 or any preceding primary election for such special election**, the officer or agency calling the election shall certify a sample ballot to the election authorities responsible for**

conducting the election.

2. Except as provided for in sections 115.247 and 115.359, if there is no additional cost for the printing or reprinting of ballots or if the political subdivision or special district calling for the election agrees to pay any printing or reprinting costs, a political subdivision or special district may, at any time after certification required in subsection 1 of this section, but no later than 5:00 p.m. on the sixth Tuesday before the election, be permitted to make late notification to the election authority pursuant to court order, which, except for good cause shown by the election authority in opposition thereto, shall be freely given upon application by the political subdivision or special district to the circuit court of the area of such subdivision or district. No court shall have the authority to order an individual or issue be placed on the ballot less than six weeks before the date of the election, except as provided in sections 115.361 and 115.379.

115.127. 1. Except as provided in subsection 4 of this section, upon receipt of notice of a special election to fill a vacancy submitted pursuant to section 115.125, the election authority shall cause legal notice of the special election **and, if applicable, the primary election for a special election** to be published in a newspaper of general circulation in its jurisdiction. The notice shall include the name of the officer or agency calling the election, the date and time of the **special election and, if applicable, the primary election for such special election**, the name of the office to be filled and the date by which candidates must be selected or filed for the office. Within one week prior to each **primary election for a special election and each** special election to fill a vacancy held in its jurisdiction, the election authority shall cause legal notice of the election to be published in two newspapers of different political faith and general circulation in the jurisdiction. The legal notice shall include the date and time of the election, the name of the officer or agency calling the election and a sample ballot. If there is only one newspaper of general circulation in the jurisdiction, the notice shall be published in the newspaper within one week prior to the election. If there are two or more newspapers of general circulation in the jurisdiction, but no two of opposite political faith, the notice shall be published in any two of the newspapers within one week prior to the election.

2. Except as provided in subsections 1 and 4 of this section and in sections 115.521, 115.549 and 115.593, the election authority shall cause legal notice of each election held in its jurisdiction to be published. The notice shall be published in two newspapers of different political faith and qualified pursuant to chapter 493 which are published within the bounds of the area holding the election. If there is only one so qualified newspaper, then notice shall be published in only one newspaper. If there is no newspaper published within the bounds of the election area, then the notice shall be published in two qualified newspapers of different political faith serving the area. Notice shall be published twice, the first publication occurring in the second week prior to the election, and the second publication occurring within one week prior to the election. Each such legal notice shall include the date and time of the election, the name of the officer or agency calling the election and a sample ballot; and, unless notice has been given as provided by section 115.129, the second publication of notice of the election shall include the location of polling places. The election authority may provide any additional notice of the election it deems desirable.

3. The election authority shall print the official ballot as the same appears on the sample ballot, and no candidate's name or ballot issue which appears on the sample ballot or official printed ballot shall be stricken or removed from the ballot except on death of a candidate or by court order.

4. In lieu of causing legal notice to be published in accordance with any of the provisions of this chapter, the election authority in jurisdictions which have less than seven hundred fifty registered voters and in which no newspaper qualified pursuant to chapter 493 is published, may cause legal notice to be mailed

during the second week prior to the election, by first class mail, to each registered voter at the voter's voting address. All such legal notices shall include the date and time of the election, the location of the polling place, the name of the officer or agency calling the election and a sample ballot.

5. If the opening date for filing a declaration of candidacy for any office in a political subdivision or special district is not required by law or charter, the opening filing date shall be 8:00 a.m., the sixteenth Tuesday prior to the election, except that for any home rule city with more than four hundred thousand inhabitants and located in more than one county and any political subdivision or special district located in such city, the opening filing date shall be 8:00 a.m., the fifteenth Tuesday prior to the election. If the closing date for filing a declaration of candidacy for any office in a political subdivision or special district is not required by law or charter, the closing filing date shall be 5:00 p.m., the eleventh Tuesday prior to the election. The political subdivision or special district calling an election shall, before the sixteenth Tuesday, or the fifteenth Tuesday for any home rule city with more than four hundred thousand inhabitants and located in more than one county or any political subdivision or special district located in such city, prior to any election at which offices are to be filled, notify the general public of the opening filing date, the office or offices to be filled, the proper place for filing and the closing filing date of the election. Such notification may be accomplished by legal notice published in at least one newspaper of general circulation in the political subdivision or special district.

6. Except as provided for in sections 115.247 and 115.359, if there is no additional cost for the printing or reprinting of ballots or if the candidate agrees to pay any printing or reprinting costs, a candidate who has filed for an office or who has been duly nominated for an office may, at any time after the certification required in section 115.125 but no later than 5:00 p.m. on the sixth Tuesday before the election, withdraw as a candidate pursuant to a court order, which, except for good cause shown by the election authority in opposition thereto, shall be freely given upon application by the candidate to the circuit court of the area of such candidate's residence.”; and

Further amend the title and enacting clause accordingly.

Senator Sifton moved that the above substitute amendment be adopted.

169.324. 1. The annual service retirement allowance payable pursuant to section 169.320 shall be the retirant's number of years of creditable service multiplied by a percentage of the retirant's average final compensation, determined as follows:

(1) A retirant whose last employment as a regular employee ended prior to June 30, 1999, shall receive an annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life equal to the retirant's number of years of creditable service multiplied by one and three-fourths percent of the person's average final compensation, subject to a maximum of sixty percent of the person's average final compensation;

(2) A retirant whose number of years of creditable service is greater than thirty-four and one-quarter on August 28, 1993, shall receive an annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life equal to the retirant's number of years of creditable service as of August 28, 1993, multiplied by one and three-fourths percent of the person's average final compensation but shall not receive a greater annual service retirement allowance based on additional years of creditable service after August 28, 1993;

(3) A retirant who was an active member of the retirement system at any time on or after June 30, 1999, and who either retires before January 1, 2014, or is a member of the retirement system on December 31, 2013, and remains a member continuously to retirement shall receive an annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life equal to the retirant's number of years of creditable service multiplied by two percent of the person's average final compensation, subject to a maximum of sixty percent of the person's final compensation;

(4) A retirant who becomes a member of the retirement system on or after January 1, 2014, including any retirant who was a member of the retirement system before January 1, 2014, but ceased to be a member for any reason other than retirement, shall receive an annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life equal to the retirant's number of years of creditable service multiplied by one and three-fourths percent of the person's average final compensation, subject to a maximum of sixty percent of the person's average final compensation;

(5) Notwithstanding the provisions of subdivisions (1) to (4) of this subsection, effective January 1, 1996, any retirant who retired on, before or after January 1, 1996, with at least twenty years of creditable service shall receive at least three hundred dollars each month as a retirement allowance, or the actuarial

equivalent thereof if the retirant elected any of the options available under section 169.326. Any retirant who retired with at least ten years of creditable service shall receive at least one hundred fifty dollars each month as a retirement allowance, plus fifteen dollars for each additional full year of creditable service greater than ten years but less than twenty years (or the actuarial equivalent thereof if the retirant elected any of the options available under section 169.326). Any beneficiary of a deceased retirant who retired with at least ten years of creditable service and elected one of the options available under section 169.326 shall also be entitled to the actuarial equivalent of the minimum benefit provided by this subsection, determined from the option chosen.

2. Except as otherwise provided in sections 169.331 and 169.585, payment of a retirant's retirement allowance will be suspended for any month for which such person receives remuneration from the person's employer or from any other employer in the retirement system established by section 169.280 for the performance of services except any such person other than a person receiving a disability retirement allowance under section 169.322 may serve as a nonregular substitute, part-time or temporary employee for not more than six hundred hours in any school year without becoming a member and without having the person's retirement allowance discontinued, provided that through such substitute, part-time, or temporary employment, the person may earn no more than fifty percent of the annual salary or wages the person was last paid by the employer before the person retired and commenced receiving a retirement allowance, adjusted for inflation. If a person exceeds such hours limit or such compensation limit, payment of the person's retirement allowance shall be suspended for the month in which such limit was exceeded and each subsequent month in the school year for which the person receives remuneration from any employer in the retirement system. In addition to the conditions set forth above, the restrictions of this subsection shall also apply to any person retired and currently receiving a retirement allowance under sections 169.270 to 169.400, other than for disability, who is employed by a third party or is performing work as an independent contractor if the services performed by such person are provided to or for the benefit of any employer in the retirement system established under section 169.280. The retirement system may require the employer receiving such services, the third-party employer, the independent contractor, and the retirant subject to this subsection to provide documentation showing compliance with this subsection. If such documentation is not provided, the retirement system may deem the retirant to have exceeded the limitations provided for in this subsection. If a retirant is reemployed by any employer in any capacity, whether pursuant to this section, or section 169.331 or 169.585, or as a regular employee, the amount of such person's retirement allowance attributable to service prior to the person's first retirement date shall not be changed by the reemployment. If the person again becomes an active member and earns additional creditable service, upon the person's second retirement the person's retirement allowance shall be the sum of:

(1) The retirement allowance the person was receiving at the time the person's retirement allowance was suspended, pursuant to the payment option elected as of the first retirement date, plus the amount of any increase in such retirement allowance the person would have received pursuant to subsection 3 of this section had payments not been suspended during the person's reemployment; and

(2) An additional retirement allowance computed using the benefit formula in effect on the person's second retirement date, the person's creditable service following reemployment, and the person's average final annual compensation as of the second retirement date.

The sum calculated pursuant to this subsection shall not exceed the greater of sixty percent of the person's average final compensation as of the second retirement date or the amount determined pursuant to

subdivision (1) of this subsection. Compensation earned prior to the person's first retirement date shall be considered in determining the person's average final compensation as of the second retirement date if such compensation would otherwise be included in determining the person's average final compensation.

3. The board of trustees shall determine annually whether the investment return on funds of the system can provide for an increase in benefits for retirants eligible for such increase. A retirant shall and will be eligible for an increase awarded pursuant to this section as of the second January following the date the retirant commenced receiving retirement benefits. Any such increase shall also apply to any monthly joint and survivor retirement allowance payable to such retirant's beneficiaries, regardless of age. The board shall make such determination as follows:

(1) After determination by the actuary of the investment return for the preceding year as of December thirty-first (the "valuation year"), the actuary shall recommend to the board of trustees what portion of the investment return is available to provide such benefits increase, if any, and shall recommend the amount of such benefits increase, if any, to be implemented as of the first day of the thirteenth month following the end of the valuation year, and first payable on or about the first day of the fourteenth month following the end of the valuation year. The actuary shall make such recommendations so as not to affect the financial soundness of the retirement system, recognizing the following safeguards:

(a) The retirement system's funded ratio as of January first of the year preceding the year of a proposed increase shall be at least one hundred percent [after] **before** adjusting for the effect of the proposed increase. The funded ratio is the ratio of assets to the pension benefit obligation;

(b) The actuarially required contribution rate, [after] **before** adjusting for the effect of the proposed increase, may not exceed the then applicable employer and member contribution rate as determined under [subsection] **subsections 4, 5, and 6** of section 169.350;

(c) The actuary shall certify to the board of trustees that the proposed increase will not impair the actuarial soundness of the retirement system;

(d) A benefit increase, under this section, once awarded, cannot be reduced in succeeding years;

(2) The board of trustees shall review the actuary's recommendation and report and shall, in their discretion, determine if any increase is prudent and, if so, shall determine the amount of increase to be awarded.

4. This section does not guarantee an annual increase to any retirant.

5. If an inactive member becomes an active member after June 30, 2001, and after a break in service, unless the person earns at least four additional years of creditable service without another break in service, upon retirement the person's retirement allowance shall be calculated separately for each separate period of service ending in a break in service. The retirement allowance shall be the sum of the separate retirement allowances computed for each such period of service using the benefit formula in effect, the person's average final compensation as of the last day of such period of service and the creditable service the person earned during such period of service; provided, however, if the person earns at least four additional years of creditable service without another break in service, all of the person's creditable service prior to and including such service shall be aggregated and, upon retirement, the retirement allowance shall be computed using the benefit formula in effect and the person's average final compensation as of the last day of such period of four or more years and all of the creditable service the person earned prior to and during such

period.

6. Notwithstanding anything contained in this section to the contrary, the amount of the annual service retirement allowance payable to any retirant pursuant to the provisions of sections 169.270 to 169.400, including any adjustments made pursuant to subsection 3 of this section, shall at all times comply with the provisions and limitations of Section 415 of the Internal Revenue Code of 1986, as amended, and the regulations thereunder, the terms of which are specifically incorporated herein by reference.

7. All retirement systems established by the laws of the state of Missouri shall develop a procurement action plan for utilization of minority and women money managers, brokers and investment counselors. Such retirement systems shall report their progress annually to the joint committee on public employee retirement and the governor's minority advocacy commission.

169.350. 1. All of the assets of the retirement system (other than tangible real or personal property owned by the retirement system for use in carrying out its duties, such as office supplies and furniture) shall be credited, according to the purpose for which they are held, in either the employees' contribution fund or the general reserve fund.

(1) The employees' contribution fund shall be the fund in which shall be accumulated the contributions of the members. The employer shall, except as provided in subdivision (5) of this subsection, cause to be deducted from the compensation of each member on each and every payroll, for each and every payroll period, the pro rata portion of five and nine-tenths percent of his annualized compensation. Effective January 1, 1999, through December 31, 2013, the employer shall deduct an additional one and six-tenths percent of the member's annualized compensation. For 2014 and for each subsequent year, the employer shall deduct from each member's annualized compensation the rate of contribution determined for such year [by the actuary for the retirement system in the manner] **as provided in [subsection] subsections 4, 5, and 6 of this section.**

(2) The employer shall pay all such deductions and any amount it may elect to pay pursuant to subdivision (5) of this subsection to the retirement system at once. The retirement system shall credit such deductions and such amounts to the individual account of each member from whose compensation the deduction was made or with respect to whose compensation the amount was paid pursuant to subdivision (5) of this subsection. In determining the deduction for a member in any payroll period, the board of trustees may consider the rate of compensation payable to such member on the first day of the payroll period as continuing throughout such period.

(3) The deductions provided for herein are declared to be a part of the compensation of the member and the making of such deductions shall constitute payments by the member out of the person's compensation and such deductions shall be made notwithstanding that the amount actually paid to the member after such deductions is less than the minimum compensation provided by law for any member. Every member shall be deemed to consent to the deductions made and provided for herein, and shall receipt for the person's full compensation, and the making of the deduction and the payment of compensation less the deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for services rendered during the period covered by the payment except as to benefits provided by sections 169.270 to 169.400.

(4) The accumulated contributions with interest of a member withdrawn by the person or paid to the person's estate or designated beneficiary in the event of the person's death before retirement shall be paid

from the employees' contribution fund. Upon retirement of a member the member's accumulated contributions with interest shall be transferred from the employees' contribution fund to the general reserve fund.

(5) The employer may elect to pay on behalf of all members all or part of the amount that the members would otherwise be required to contribute to the employees' contribution fund pursuant to subdivision (1) of this subsection. Such amounts paid by the employer shall be in lieu of members' contributions and shall be treated for all purposes of sections 169.270 to 169.400 as contributions made by members. Notwithstanding any other provision of this chapter to the contrary, no member shall be entitled to receive such amounts directly. The election shall be made by a duly adopted resolution of the employer's board and shall remain in effect for at least one year from the effective date thereof. The election may be thereafter terminated only by an affirmative act of the employer's board notwithstanding any limitation in the term thereof in the adopting resolution. Any such termination resolution shall be adopted at least sixty days prior to the effective date thereof, and the effective date thereof shall coincide with a fiscal year-end of the employer. In the absence of such a termination resolution, the election shall remain in effect from fiscal year to fiscal year.

2. The general reserve fund shall be the fund in which shall be accumulated all reserves for the payment of all benefit expenses and other demands whatsoever upon the retirement system except those items heretofore allocated to the employees' contribution fund.

(1) All contributions by the employer, except those the employer elects to make on behalf of the members pursuant to subdivision (5) of subsection 1 of this section, shall be credited to the general reserve fund.

(2) Should a retirant be restored to active service and again become a member of the retirement system, the excess, if any, of the person's accumulated contributions over benefits received by the retirant shall be transferred from the general reserve fund to the employees' contribution fund and credited to the person's account.

3. Gifts, devises, bequests and legacies may be accepted by the board of trustees and deposited in the general reserve fund to be held, invested and used at its discretion for the benefit of the retirement system except where specific direction for the use of a gift is made by a donor.

4. Beginning in 2013, the actuary for the retirement system shall annually calculate the rate of employer contributions and member contributions for 2014 and for each subsequent calendar year **through 2018**, expressed as a level percentage of the annualized compensation of the members, subject to the following:

(1) The rate of contribution for any calendar year shall be determined based on an actuarial valuation of the retirement system as of the first day of the prior calendar year. Such actuarial valuation shall be performed using the actuarial cost method and actuarial assumptions adopted by the board of trustees and in accordance with accepted actuarial standards of practice in effect at the time the valuation is performed, as promulgated by the actuarial standards board or its successor;

(2) The target combined employer and member contribution rate shall be the amount actuarially required to cover the normal cost and amortize any unfunded accrued actuarial liability over a period that shall not exceed thirty years from the date of the valuation;

(3) The target combined rate as so determined shall be allocated equally between the employer

contribution rate and the member contribution rate, provided, however, that the level rate of contributions to be paid by the employers and the level rate of contributions to be deducted from the compensation of members for any calendar year shall each be limited as follows:

(a) The contribution rate shall not be less than seven and one-half percent;

(b) The contribution rate shall not exceed nine percent; and

(c) Changes in the contribution rate from year to year shall be in increments of one-half percent such that the contribution rate for any year shall not be greater than or less than the rate in effect for the prior year by more than one-half percent;

(4) The board of trustees shall certify to the employers the contribution rate for the following calendar year no later than six months prior to the date such rate is to be effective.

**5. The member contribution rate for 2019 and subsequent periods shall be nine percent of compensation unless a lower member contribution rate applies for any period beginning on or after July 1, 2021, in accordance with the provisions of subdivision (4) of subsection 6 of this section.**

**6. The employer contribution rate for calendar year 2019 shall be ten and one-half percent. The employer contribution rate for the eighteen-month period beginning January 1, 2020, through June 30, 2021, shall be twelve percent. For the twelve-month period beginning July 1, 2021, and for each subsequent twelve-month period beginning July first each year, the employer contribution rate shall be determined as follows:**

**(1) The actuary shall determine the total actuarially required contribution based on an actuarial valuation of the retirement system as of the first day of the preceding calendar year. Such actuarial valuation shall be performed using the actuarial cost method and actuarial assumptions adopted by the board of trustees and in accordance with actuarial standards of practice applicable as of the valuation date. The total actuarially required contribution rate, including both employer and member contributions, shall be an amount determined in accordance with the board's current funding policy, expressed as a level percentage of the annualized compensation of the members;**

**(2) If the retirement system's funded ratio as of the first day of the preceding calendar year is below one hundred percent, the employer contribution rate shall be the greater of twelve percent or the difference between the total actuarially required contribution rate and the nine percent member contribution rate, subject to the limits on annual adjustments stated in subdivision (6) of this subsection;**

**(3) If the retirement system's funded ratio as of the first day of the preceding calendar year equals or exceeds one hundred percent and the total actuarially required contribution rate exceeds eighteen percent, the employer contribution rate shall be the difference between the total actuarially required contribution rate and the nine percent member contribution rate, subject to the limits on annual adjustments stated in subdivision (6) of this subsection;**

**(4) If the retirement system's funded ratio as of the first day of the preceding calendar year equals or exceeds one hundred percent and the total actuarially required contribution rate does not exceed eighteen percent, the total actuarially required contribution rate shall be allocated equally between the employer contribution rate and the member contribution rate. If the total actuarially required**

contribution rate falls below eighteen percent after being above eighteen percent for the preceding twelve-month period, the member contribution rate and the employer contribution rate shall be adjusted to one-half of the total actuarially required contribution rate for such period, regardless of the magnitude of the decrease from the rate in effect for the prior period, in order to equalize the employer and member contribution rates. Otherwise, adjustments in the contribution rates shall be limited by the annual adjustment limits stated in subdivision (6) of this subsection;

(5) If the retirement system's funded ratio as of the first day of the preceding calendar year again falls below one hundred percent, or if the total actuarially required contribution rate rises above eighteen percent, the provisions of subdivision (2) or (3) of this subsection shall apply, as applicable, subject to the limits on annual adjustments stated in subdivision (6) of this subsection;

(6) Except as stated in subdivision (4) of this subsection, in transitioning to the contribution rates prescribed in this subsection for periods beginning on or after July 1, 2021, the employer contribution rate and the member contribution rate, respectively, shall not increase by more than one percent or decrease by more than one-half percent for any period from the corresponding rate in effect immediately before such increase or decrease; and

(7) The board of trustees shall certify to the employers the contribution rate to be effective for July 1, 2021, and for each following July first, no later than six months prior to the date such rate is to be effective.

169.360. 1. Before the first of July of each year, the board of trustees shall certify to each employer the amounts which will become due and payable from each during the school year next following to the general reserve fund. The amount so certified shall be appropriated by each employer's board by a resolution explicitly directing the appropriate officials to pay the same, not later than July twenty-fifth of each year and transferred to the retirement system on or before December thirty-first of the same year.

2. Effective January 1, 2019, each employer shall transfer its employer contributions to the retirement system promptly following the end of each payroll period at the time the employer transfers member contributions.”; and

#### HOUSE AMENDMENT NO. 5

Amend Senate Committee Substitute for Senate Bill No. 892, Page 9, Section 56.840, Line 38, by inserting after all of said section and line the following:

“169.560. 1. Any person retired and currently receiving a retirement allowance pursuant to sections 169.010 to 169.141, other than for disability, may be employed in any capacity [in a district] **for an employer** included in the retirement system created by those sections on either a part-time or temporary-substitute basis not to exceed a total of five hundred fifty hours in any one school year, and through such employment may earn up to fifty percent of the annual compensation payable under the [district's] **employer's** salary schedule for the position or positions filled by the retiree, given such person's level of experience and education, without a discontinuance of the person's retirement allowance. If the [school

district] **employer** does not utilize a salary schedule, or if the position in question is not subject to the [district's] **employer's** salary schedule, a retiree employed in accordance with the provisions of this [section] **subsection** may earn up to fifty percent of the annual compensation paid to the person or persons who last held such position or positions. If the position or positions did not previously exist, the compensation limit shall be determined in accordance with rules duly adopted by the board of trustees of the retirement system; provided that, it shall not exceed fifty percent of the annual compensation payable for the position [in the school district] **by the employer** that is most comparable to the position filled by the retiree. In any case where a retiree fills more than one position during the school year, the fifty-percent limit on permitted earning shall be based solely on the annual compensation of the highest paid position occupied by the retiree for at least one-fifth of the total hours worked during the year. Such a person shall not contribute to the retirement system or to the public education employee retirement system established by sections 169.600 to 169.715 because of earnings during such period of employment. If such a person is employed in any capacity by such [a district] **an employer** in excess of the limitations set forth in this [section] **subsection**, the person shall not be eligible to receive the person's retirement allowance for any month during which the person is so employed. In addition, such person shall contribute to the retirement system if the person satisfies the retirement system's membership eligibility requirements. In addition to the conditions set forth above, this [section] **subsection** shall apply to any person retired and currently receiving a retirement allowance under sections 169.010 to 169.141, other than for disability, who is employed by a third party or is performing work as an independent contractor, if such person is performing work [in a district] **for an employer** included in the retirement system as a temporary or long-term substitute teacher or in any other position that would normally require that person to be duly certificated under the laws governing the certification of teachers in Missouri if such person was employed by the district. The retirement system may require the [district] **employer**, the third-party employer, the independent contractor, and the retiree subject to this [section] **subsection** to provide documentation showing compliance with this [section] **subsection**. If such documentation is not provided, the retirement system may deem the retiree to have exceeded the limitations provided in this [section] **subsection**.

**2. Notwithstanding any other provision of this section, any person retired and currently receiving a retirement allowance in accordance with sections 169.010 to 169.141, other than for disability, may be employed by an employer included in the retirement system created by those sections in a position that does not normally require a person employed in that position to be duly certificated under the laws governing the certification of teachers in Missouri, and through such employment may earn up to sixty percent of the minimum teacher's salary as set forth in section 163.172, without a discontinuance of the person's retirement allowance. Such person shall not contribute to the retirement system or to the public education employee retirement system established by sections 169.600 to 169.715 because of earnings during such period of employment, and such person shall not earn membership service for such employment. The employer's contribution rate shall be paid by the hiring employer into the public education employee retirement system established by sections 169.600 to 169.715. If such a person is employed in any capacity by an employer in excess of the limitations set forth in this subsection, the person shall not be eligible to receive the person's retirement allowance for any month during which the person is so employed. 301.032. 1. Notwithstanding the provisions of sections 301.030 and 301.035 to the contrary, the director of revenue shall establish a system of registration of all fleet vehicles owned or purchased by a fleet owner registered pursuant to this section. The director of revenue shall prescribe the forms for such fleet registration and the forms and procedures for the registration updates prescribed in this section. Any owner of ten or more motor vehicles which must be registered in accordance with this chapter may register as a fleet owner. All registered fleet owners may, at their option, register all motor vehicles included in the fleet on a calendar year or biennial basis pursuant to this section in lieu of the registration periods provided in sections 301.030, 301.035, and 301.147. The director shall issue an identification number to each registered owner of fleet vehicles.

2. All fleet vehicles included in the fleet of a registered fleet owner shall be registered during April of the corresponding year or on a prorated basis as provided in subsection 3 of this section. Fees of all vehicles in the fleet to be registered on a calendar year basis or on a biennial basis shall be payable not later than the last day of April of the corresponding year, with two years' fees due for biennially-registered vehicles. [Notwithstanding the provisions of section 307.355, an application for registration of a fleet vehicle must be accompanied by a certificate of inspection and approval issued no more than one hundred twenty days prior to the date of application.] The fees for vehicles added to the fleet which must be licensed at the time of registration shall be payable at the time of registration, except that when such vehicle is licensed between July first and September thirtieth the fee shall be three-fourths the annual fee, when licensed between October first and December thirty-first the fee shall be one-half the annual fee and when licensed on or after January first the fee shall be one-fourth the annual fee. When biennial registration is sought for vehicles added to a fleet, an additional year's annual fee will be added to the partial year's prorated fee.

3. At any time during the calendar year in which an owner of a fleet purchases or otherwise acquires a vehicle which is to be added to the fleet or transfers plates to a fleet vehicle, the owner shall present to the director of revenue the identification number as a fleet number and may register the vehicle for the partial year as provided in subsection 2 of this section. The fleet owner shall also be charged a transfer fee of two dollars for each vehicle so transferred pursuant to this subsection.

4. Except as specifically provided in this subsection, all fleet vehicles registered pursuant to this section shall be issued a special license plate which shall have the words "Fleet Vehicle" in place of the words

“Show-Me State” in the manner prescribed by the advisory committee established in section 301.129. Alternatively, for a one-time additional five dollar per-vehicle fee beyond the regular registration fee, a fleet owner of at least fifty fleet vehicles may apply for fleet license plates bearing a company name or logo, the size and design thereof subject to approval by the director. All fleet license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Fleet vehicles shall be issued multiyear license plates as provided in this section which shall not require issuance of a renewal tab. Upon payment of appropriate registration fees, the director of revenue shall issue a registration certificate or other suitable evidence of payment of the annual or biennial fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued. The director of revenue shall promulgate rules and regulations establishing the procedure for application and issuance of fleet vehicle license plates.

[5. Notwithstanding the provisions of sections 307.350 to 307.390 to the contrary, a fleet vehicle registered in Missouri is exempt from the requirements of sections 307.350 to 307.390 if at the time of the annual fleet registration, such fleet vehicle is situated outside the state of Missouri.]

301.074. License plates issued under sections 301.071 to 301.075 shall be valid for the duration of the veteran’s disability. Each such applicant issued license plates under these provisions shall annually furnish [proof of vehicle inspection and] proof of disability to the director, except that an applicant whose service connected disability qualifying him for special license plates consists in whole or in part of loss of an eye or a limb or an applicant with a one hundred percent permanent disability, as established by a physician’s signed statement to that effect, need only furnish proof of disability to the director when initially applying for the special license plates and not thereafter, but in such case proof that the veteran is alive shall be required annually. Each person qualifying under sections 301.071 to 301.075 may license only one motor vehicle under these provisions. No commercial motor vehicle in excess of twenty-four thousand pounds gross weight may be licensed under the provisions of sections 301.071 to 301.075.

301.132. 1. For purposes of this section, “street rod” is a vehicle older than 1949 or a vehicle manufactured after 1948 to resemble a vehicle manufactured before 1949; and has been altered from the manufacturer’s original design or has a body constructed from nonoriginal materials.

2. The model year and the year of manufacture that are listed on the certificate of title of a street rod vehicle shall be the model year and year of manufacture that the body of such vehicle resembles. The current and all subsequent certificates of ownership shall be designated with the word “REPLICA”.

3. For each street rod, there shall be an annual fee equal to the fee charged for personalized license plates in section 301.144 in addition to the regular annual registration fees.

4. In applying for registration of a street rod pursuant to this section, the owner of the street rod shall submit with the application a certification that the vehicle for which the application is made:

(1) Will be maintained for occasional transportation, exhibitions, club activities, parades, tours, and similar uses;

(2) Will not be used for general daily transportation.

5. [In addition to the certification required pursuant to subsection 4 of this section, when applying for registration of a street rod, the new owner of the street rod shall provide proof that the street rod passed a

safety inspection in accordance with section 307.350 that shall be approved by the department of public safety in consultation with the street rod community in this state.

6.] On registration of a vehicle pursuant to this section, the director of the department of revenue shall issue to the owner two license plates containing the number assigned to the registration certificate issued by the director of revenue, and the following words: "STREET ROD", "STATE OF MISSOURI". Such license plates shall be kept securely attached to the motor vehicle registered pursuant to this section. The director of revenue shall determine the characteristic features of such license plates for vehicles registered pursuant to the provisions of this section so that they may be recognized as such, except that such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130.

[7.] 6. Unless the presence of the equipment was specifically required by a statute of this state as a condition of sale in the year listed as the year of manufacture on the certificate of title, the presence of any specific equipment is not required for the operation of a vehicle registered pursuant to this section.

[8.] 7. [Except as provided in subsection 5 of this section,] A vehicle registered pursuant to this section is exempt from any statute of this state that requires [periodic vehicle inspections and from any statute of this state that requires] the use and inspection of emission controls.

[9.] 8. A "custom vehicle" means any motor vehicle that:

(1) Is at least twenty-five years old and of a model year after 1948, or was manufactured to resemble a vehicle twenty-five years old or older and of a model year after 1948; and

(2) Has been altered from the manufacturer's original design, or has an entire body constructed from nonoriginal materials.

[10.] 9. The model year and the year of manufacture that are listed on the certificate of title of a custom vehicle shall be the model year and year of manufacture that the body of such vehicle resembles. The current and all subsequent certificates of ownership shall be designated with the word "REPLICA".

[11.] 10. For each custom vehicle, there shall be an annual fee equal to the fee charged for personalized license plates in section 301.144 in addition to the regular annual registration fees.

[12.] 11. In applying for registration of a custom vehicle pursuant to this section, the owner of the custom vehicle shall submit with the application a certification that the vehicle for which the application is made:

(1) Will be maintained for occasional transportation, exhibits, club activities, parades, tours, and similar uses; and

(2) Will not be used for general daily transportation.

[13.] In addition to the certification required pursuant to subsection 12 of this section, when applying for registration of a custom vehicle, the new owner of the custom vehicle shall provide proof that the custom vehicle passed a safety inspection in accordance with section 307.350 that shall be approved by the department of public safety in consultation with the street rod community in this state.

14.] 12. On registration of a vehicle pursuant to this section, the director of the department of revenue shall issue to the owner two license plates containing the number assigned to the registration certificate

issued by the director of revenue, and the following words: “CUSTOM VEHICLE”, “STATE OF MISSOURI”. Such license plates shall be kept securely attached to the motor vehicle registered hereunder. The director of revenue shall determine the characteristic features of such license plates for vehicles registered pursuant to the provisions of this section so that they may be recognized as such, except that such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130.

[15.] **13.** Unless the presence of the equipment was specifically required by a statute of this state as a condition of sale in the year listed as the year of manufacture on the certificate of title, the presence of any specific equipment is not required for the operation of a vehicle registered pursuant to this section.

[16.] **14.** [Except as provided in subsection 13 of this section,] A vehicle registered pursuant to this section is exempt from any statute of this state that requires [periodic vehicle inspections and from any statute of this state that requires] the use and inspection of emission controls.

[18.] **16.** A street rod or custom vehicle may use blue dot tail lights for stop lamps, rear turning indicator lamps, rear hazard lamps, and rear reflectors.

301.147. 1. Notwithstanding the provisions of section 301.020 to the contrary, beginning July 1, 2000, the director of revenue may provide owners of motor vehicles, other than commercial motor vehicles licensed in excess of fifty-four thousand pounds gross weight, the option of biennially registering motor vehicles. Any vehicle manufactured as an even-numbered model year vehicle shall be renewed each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model year vehicle shall be renewed each odd-numbered calendar year, subject to the following requirements:

(1) The fee collected at the time of biennial registration shall include the annual registration fee plus a pro rata amount for the additional twelve months of the biennial registration;

(2) Presentation of all documentation otherwise required by law for vehicle registration including, but not limited to, a personal property tax receipt or certified statement for the preceding year that no such taxes were due as set forth in section 301.025, proof of [a motor vehicle safety inspection and] any applicable emission inspection conducted within sixty days prior to the date of application and proof of insurance as required by section 303.026.

2. The director of revenue may prescribe rules and regulations for the effective administration of this section. The director is authorized to adopt those rules that are reasonable and necessary to accomplish the limited duties specifically delegated within this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is promulgated pursuant to the authority delegated in this section shall become effective only if it has been promulgated pursuant to the provisions of chapter 536. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after July 1, 2000, shall be invalid and void.

3. The director of revenue shall have the authority to stagger the registration period of motor vehicles other than commercial motor vehicles licensed in excess of twelve thousand pounds gross weight. Once the

owner of a motor vehicle chooses the option of biennial registration, such registration must be maintained for the full twenty-four month period.

301.190. 1. No certificate of registration of any motor vehicle or trailer, or number plate therefor, shall be issued by the director of revenue unless the applicant therefor shall make application for and be granted a certificate of ownership of such motor vehicle or trailer, or shall present satisfactory evidence that such certificate has been previously issued to the applicant for such motor vehicle or trailer. Application shall be made within thirty days after the applicant acquires the motor vehicle or trailer, unless the motor vehicle was acquired under section 301.213 in which case the applicant shall make application within thirty days after receiving title from the dealer, upon a blank form furnished by the director of revenue and shall contain the applicant's identification number, a full description of the motor vehicle or trailer, the vehicle identification number, and the mileage registered on the odometer at the time of transfer of ownership, as required by section 407.536, together with a statement of the applicant's source of title and of any liens or encumbrances on the motor vehicle or trailer, provided that for good cause shown the director of revenue may extend the period of time for making such application. When an owner wants to add or delete a name or names on an application for certificate of ownership of a motor vehicle or trailer that would cause it to be inconsistent with the name or names listed on the notice of lien, the owner shall provide the director with documentation evidencing the lienholder's authorization to add or delete a name or names on an application for certificate of ownership.

2. The director of revenue shall use reasonable diligence in ascertaining whether the facts stated in such application are true and shall, to the extent possible without substantially delaying processing of the application, review any odometer information pertaining to such motor vehicle that is accessible to the director of revenue. If satisfied that the applicant is the lawful owner of such motor vehicle or trailer, or otherwise entitled to have the same registered in his name, the director shall thereupon issue an appropriate certificate over his signature and sealed with the seal of his office, procured and used for such purpose. The certificate shall contain on its face a complete description, vehicle identification number, and other evidence of identification of the motor vehicle or trailer, as the director of revenue may deem necessary, together with the odometer information required to be put on the face of the certificate pursuant to section 407.536, a statement of any liens or encumbrances which the application may show to be thereon, and, if ownership of the vehicle has been transferred, the name of the state issuing the transferor's title and whether the transferor's odometer mileage statement executed pursuant to section 407.536 indicated that the true mileage is materially different from the number of miles shown on the odometer, or is unknown.

3. The director of revenue shall appropriately designate on the current and all subsequent issues of the certificate the words "Reconstructed Motor Vehicle", "Motor Change Vehicle", "Specially Constructed Motor Vehicle", or "Non-USA-Std Motor Vehicle", as defined in section 301.010. Effective July 1, 1990, on all original and all subsequent issues of the certificate for motor vehicles as referenced in subsections 2 and 3 of section 301.020, the director shall print on the face thereof the following designation: "Annual odometer updates may be available from the department of revenue.". On any duplicate certificate, the director of revenue shall reprint on the face thereof the most recent of either:

(1) The mileage information included on the face of the immediately prior certificate and the date of purchase or issuance of the immediately prior certificate; or

(2) Any other mileage information provided to the director of revenue, and the date the director obtained or recorded that information.

4. The certificate of ownership issued by the director of revenue shall be manufactured in a manner to prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge such certificate without ready detection. In order to carry out the requirements of this subsection, the director of revenue may contract with a nonprofit scientific or educational institution specializing in the analysis of secure documents to determine the most effective methods of rendering Missouri certificates of ownership nonalterable or noncounterfeitable.

5. The fee for each original certificate so issued shall be eight dollars and fifty cents, in addition to the fee for registration of such motor vehicle or trailer. If application for the certificate is not made within thirty days after the vehicle is acquired by the applicant, or where the motor vehicle was acquired under section 301.213 and the applicant fails to make application within thirty days after receiving title from the dealer, a delinquency penalty fee of twenty-five dollars for the first thirty days of delinquency and twenty-five dollars for each thirty days of delinquency thereafter, not to exceed a total of two hundred dollars, but such penalty may be waived by the director for a good cause shown. If the director of revenue learns that any person has failed to obtain a certificate within thirty days after acquiring a motor vehicle or trailer, or where the motor vehicle was acquired under section 301.213 and the applicant fails to make application within thirty days after receiving title from the dealer, or has sold a vehicle without obtaining a certificate, he shall cancel the registration of all vehicles registered in the name of the person, either as sole owner or as a co-owner, and shall notify the person that the cancellation will remain in force until the person pays the delinquency penalty fee provided in this section, together with all fees, charges and payments which the person should have paid in connection with the certificate of ownership and registration of the vehicle. The certificate shall be good for the life of the motor vehicle or trailer so long as the same is owned or held by the original holder of the certificate and shall not have to be renewed annually.

6. Any applicant for a certificate of ownership requesting the department of revenue to process an application for a certificate of ownership in an expeditious manner requiring special handling shall pay a fee of five dollars in addition to the regular certificate of ownership fee.

7. It is unlawful for any person to operate in this state a motor vehicle or trailer required to be registered under the provisions of the law unless a certificate of ownership has been applied for as provided in this section.

8. Before an original Missouri certificate of ownership is issued, an inspection of the vehicle and a verification of vehicle identification numbers shall be made by the Missouri state highway patrol on vehicles for which there is a current title issued by another state if a Missouri salvage certificate of title has been issued for the same vehicle but no prior inspection and verification has been made in this state, except that if such vehicle has been inspected in another state by a law enforcement officer in a manner comparable to the inspection process in this state and the vehicle identification numbers have been so verified, the applicant shall not be liable for the twenty-five dollar inspection fee if such applicant submits proof of inspection and vehicle identification number verification to the director of revenue at the time of the application. The applicant, who has such a title for a vehicle on which no prior inspection and verification have been made, shall pay a fee of twenty-five dollars for such verification and inspection, payable to the director of revenue at the time of the request for the application, which shall be deposited in the state treasury to the credit of the state highways and transportation department fund.

9. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, specially constructed motor vehicle, kit vehicle, motor change vehicle, non-

USA-std motor vehicle, or other vehicle as required by the director of revenue shall be accompanied by a vehicle examination certificate issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The vehicle examination shall include a verification of vehicle identification numbers and a determination of the classification of the vehicle. The owner of a vehicle which requires a vehicle examination certificate shall present the vehicle for examination and obtain a completed vehicle examination certificate prior to submitting an application for a certificate of ownership to the director of revenue. Notwithstanding any provision of the law to the contrary, an owner presenting a motor vehicle which has been issued a salvage title and which is ten years of age or older to a vehicle examination described in this subsection in order to obtain a certificate of ownership with the designation prior salvage motor vehicle shall not be required to repair or restore the vehicle to its original appearance in order to pass or complete the vehicle examination. The fee for the vehicle examination application shall be twenty-five dollars and shall be collected by the director of revenue at the time of the request for the application and shall be deposited in the state treasury to the credit of the state highways and transportation department fund. If the vehicle is also to be registered in Missouri, [the safety inspection required in chapter 307 and] the emissions inspection required under chapter 643 shall be completed and the fees required by section 307.365 and section 643.315 shall be charged to the owner.

10. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri [or as required by section 301.020], it shall be accompanied by a current inspection form certified by a duly authorized official inspection station as described in chapter 307. The completed form shall certify that the manufacturer's identification number for the vehicle has been inspected, that it is correctly displayed on the vehicle and shall certify the reading shown on the odometer at the time of inspection. The inspection station shall collect the same fee as authorized in section 307.365 for making the inspection, and the fee shall be deposited in the same manner as provided in section 307.365. If the vehicle is also to be registered in Missouri, [the safety inspection required in chapter 307 and] the emissions inspection required under chapter 643 shall be completed and only the fees required by section 307.365 and section 643.315 shall be charged to the owner. This section shall not apply to vehicles being transferred on a manufacturer's statement of origin.

11. Motor vehicles brought into this state in a wrecked or damaged condition or after being towed as an abandoned vehicle pursuant to another state's abandoned motor vehicle procedures shall, in lieu of the inspection required by subsection 10 of this section, be inspected by the Missouri state highway patrol in accordance with subsection 9 of this section. If the inspection reveals the vehicle to be in a salvage or junk condition, the director shall so indicate on any Missouri certificate of ownership issued for such vehicle. Any salvage designation shall be carried forward on all subsequently issued certificates of title for the motor vehicle.

12. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as a reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, or prior salvage vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the name of the issuing state and such prior designation. The absence of any prior designation shall not relieve a transferor of the duty to exercise due diligence with regard to such certificate of ownership prior to the transfer of a certificate. If a transferor exercises any due diligence with regard to a certificate of ownership, the legal transfer of a certificate of ownership without any designation that is subsequently discovered to have or

should have had a designation shall be a transfer free and clear of any liabilities of the transferor associated with the missing designation.

(3) A fee of one hundred fifty dollars in addition to the fees described in subsection 5 of this section. Such fee shall be deposited in the state treasury to the credit of the state highways and transportation department fund; and

The fee shall be deposited in the state treasury to the credit of the state highway fund.

5. The sheriff or Missouri state highway patrol shall inspect the trailer and certify it if the trailer appears to be homemade. The sheriff or Missouri state highway patrol may request the owner to provide any documents or other evidence showing that the trailer was homemade. When a trailer is certified by the sheriff, the sheriff may stamp a permanent identifying number in the tongue of the frame. The certificate of inspection shall be on a form designed and provided by the director of revenue.

6. Other individuals, corporations, or entities [that do not conduct motor vehicle safety inspections] may conduct emission inspections provided they meet the qualifications set forth in sections 643.300 to 643.355 and [the] rules promulgated by the commission. Applications shall be made upon a form designated by the commission and shall contain such information as may be required by the commission. A certificate of authorization issued under section 643.320 to conduct emission inspections shall be issued only after the commission has made a determination that the applicant's proposed inspection station will be properly equipped, has the necessary licensed emission inspectors to conduct inspections, and meets all other requirements of sections 643.300 to 643.355 or rules promulgated to carry out the provisions of those sections.

3. The decentralized emissions inspection program shall allow any official **emissions** inspection station that is certified to conduct an on-board diagnostic emission inspection under sections 643.300 to 643.355 to repair motor vehicles in order to bring such vehicles into compliance with sections 643.300 to 643.355, if such station and personnel meet the qualifications to conduct emission repairs as set forth in sections 643.300 to 643.355. An official emission inspection station may elect to be an emissions test-only station or may elect to conduct both emission inspections and repairs.

4. The commission is authorized to begin certification of official **emissions** inspection stations prior to September 1, 2007, in order to implement the decentralized emissions inspection program. Prior to January 1, 2007, the department of natural resources shall issue a report to the general assembly and the governor regarding the progress of implementing the decentralized emissions inspection program. The report shall include, but not be limited to, a summary describing how many inspection stations or individuals the department expects to participate in the program and how many inspection stations or individuals will be qualified by September 1, 2007, to conduct such emissions inspections.

5. The commission may, as a part of implementing the decentralized emissions inspection program, use remote sensing devices to collect information regarding the vehicle fleet emissions characteristics and registration compliance within the area described in subsection 1 of section 643.305. The decentralized emissions inspection program established by the commission may also include a clean screen program that utilizes remote sensing devices. Owners of eligible vehicles who comply with clean screen/remote sensing procedures shall be deemed to have complied with the mandatory inspection requirements for the next inspection cycle. As used in this subsection, the term "clean screen program" shall mean a procedure or system that utilizes remote sensing technologies to determine whether a motor vehicle has acceptable emission levels and then allows the motor vehicle owner to bypass the emissions inspection test required under section 643.315.

6. The decentralized emissions inspection program may include a gas cap pressure test and a visual inspection component[, and such tests may be included as part of the motor vehicle safety inspection test under section 307.350].

7. As used in sections 643.300 to 643.355, “decentralized emissions inspection program” means an emissions inspection program under which a certified emissions inspector conducts emissions inspection testing at an official inspection station.

8. The decentralized emission inspection program shall satisfy the requirements established by regulation of the United States Environmental Protection Agency.

9. The decentralized emissions inspection program established by the commission and sections 643.300 to 643.355 shall not be construed to be a new program as described in section 23.253, and the decentralized emissions inspection program shall not be subject to the sunset mandate prescribed by sections 23.250 to 23.298.

10. No later than July 1, 2007, the department of natural resources and the Missouri highway patrol shall enter into an interagency agreement covering all aspects of the administration and enforcement of sections 643.300 to 643.355.

11. No later than July 1, 2007, the air conservation commission shall promulgate rules for the implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2006, shall be invalid and void.

12. Prior to September 1, 2007, the department of natural resources shall actively promote participation in the decentralized emissions inspection program among qualified motor vehicle dealers, service stations, and other individuals. After the implementation of the decentralized emission inspection program, the department shall monitor participation in such program. In determining whether there are a sufficient number of individuals conducting motor vehicle emission inspections under the decentralized program, the department shall attempt to ensure, through promotional efforts, that no more than twenty percent of all persons residing in the affected nonattainment area reside farther than five miles from the nearest inspection station.

643.315. 1. Except as provided in sections 643.300 to 643.355, all motor vehicles which are domiciled, registered or primarily operated in an area for which the commission has established a motor vehicle emissions inspection program pursuant to sections 643.300 to 643.355 shall be inspected and approved prior to sale or transfer; provided that, if such vehicle is inspected and approved prior to sale or transfer, such vehicle shall not be subject to another emissions inspection for ninety days after the date of sale or transfer of such vehicle. In addition, any such vehicle manufactured as an even-numbered model year vehicle shall be inspected and approved under the emissions inspection program established pursuant to sections 643.300 to 643.355 in each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model year vehicle shall be inspected and approved under the emissions inspection program established pursuant to sections 643.300 to 643.355 in each odd-numbered calendar year. All motor vehicles subject

to the inspection requirements of sections 643.300 to 643.355 shall display a valid emissions inspection sticker, and when applicable, a valid emissions inspection certificate shall be presented at the time of registration or registration renewal of such motor vehicle. The department of revenue shall require evidence of [the safety and] emission inspection and approval required by this section in issuing the motor vehicle annual registration in conformity with the procedure required by [sections 307.350 to 307.390 and] sections 643.300 to 643.355. The director of revenue may verify that a successful [safety and] emissions inspection was completed via electronic means.

2. The inspection requirement of subsection 1 of this section shall apply to all motor vehicles except:

(1) Motor vehicles with a manufacturer's gross vehicle weight rating in excess of eight thousand five hundred pounds;

(2) Motorcycles and motortricycles if such vehicles are exempted from the motor vehicle emissions inspection under federal regulation and approved by the commission by rule;

(3) Model year vehicles manufactured prior to 1996;

(4) Vehicles which are powered exclusively by electric or hydrogen power or by fuels other than gasoline which are exempted from the motor vehicle emissions inspection under federal regulation and approved by the commission by rule;

(5) Motor vehicles registered in an area subject to the inspection requirements of sections 643.300 to 643.355 which are domiciled and operated exclusively in an area of the state not subject to the inspection requirements of sections 643.300 to 643.355, but only if the owner of such vehicle presents to the department an affidavit that the vehicle will be operated exclusively in an area of the state not subject to the inspection requirements of sections 643.300 to 643.355 for the next twenty-four months, and the owner applies for and receives a waiver which shall be presented at the time of registration or registration renewal;

(6) New and unused motor vehicles, of model years of the current calendar year and of any calendar year within two years of such calendar year, which have an odometer reading of less than six thousand miles at the time of original sale by a motor vehicle manufacturer or licensed motor vehicle dealer to the first user;

(7) Historic motor vehicles registered pursuant to section 301.131;

(8) School buses;

(9) Heavy-duty diesel-powered vehicles with a gross vehicle weight rating in excess of eight thousand five hundred pounds;

(10) New motor vehicles that have not been previously titled and registered, for the four-year period following their model year of manufacture[, provided the odometer reading for such motor vehicles are under forty thousand miles at their first required biennial safety inspection conducted under sections 307.350 to 307.390; otherwise such motor vehicles shall be subject to the emissions inspection requirements of subsection 1 of this section during the same period that the biennial safety inspection is conducted];

(11) Motor vehicles that are driven fewer than twelve thousand miles between biennial [safety inspections] **registration periods**; and

(12) Qualified plug-in electric drive vehicles. For the purposes of this section, "qualified plug-in electric drive vehicle" shall mean a plug-in electric drive vehicle that is made by a manufacturer, has not been

modified from original manufacturer specifications, and can operate solely on electric power and is capable of recharging its battery from an on-board generation source and an off-board electricity source.

3. The commission may, by rule, allow inspection reciprocity with other states having equivalent or more stringent testing and waiver requirements than those established pursuant to sections 643.300 to 643.355.

4. (1) At the time of sale, a licensed motor vehicle dealer, as defined in section 301.550, may choose to sell a motor vehicle subject to the inspection requirements of sections 643.300 to 643.355 either:

- (a) With prior inspection and approval as provided in subdivision (2) of this subsection; or
- (b) Without prior inspection and approval as provided in subdivision (3) of this subsection.

(2) If the dealer chooses to sell the vehicle with prior inspection and approval, the dealer shall disclose, in writing, prior to sale, whether the vehicle obtained approval by meeting the emissions standards established pursuant to sections 643.300 to 643.355 or by obtaining a waiver pursuant to section 643.335. A vehicle sold pursuant to this subdivision by a licensed motor vehicle dealer shall be inspected and approved within the one hundred twenty days immediately preceding the date of sale, and, for the purpose of registration of such vehicle, such inspection shall be considered timely.

(3) If the dealer chooses to sell the vehicle without prior inspection and approval, the purchaser may return the vehicle within ten days of the date of purchase, provided that the vehicle has no more than one thousand additional miles since the time of sale, if the vehicle fails, upon inspection, to meet the emissions standards specified by the commission and the dealer shall have the vehicle inspected and approved without the option for a waiver of the emissions standard and return the vehicle to the purchaser with a valid emissions certificate and sticker within five working days or the purchaser and dealer may enter into any other mutually acceptable agreement. If the dealer chooses to sell the vehicle without prior inspection and approval, the dealer shall disclose conspicuously on the sales contract and bill of sale that the purchaser has the option to return the vehicle within ten days, provided that the vehicle has no more than one thousand additional miles since the time of sale, to have the dealer repair the vehicle and provide an emissions certificate and sticker within five working days if the vehicle fails, upon inspection, to meet the emissions standards established by the commission, or enter into any mutually acceptable agreement with the dealer. A violation of this subdivision shall be an unlawful practice as defined in section 407.020. [No emissions inspection shall be required pursuant to sections 643.300 to 643.360 for the sale of any motor vehicle which may be sold without a certificate of inspection and approval, as provided pursuant to subsection 2 of section 307.380.]

[307.350. 1. The owner of every motor vehicle as defined in section 301.010 which is required to be registered in this state, except:

(1) Motor vehicles, for the five-year period following their model year of manufacture, excluding prior salvage vehicles immediately following a rebuilding process and vehicles subject to the provisions of section 307.380;

(2) Those motor vehicles which are engaged in interstate commerce and are proportionately registered in this state with the Missouri highway reciprocity commission, although the owner may request that such vehicle be inspected by an official inspection station, and a peace officer may stop

and inspect such vehicles to determine whether the mechanical condition is in compliance with the safety regulations established by the United States Department of Transportation; and

(3) Historic motor vehicles registered pursuant to section 301.131;

(4) Vehicles registered in excess of twenty-four thousand pounds for a period of less than twelve months; shall submit such vehicles to a biennial inspection of their mechanism and equipment in accordance with the provisions of sections 307.350 to 307.390 and obtain a certificate of inspection and approval and a sticker, seal, or other device from a duly authorized official inspection station. The inspection, except the inspection of school buses which shall be made at the time provided in section 307.375, shall be made at the time prescribed in the rules and regulations issued by the superintendent of the Missouri state highway patrol; but the inspection of a vehicle shall not be made more than sixty days prior to the date of application for registration or within sixty days of when a vehicle's registration is transferred. Any vehicle manufactured as an even-numbered model year vehicle shall be inspected and approved pursuant to the safety inspection program established pursuant to sections 307.350 to 307.390 in each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model year vehicle shall be inspected and approved pursuant to sections 307.350 to 307.390 in each odd-numbered year. The certificate of inspection and approval shall be a sticker, seal, or other device or combination thereof, as the superintendent of the Missouri state highway patrol prescribes by regulation and shall be displayed upon the motor vehicle or trailer as prescribed by the regulations established by him. The replacement of certificates of inspection and approval which are lost or destroyed shall be made by the superintendent of the Missouri state highway patrol under regulations prescribed by him.

2. For the purpose of obtaining an inspection only, it shall be lawful to operate a vehicle over the most direct route between the owner's usual place of residence and an inspection station of such owner's choice, notwithstanding the fact that the vehicle does not have a current state registration license. It shall also be lawful to operate such a vehicle from an inspection station to another place where repairs may be made and to return the vehicle to the inspection station notwithstanding the absence of a current state registration license.

3. No person whose motor vehicle was duly inspected and approved as provided in this section shall be required to have the same motor vehicle again inspected and approved for the sole reason that such person wishes to obtain a set of any special personalized license plates available pursuant to section 301.144 or a set of any license plates available pursuant to section 301.142, prior to the expiration date of such motor vehicle's current registration.

4. Notwithstanding the provisions of section 307.390, violation of this section shall be deemed an infraction.]

[307.355. 1. No state registration license to operate the type of vehicle required to be inspected by section 307.350 may be transferred or issued during a biennial registration year in which the vehicle is required to be inspected unless the application is accompanied by a certificate of inspection and

approval issued no more than sixty days prior to the date of application, or in the case of school buses, which will be required to be inspected annually as provided in section 307.375, except:

(1) The director of revenue may transfer or issue a state registration license to the type of vehicle required to be inspected by section 307.350 without a certificate of inspection and approval accompanying the application if the director has satisfactory evidence that the vehicle was not in the state of Missouri at any time during the sixty days prior to the date of application; however, the owner of every such vehicle must submit the vehicle for inspection and obtain a certificate of inspection and approval within ten days after the vehicle is first returned to the state of Missouri;

(2) The director of revenue shall renew a vehicle's registration license without a certificate of inspection and approval accompanying the application if satisfactory documentary evidence is presented at the time of application that the license being renewed was properly transferred within a six-month period prior to the expiration of the license being renewed or that the vehicle for which the registration is being issued was issued a registration for a period of less than one year for the registration period just expiring.

2. If due to interstate operation a commercial motor vehicle as defined in section 301.010 or a trailer of the type required to be inspected is required to obtain full fee registration in this and any other state during the same calendar year, no Missouri certificate of inspection and approval is required if the vehicle bears evidence that a current valid inspection sticker or decal was issued by such other state in which the vehicle is registered; provided that the sticker or decal issued by such other state is valid for the registration period in this state.

3. After a commercial motor vehicle as defined in section 301.010 has been registered for the current year, no certificate of inspection and approval is required when a local commercial motor vehicle license is changed to a beyond-local commercial motor vehicle license or when the licensed gross weight is changed during the licensed period.]

[307.380. 1. Every vehicle of the type required to be inspected upon having been involved in an accident and when so directed by a police officer must be inspected and an official certificate of inspection and approval, sticker, seal or other device be obtained for such vehicle before it is again operated on the highways of this state. At the seller's expense every vehicle of the type required to be inspected by section 307.350, whether new or used, shall immediately prior to sale be fully inspected regardless of any current certificate of inspection and approval, and an appropriate new certificate of inspection and approval, sticker, seal or other device shall be obtained.

2. Nothing contained in the provisions of this section shall be construed to prohibit a dealer or any other person from selling a vehicle without a certificate of inspection and approval if the vehicle is sold for junk, salvage, or for rebuilding, or for vehicles sold at public auction or from dealer to dealer. The purchaser of any vehicle which is purchased for junk, salvage, or for rebuilding, shall give to the seller an affidavit, on a form prescribed by the superintendent of the Missouri state highway patrol, stating that the vehicle is being purchased for one of the reasons stated herein. No vehicle of the type required to be inspected by section 307.350 which is purchased as junk, salvage, or for rebuilding shall again be registered in this state until the owner has submitted the vehicle for inspection and obtained an official certificate of inspection and approval, sticker, seal or other device for such vehicle.

3. Notwithstanding the provisions of section 307.390, violation of this section shall be deemed an infraction.]

[307.402. All state agencies owning motor vehicles shall be responsible for obtaining an inspection of each of their vehicle's mechanism and equipment in accordance with the provisions of sections 307.350 to 307.402 and obtaining a certificate of inspection and approval and a sticker, seal or other device from a duly authorized official inspection station.]

[All fly ash produced by coal combustion generating facilities shall be exempt from all solid waste permitting requirements of this chapter, if such ash is constructively reused or disposed of by a grout technique in any active or inactive noncoal, non-open-pit mining operation located in a city having a population of at least three hundred fifty thousand located in more than one county and is also located in a county of the first class without a charter form of government with a population of greater than one hundred fifty thousand and less than one hundred sixty thousand, provided said ash is not considered hazardous waste under the Missouri hazardous waste law.] **1. The department shall have the authority to promulgate rules for the management, closure, and post-closure of coal combustion residual (CCR) units in accordance with Sections 1008(a)(3) and 4004(a) of the Resource Conservation and Recovery Act (RCRA) and to approve site-specific groundwater criteria. At the discretion of the department, the Missouri risk-based corrective action (MRBCA) rules, 10 CSR 25-18.010, and accompanying guidance may be used to establish site-specific targets for soil and groundwater impacted by coal combustion residual (CCR) constituents. As used in this section, a “CCR unit” means a surface impoundment, utility waste landfill, or a CCR landfill. To the extent there is a conflict between this section and section 644.026 or 644.143, this section shall prevail.**

**2. Prior to federal approval of a state CCR program pursuant to 4004(a) of the RCRA, nothing in this section shall prohibit the department from issuing guidance or entering into enforceable agreements with CCR unit owners or operators to establish risk-based target levels, using all or part of the MRBCA rules and guidance, for closure and corrective action at CCR units. Nothing in this section shall prohibit the department, owners, or operators of CCR units not otherwise covered by 40 CFR 257 from utilizing the MRBCA rules and guidance.**

**3. No later than December 31, 2018, the department shall propose for promulgation a state CCR program, including procedures regarding payment, submission of fees, reimbursement of excess fee collection, inspection, and record keeping.**

**4. The department shall not apply standards to any existing landfill or new landfills constructed contiguous to existing power station facilities located on municipally owned land that was purchased**

by the municipality prior to December 31, 2018, that are in conflict with 40 CFR 257, unless sound and reasonably proven scientific data confirm an imminent threat to human health and the environment.

5. Effective January 1, 2019, and in order to implement the state CCR program, the department shall have the authority to assess one-time enrollment and annual fees on each owner, operator, or permittee of a CCR unit subject to 40 CFR 257, only as follows:

(1) For units that have not closed, an enrollment fee in the amount of sixty-two thousand dollars per CCR unit, except no fee shall apply to CCR units permitted as a utility waste landfill;

(2) For CCR units that have completed closure in place under 40 CFR 257 prior to December 31, 2018, an enrollment fee of forty-eight thousand dollars per CCR unit;

(3) An annual fee of fifteen thousand dollars per CCR unit, except an annual fee shall not be assessed on CCR units that have closed prior to December 31, 2018. The obligation to pay an annual fee under this section shall terminate at the end of the CCR unit's post-closure period, so long as the CCR unit is not under a requirement to complete a corrective action, or sooner, if authorized by the department.

6. All fees received under this section shall be deposited into the "Coal Combustion Residuals Subaccount" of the solid waste management fund created under section 260.330. Fees collected under this section are dedicated, upon appropriation, to the department for conducting activities required by this section and rules adopted under this section. Fees established by this section shall not yield revenue greater than the cost of administering this section and the rules adopted under this section, but shall be adequate to ensure sustained operation of the state CCR program. The department shall prepare an annual report detailing costs incurred in connection with the management and closure of CCR units. The provisions of section 33.080 to the contrary notwithstanding, moneys and interest earned on moneys in the subaccount shall not revert to the general revenue fund at the end of each biennium.

10. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void."; and

**5. Effective January 1, 2019, and in order to implement the state CCR program, the department shall have the authority to assess one-time enrollment and annual fees on each owner, operator, or permittee of a CCR unit subject to 40 CFR 257, only as follows:**

**(1) For units that have not closed, an enrollment fee in the amount of sixty-two thousand dollars per CCR unit, except no fee shall apply to CCR units permitted as a utility waste landfill;**

**(2) For CCR units that have completed closure in place under 40 CFR 257 prior to December 31, 2018, an enrollment fee of forty-eight thousand dollars per CCR unit;**

**(3) An annual fee of fifteen thousand dollars per CCR unit, except an annual fee shall not be assessed on CCR units that have closed prior to December 31, 2018. The obligation to pay an annual fee under this section shall terminate at the end of the CCR unit’s post-closure period, so long as the CCR unit is not under a requirement to complete a corrective action, or sooner, if authorized by the department.**

**6. All fees received under this section shall be deposited into the “Coal Combustion Residuals Subaccount” of the solid waste management fund created under section 260.330. Fees collected under this section are dedicated, upon appropriation, to the department for conducting activities required by this section and rules adopted under this section. Fees established by this section shall not yield revenue greater than the cost of administering this section and the rules adopted under this section, but shall be adequate to ensure sustained operation of the state CCR program. The department shall prepare an annual report detailing costs incurred in connection with the management and closure of CCR units. The provisions of section 33.080 to the contrary notwithstanding, moneys and interest earned on moneys in the subaccount shall not revert to the general revenue fund at the end of each biennium.**

**7. Interest shall be imposed on the moneys due to the department at the rate of ten percent per annum from the prescribed due date until payment is actually made. These interest amounts shall be deposited to the credit of the subaccount created under this section.**

**8. All fees under this section shall be paid by check or money order made payable to the department and, unless otherwise required by this section, shall be due on January first of each calendar year and be accompanied by a form provided by the department.**

**9. The department may pursue penalties under section 260.240 for failure to timely submit the fees imposed in this section.**

**10. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void.”; and**

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

2. The director may inspect gasoline, gasoline-alcohol blends or other motor fuels to insure that these fuels conform to advertised grade and octane. In no event shall the penalty for a first violation of this section exceed a written reprimand.

**3. The director may waive specific requirements in this section and in regulations promulgated according to this section, or may establish temporary alternative requirements for fuels as determined to be necessary in the event of an extreme and unusual fuel supply circumstance as a result of a petroleum pipeline or petroleum refinery equipment failure, emergency, or a natural disaster as determined by the director for a specified period of time. If any action is taken by the director under this section, the director shall:**

- (1) Advise the U.S. Environmental Protection Agency of such action;**
- (2) Review the action after thirty days; and**
- (3) Notify industry stakeholders of such action.**

**4. Any waiver issued or action taken under subsection 3 of this section shall be as limited in scope and applicability as necessary, and shall apply equally and uniformly to all persons and companies in the impacted petroleum motor fuel supply and distribution system, including but not limited to petroleum producers, terminals, distributors, and retailers.”; and**

Whereas, nearly fifteen million Americans, including nearly six million children, suffer from food allergies, many of which are life-threatening; and

Whereas, eight foods, including shellfish, fish, milk, eggs, tree nuts, peanuts, soy, and wheat cause ninety percent of all food allergy reactions in the United States; and

Whereas, symptoms of a food allergy reaction can include hives, vomiting, respiratory distress, swelling of the throat, anaphylaxis, and death; and

Whereas, outreach and education have been shown to improve responses to allergic reactions; and

Whereas, public awareness of food allergies can enhance commitment to research the causes of food allergies and interventions for allergic reactions; and

Whereas, voluntary food allergy training and awareness in restaurants and food service industries is vital to spreading public awareness about food allergies and interventions:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby urge the Missouri Department of Health and Senior Services to encourage Missouri

restaurants and food service industries to participate in food allergy training programs to increase public awareness about food allergies and available interventions; and

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. **For the purposes of this subdivision, subdivision (6) of this subsection, and section 144.054, as well as the definition in subdivision (9) of subsection 1 of section 144.010, the term “product” includes telecommunications services and the term “manufacturing” shall include the production, or production and transmission, of telecommunications service. The preceding sentence does not make a substantive change in the law and is intended to clarify that the term “manufacturing” has included and continues to include the production and transmission of “telecommunications service”, as enacted in this subdivision and subdivision (6) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (6) of this subsection in *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court’s interpretation of those exemptions in *IBM Corporation v. Director of Revenue*, 491 S.W.3d 535 (Mo. banc 2016) to the extent inconsistent with this section and *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005).** Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(6) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption;

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. With regards to a health benefit plan, a health carrier shall not deny or refuse to issue coverage on, refuse to contract with, or refuse to renew or refuse to reissue or otherwise terminate or restrict coverage on an individual or their dependent because the individual is diagnosed with autism spectrum disorder, **developmental disabilities, or physical disabilities**.

4. (1) Coverage provided under this section is limited to medically necessary treatment [that] **as determined by the health benefit plan, and** is ordered by the insured's treating licensed physician or licensed psychologist, pursuant to the powers granted under such licensed physician's or licensed psychologist's license[, in accordance with]. **For applied behavioral analysis, such provider may submit** a treatment plan.

(3) Except for inpatient services, if an individual is receiving treatment for an autism spectrum disorder, **developmental disabilities, or physical disabilities**, a health carrier shall have the right to review the treatment plan not more than once every six months unless the health carrier and the individual's treating physician or psychologist agree that a more frequent review is necessary. Any such agreement regarding the right to review a treatment plan more frequently shall only apply to a particular individual [being treated for an autism spectrum disorder] and shall not apply to all individuals being treated for [autism spectrum disorders] **that disorder** by a physician or psychologist. The cost of obtaining any review or treatment plan shall be borne by the health benefit plan or health carrier, as applicable.

5. Coverage provided under this section for applied behavior analysis shall be subject to a maximum benefit of forty thousand dollars per calendar year for individuals through eighteen years of age. Such maximum benefit limit may be exceeded, upon prior approval by the health benefit plan, if the provision of applied behavior analysis services beyond the maximum limit is medically necessary for such individual. Payments made by a health carrier on behalf of a covered individual for any care, treatment, intervention, service or item, the provision of which was for the treatment of a health condition unrelated to the covered individual's autism spectrum disorder, shall not be applied toward any maximum benefit established under this subsection. Any coverage required under this section, other than the coverage for applied behavior analysis, shall not be subject to the age and dollar limitations described in this subsection.

6. Coverage provided under this section for therapeutic care shall be subject to a maximum benefit of forty thousand dollars per calendar year for individuals through eighteen years of age. Such maximum benefit limit may be exceeded, upon prior approval by the health benefit plan, if the provision of therapeutic care beyond the maximum limit is medically necessary for such individual.

**Payments made by a health carrier on behalf of a covered individual for any care, treatment, intervention, service or item, the provision of which was for the treatment of a health condition unrelated to the covered individual's developmental disabilities or physical disabilities, shall not be applied toward any maximum benefit established under this subsection. Any coverage required under this section, other than the coverage for applied behavioral analysis or therapeutic care, shall not be subject to the age and dollar limitations described in this subsection.**

Beginning January 1, 2012, and annually thereafter, the current value of the maximum benefit limitation for applied behavior analysis coverage adjusted for inflation in accordance with this subsection shall be calculated by the director of the department of insurance, financial institutions and professional registration. The director shall furnish the calculated value to the secretary of state, who shall publish such value in the Missouri Register as soon after each January first as practicable, but it shall otherwise be exempt from the provisions of section 536.021.

[7.] **8.** Subject to the provisions set forth in subdivision (3) of subsection 4 of this section, coverage provided under this section shall not be subject to any limits on the number of visits an individual may make to an autism service provider **or therapeutic care provider**, except that the maximum total benefit for applied behavior analysis set forth in subsection 5 **or therapeutic care as set forth in subsection 6** of this section shall apply to this subsection.

[8.] **9.** This section shall not be construed as limiting benefits which are otherwise available to an individual under a health benefit plan. The health care coverage required by this section shall not be subject to any greater deductible, coinsurance, or co-payment than other physical health care services provided by a health benefit plan. Coverage of services may be subject to other general exclusions and limitations of the contract or benefit plan, not in conflict with the provisions of this section, such as coordination of benefits, exclusions for services provided by family or household members, and utilization review of health care services, including review of medical necessity and care management; however, coverage for treatment under this section shall not be denied on the basis that it is educational or habilitative in nature.

[9.] **10.** To the extent any payments or reimbursements are being made for applied behavior analysis, such payments or reimbursements shall be made to either:

(1) The autism service provider, as defined in this section; or

(2) The entity or group for whom such supervising person, who is certified as a board-certified behavior analyst by the Behavior Analyst Certification Board, works or is associated.

[10.] **11.** Notwithstanding any other provision of law to the contrary, health carriers shall not be held

liable for the actions of line therapists in the performance of their duties.

[11.] **12.** The provisions of this section shall apply to any health care plans issued to employees and their dependents under the Missouri consolidated health care plan established pursuant to chapter 103 that are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2011. The terms “employees” and “health care plans” shall have the same meaning ascribed to them in section 103.003.

[13.] **14.** The provisions of this section shall not automatically apply to an individually underwritten health benefit plan, but shall be offered as an option to any such plan.

[14.] **15.** The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policy of six months or less duration, or any other supplemental policy.

[15.] **16.** Any health carrier or other entity subject to the provisions of this section shall not be required to provide reimbursement for the applied behavior analysis **or therapy** delivered to a person insured by such health carrier or other entity to the extent such health carrier or other entity is billed for such services by any Part C early intervention program or any school district for applied behavior analysis rendered to the person covered by such health carrier or other entity. This section shall not be construed as affecting any obligation to provide services to an individual under an individualized family service plan, an individualized education plan, or an individualized service plan. This section shall not be construed as affecting any obligation to provide reimbursement pursuant to section 376.1218.

[16.] **17.** The provisions of sections 376.383, 376.384, and 376.1350 to 376.1399 shall apply to this section.

[17.] **18.** The director of the department of insurance, financial institutions and professional registration shall grant a small employer with a group health plan, as that term is defined in section 379.930, a waiver from the provisions of this section if the small employer demonstrates to the director by actual claims experience over any consecutive twelve-month period that compliance with this section has increased the cost of the health insurance policy by an amount of two and a half percent or greater over the period of a calendar year in premium costs to the small employer.

[18.] **19.** The provisions of this section shall not apply to the Mo HealthNet program as described in chapter 208.

4. This program shall be used as an intermediate sanction by the department. The program may include education, treatment and rehabilitation programs. If an offender successfully completes the institutional phase of the program, the department shall notify the board of probation and parole within thirty days of completion. 6. If the offender fails to complete the program, the offender shall be taken out of the program and shall serve the remainder of his sentence with the department.

7. Time spent in the program shall count as time served on the sentence.

**8. If an offender requires treatment for opioid or other substance misuse or dependence, the department shall not prohibit such offender from participating in and receiving medication-assisted treatment under the care of a physician licensed in this state to practice medicine. An offender shall not be required to refrain from using medication-assisted treatment as a term or condition of his or her sentence.**

(2) Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void.

**7. Each health carrier or health benefit plan that offers or issues health benefit plans that are delivered, issued for delivery, continued, or renewed in this state shall reimburse an assistant physician for the diagnosis, consultation, or treatment of an insured or enrollee on the same basis that the health carrier or health benefit plan covers the service when it is delivered by another comparable mid-level health care provider including, but not limited to, a physician assistant.**

L. 95-210 [.] (42 U.S.C. Section 1395x), as amended**, as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. Such exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics if the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics if the main location of the hospital sponsor is greater than fifty miles from the clinic. (3) In conjunction with deans of medical schools and primary care residency program directors in the state, the development and implementation of educational methods and programs undertaken during the collaborative practice service which shall facilitate the advancement of the assistant physician's medical knowledge and capabilities, and which may lead to credit toward a future residency program for programs that deem such documented educational achievements acceptable; and

(4) The requirements for review of services provided under collaborative practice arrangements, including delegating authority to prescribe controlled substances.

Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. The state board of registration for the healing arts shall promulgate rules applicable to assistant physicians that shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

4. The state board of registration for the healing arts shall not deny, revoke, suspend, or otherwise take disciplinary action against a collaborating physician for health care services delegated to an assistant physician provided the provisions of this section and the rules promulgated thereunder are satisfied.

5. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice arrangement, including collaborative practice arrangements delegating the authority to prescribe controlled substances, and also report to the board the name of each assistant physician with whom the physician has entered into such arrangement. The board may make such information available to the public. The board shall track the reported information and may routinely conduct random reviews of such arrangements to ensure that arrangements are carried out for compliance under this chapter.

6. A collaborating physician **or supervising physician** shall not enter into a collaborative practice arrangement **or supervision agreement** with more than [three] **six** full-time equivalent assistant physicians, **full-time equivalent physician assistants, or full-time equivalent advance practice registered nurses, or any combination thereof.** Such limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

7. The collaborating physician shall determine and document the completion of at least a one-month period of time during which the assistant physician shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. **No rule or regulation shall require the collaborating physician to review more than ten percent of the assistant physician's patient charts or records during such one-month period.** Such limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

8. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

9. No contract or other agreement shall require a physician to act as a collaborating physician for an assistant physician against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular assistant physician. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any assistant physician, but such requirement shall not authorize

a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by a hospital's medical staff.

10. No contract or other agreement shall require any assistant physician to serve as a collaborating assistant physician for any collaborating physician against the assistant physician's will. An assistant physician shall have the right to refuse to collaborate, without penalty, with a particular physician.

11. All collaborating physicians and assistant physicians in collaborative practice arrangements shall wear identification badges while acting within the scope of their collaborative practice arrangement. The identification badges shall prominently display the licensure status of such collaborating physicians and assistant physicians.

12. (1) An assistant physician with a certificate of controlled substance prescriptive authority as provided in this section may prescribe any controlled substance listed in Schedule III, IV, or V of section 195.017, and may have restricted authority in Schedule II, when delegated the authority to prescribe controlled substances in a collaborative practice arrangement. Prescriptions for Schedule II medications prescribed by an assistant physician who has a certificate of controlled substance prescriptive authority are restricted to only those medications containing hydrocodone. Any limitations shall be listed in the collaborative practice arrangement. Assistant physicians shall not prescribe controlled substances for themselves or members of their families. Schedule III controlled substances and Schedule II - hydrocodone prescriptions shall be limited to a five-day supply without refill, **except that buprenorphine may be prescribed for up to a thirty-day supply without refill for patients receiving medication assisted treatment for substance use disorders under the direction of the collaborating physician.** Assistant physicians who are authorized to prescribe controlled substances under this section shall register with the federal Drug Enforcement Administration and the state bureau of narcotics and dangerous drugs, and shall include the Drug Enforcement Administration registration number on prescriptions for controlled substances.

(2) The collaborating physician shall be responsible to determine and document the completion of at least one hundred twenty hours in a four-month period by the assistant physician during which the assistant physician shall practice with the collaborating physician on-site prior to prescribing controlled substances when the collaborating physician is not on-site. Such limitation shall not apply to assistant physicians of population-based public health services as defined in 20 CSR 2150-5.100 as of April 30, 2009, **or assistant physicians providing opioid addiction treatment.**

(3) An assistant physician shall receive a certificate of controlled substance prescriptive authority from the state board of registration for the healing arts upon verification of licensure under section 334.036.

334.104. 1. A physician may enter into collaborative practice arrangements with registered professional nurses. Collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols, or standing orders for the delivery of health care services. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer or dispense drugs and provide treatment as long as the delivery of such health care services is within the scope of practice of the registered professional nurse and is consistent with that nurse's skill, training and competence.

2. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer, dispense or prescribe drugs and provide treatment if the registered professional nurse is an advanced practice registered nurse as defined in subdivision (2) of section 335.016. Collaborative practice arrangements may delegate to an advanced practice registered nurse, as defined in section 335.016, the authority to administer, dispense, or prescribe controlled substances listed in Schedules III, IV, and V of section 195.017, and Schedule II - hydrocodone; except that, the collaborative practice arrangement shall not delegate the authority to administer any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone for the purpose of inducing sedation or general anesthesia for therapeutic, diagnostic, or surgical procedures. Schedule III narcotic controlled substance and Schedule II - hydrocodone prescriptions shall be limited to a one hundred twenty-hour supply without refill. Such collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols or standing orders for the delivery of health care services. **An advanced practice registered nurse may prescribe buprenorphine for up to a thirty-day supply without refill for patient's receiving medication assisted treatment for substance use disorders under the direction of the collaborating physician.**

3. The written collaborative practice arrangement shall contain at least the following provisions:

(1) Complete names, home and business addresses, zip codes, and telephone numbers of the collaborating physician and the advanced practice registered nurse;

(5) The manner of collaboration between the collaborating physician and the advanced practice registered nurse, including how the collaborating physician and the advanced practice registered nurse will:

(a) Engage in collaborative practice consistent with each professional's skill, training, education, and competence;

(b) Maintain geographic proximity, except the collaborative practice arrangement may allow for geographic proximity to be waived for a maximum of twenty-eight days per calendar year for rural health clinics as defined by P.L. 95-210, as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. This exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics where the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics where the main location of the hospital sponsor is greater than fifty miles from the clinic. The collaborating physician is required to maintain documentation related to this requirement and to present it to the state board of registration for the healing arts when requested; and

The description shall include provisions that the advanced practice registered nurse shall submit a minimum of ten percent of the charts documenting the advanced practice registered nurse's delivery of health care services to the collaborating physician for review by the collaborating physician, or any other physician designated in the collaborative practice arrangement, every fourteen days; and

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the advanced practice registered nurse prescribes controlled substances. Such rules shall be limited to specifying geographic areas to be covered, the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing,

investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician **or supervising physician** shall not enter into a collaborative practice arrangement **or supervision agreement** with more than [three] **six** full-time equivalent advanced practice registered nurses, **full-time equivalent licensed physician assistants, or full-time equivalent assistant physicians, or any combination thereof.** This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No

contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advanced practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician.

No physician assistant shall practice or attempt to practice without physician supervision or in any location where the supervising physician is not immediately available for consultation, assistance and intervention, except as otherwise provided in this section, and in an emergency situation, nor shall any physician assistant bill a patient independently or directly for any services or procedure by the physician assistant; except that, nothing in this subsection shall be construed to prohibit a physician assistant from enrolling with the department of social services as a MO HealthNet or Medicaid provider while acting under a supervision agreement between the physician and physician assistant.

6. For purposes of this section, the licensing of physician assistants shall take place within processes established by the state board of registration for the healing arts through rule and regulation. The board of healing arts is authorized to establish rules pursuant to chapter 536 establishing licensing and renewal procedures, supervision, supervision agreements, fees, and addressing such other matters as are necessary to protect the public and discipline the profession. An application for licensing may be denied or the license of a physician assistant may be suspended or revoked by the board in the same manner and for violation of the standards as set forth by section 334.100, or such other standards of conduct set by the board by rule or regulation. Persons licensed pursuant to the provisions of chapter 335 shall not be required to be licensed as physician assistants. All applicants for physician assistant licensure who complete a physician assistant training program after January 1, 2008, shall have a master's degree from a physician assistant program.

7. "Physician assistant supervision agreement" means a written agreement, jointly agreed-upon protocols or standing order between a supervising physician and a physician assistant, which provides for the delegation of health care services from a supervising physician to a physician assistant and the review of such services. The agreement shall contain at least the following provisions:

- (1) Complete names, home and business addresses, zip codes, telephone numbers, and state license numbers of the supervising physician and the physician assistant;
- (2) A list of all offices or locations where the physician routinely provides patient care, and in which of such offices or locations the supervising physician has authorized the physician assistant to practice;

(4) The manner of supervision between the supervising physician and the physician assistant, including how the supervising physician and the physician assistant shall:

(a) Attest on a form provided by the board that the physician shall provide supervision appropriate to the physician assistant's training and experience and that the physician assistant shall not practice beyond the scope of the physician assistant's training and experience nor the supervising physician's capabilities and training; and

Such description shall include provisions that the supervising physician, or a designated supervising physician listed in the supervision agreement review a minimum of ten percent of the charts of the physician assistant's delivery of health care services every fourteen days.

8. When a physician assistant supervision agreement is utilized to provide health care services for conditions other than acute self-limited or well-defined problems, the supervising physician or other physician designated in the supervision agreement shall see the patient for evaluation and approve or formulate the plan of treatment for new or significantly changed conditions as soon as practical, but in no case more than two weeks after the patient has been seen by the physician assistant.

9. At all times the physician is responsible for the oversight of the activities of, and accepts responsibility for, health care services rendered by the physician assistant.

11. No contract or other agreement shall require a physician to act as a supervising physician for a physician assistant against the physician's will. A physician shall have the right to refuse to act as a supervising physician, without penalty, for a particular physician assistant. No contract or other agreement shall limit the supervising physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any physician assistant, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by the hospital's medical staff.

12. Physician assistants shall file with the board a copy of their supervising physician form.

13. No physician shall be designated to serve as supervising physician **or collaborating physician** for more than [three] **six** full-time equivalent licensed physician assistants, **full-time equivalent advanced practice registered nurses, or full-time equivalent assistant physicians, or any combination thereof.** This limitation shall not apply to physician assistant agreements of hospital employees providing inpatient care service in hospitals as defined in chapter 197.

provided in this section may prescribe any controlled substance listed in Schedule III, IV, or V of section 195.017, and may have restricted authority in Schedule II, when delegated the authority to prescribe controlled substances in a supervision agreement. Such authority shall be listed on the supervision verification form on file with the state board of healing arts. The supervising physician shall maintain the right to limit a specific scheduled drug or scheduled drug category that the physician assistant is permitted to prescribe. Any limitations shall be listed on the supervision form. Prescriptions for Schedule II medications prescribed by a physician assistant with authority to prescribe delegated in a supervision agreement are restricted to only those medications containing hydrocodone. Physician assistants shall not prescribe controlled substances for themselves or members of their families. Schedule III controlled substances and Schedule II - hydrocodone prescriptions shall be limited to a five-day supply without refill, **except that buprenorphine may be prescribed for up to a thirty-day supply without refill for patients receiving medication assisted treatment for substance use disorders under the direction of the supervising physician.** Physician assistants who are authorized to prescribe controlled substances under this section shall register with the federal Drug Enforcement Administration and the state bureau of narcotics and dangerous drugs, and shall include the Drug Enforcement Administration registration number on prescriptions for controlled substances.

2. The supervising physician shall be responsible to determine and document the completion of at least one hundred twenty hours in a four-month period by the physician assistant during which the physician assistant shall practice with the supervising physician on-site prior to prescribing controlled substances when the supervising physician is not on-site. Such limitation shall not apply to physician assistants of population-based public health services as defined in 20 CSR 2150-5.100 as of April 30, 2009.

The director shall promulgate rules establishing a procedure and appropriate standards for making such a demonstration. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

(c) Items and services customarily provided by the research sponsors free of charge for any enrollee in the trial.

8. For the purpose of this section, providers participating in clinical trials shall obtain a patient’s informed consent for participation on the clinical trial in a manner that is consistent with current legal and ethical standards. Such documents shall be made available to the health insurer upon request.

9. The provisions of this section shall not apply to a policy, plan or contract paid under Title XVIII or Title XIX of the Social Security Act.

10. 3. The offer required by sections 376.810 to 376.814 may be accepted or rejected by the group or individual policyholder or contract holder and, if accepted, shall fully and completely satisfy and substitute for the coverage under section 376.779. Nothing in sections 376.810 to 376.814 shall prohibit an insurance company, health services corporation or health maintenance organization from including all or part of the coverages set forth in sections 376.810 to 376.814 as standard coverage in their policies or contracts issued in this state.

4. provided in sections 376.825 to 376.836.

6. This section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, hospitalization-surgical care policy, short-term major medical policy [of six months or less duration] **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

(2) “Health benefit plan”, shall have the same meaning as such term is defined in section 376.1350; however, for purposes of this section “health benefit plan” does not include a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policy [of six months or less duration] **having a duration of less than one year**, or any other supplemental policy;

(3) “Health carrier”, shall have the same meaning as such term is defined in section 376.1350;

(4) “Medical care”, health care services needed to diagnose, prevent, treat, cure, or relieve physical manifestations of an eating disorder, and shall include inpatient hospitalization, partial hospitalization, residential care, intensive outpatient treatment, follow-up outpatient care, and counseling;

(5) “Pharmacy care”, medications prescribed by a licensed physician for an eating disorder and includes any health-related services deemed medically necessary to determine the need or effectiveness of the medications, but only to the extent that such medications are included in the insured’s health benefit plan;

(8) “Treatment of eating disorders”, therapy provided by a licensed treating physician, psychiatrist, psychologist, professional counselor, clinical social worker, or licensed marital and family therapist pursuant to the powers granted under such licensed physician’s, psychiatrist’s, psychologist’s, professional counselor’s, clinical social worker’s, or licensed marital and family therapist’s license in the state where he or she practices for an individual diagnosed with an eating disorder.

2. In accordance with the provisions of section 376.1550, all health benefit plans that are delivered, issued for delivery, continued or renewed on or after January 1, 2017, if written inside the state of Missouri, or written outside the state of Missouri but covering Missouri residents, shall provide coverage for the diagnosis and treatment of eating disorders as required in section 376.1550.

3. Coverage provided under this section is limited to medically necessary treatment that is provided by a licensed treating physician, psychiatrist, psychologist, professional counselor, clinical social worker, or licensed marital and family therapist pursuant to the powers granted under such licensed physician's, psychiatrist's, psychologist's, professional counselor's, clinical social worker's, or licensed marital and family therapist's license and acting within their applicable scope of coverage, in accordance with a treatment plan.

4. The treatment plan, upon request by the health benefit plan or health carrier, shall include all elements necessary for the health benefit plan or health carrier to pay claims. Such elements include, but are not limited to, a diagnosis, proposed treatment by type, frequency and duration of treatment, and goals.

5. Coverage of the treatment of eating disorders may be subject to other general exclusions and limitations of the contract or benefit plan not in conflict with the provisions of this section, such as coordination of benefits, and utilization review of health care services, which includes reviews of medical necessity and care management. Medical necessity determinations and care management for the treatment of eating disorders shall consider the overall medical and mental health needs of the individual with an eating disorder, shall not be based solely on weight, and shall take into consideration the most recent Practice Guideline for the Treatment of Patients with Eating Disorders adopted by the American Psychiatric Association in addition to current standards based upon the medical literature generally recognized as authoritative in the medical community.

376.1192. 1. As used in this section, "health benefit plan" and "health carrier" shall have the same meaning as such terms are defined in section 376.1350.

2. 3. By December 31, 2013, the director of the oversight division of the joint committee on legislative research shall submit a report of the actuarial findings prescribed by this section to the speaker of the house of representatives, the president pro tempore of the senate, and the chairpersons of the house of representatives committee on health insurance and the senate small business, insurance and industry committee, or the committees having jurisdiction over health insurance issues if the preceding committees no longer exist.

4. For the purposes of this section, the actuarial analysis of health benefit plan coverage shall assume that such coverage:

(1) Shall not be subject to any greater deductible or co-payment than other health care services provided by the health benefit plan; and

(2) Shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies [of six months' or less duration] **having a duration of less than one year**, or any other supplemental policy.

376.1199. 1. Each health carrier or health benefit plan that offers or issues health benefit plans providing obstetrical/gynecological benefits and pharmaceutical coverage, which are delivered, issued for delivery, continued or renewed in this state on or after January 1, 2002, shall:

(1) Notwithstanding the provisions of subsection 4 of section 354.618, provide enrollees with direct access to the services of a participating obstetrician, participating gynecologist or participating obstetrician/gynecologist of her choice within the provider network for covered services. The services covered by this subdivision shall be limited to those services defined by the published recommendations of the accreditation council for graduate medical education for training an obstetrician, gynecologist or obstetrician/gynecologist, including but not limited to diagnosis, treatment and referral for such services. A health carrier shall not impose additional co-payments, coinsurance or deductibles upon any enrollee who seeks or receives health care services pursuant to this subdivision, unless similar additional co-payments, coinsurance or deductibles are imposed for other types of health care services received within the provider network. Nothing in this subsection shall be construed to require a health carrier to perform, induce, pay for, reimburse, guarantee, arrange, provide any resources for or refer a patient for an abortion, as defined in section 188.015, other than a spontaneous abortion or to prevent the death of the female upon whom the abortion is performed, or to supersede or conflict with section 376.805; and

(2) Notify enrollees annually of cancer screenings covered by the enrollees' health benefit plan and the current American Cancer Society guidelines for all cancer screenings or notify enrollees at intervals consistent with current American Cancer Society guidelines of cancer screenings which are covered by the

enrollees' health benefit plans. The notice shall be delivered by mail unless the enrollee and health carrier have agreed on another method of notification; and

(3) Include coverage for services related to diagnosis, treatment and appropriate management of osteoporosis when such services are provided by a person licensed to practice medicine and surgery in this state, for individuals with a condition or medical history for which bone mass measurement is medically indicated for such individual. In determining whether testing or treatment is medically appropriate, due consideration shall be given to peer-reviewed medical literature. A policy, provision, contract, plan or agreement may apply to such services the same deductibles, coinsurance and other limitations as apply to other covered services; and

(4) If the health benefit plan also provides coverage for pharmaceutical benefits, provide coverage for contraceptives either at no charge or at the same level of deductible, coinsurance or co-payment as any other covered drug.

No such deductible, coinsurance or co-payment shall be greater than any drug on the health benefit plan's formulary. As used in this section, "contraceptive" shall include all prescription drugs and devices approved by the federal Food and Drug Administration for use as a contraceptive, but shall exclude all drugs and devices that are intended to induce an abortion, as defined in section 188.015, which shall be subject to section 376.805. Nothing in this subdivision shall be construed to exclude coverage for prescription contraceptive drugs or devices ordered by a health care provider with prescriptive authority for reasons other than contraceptive or abortion purposes.

2. For the purposes of this section, "health carrier" and "health benefit plan" shall have the same meaning as defined in section 376.1350.

3. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policy [of six months or less duration] **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

4. Notwithstanding the provisions of subdivision (4) of subsection 1 of this section to the contrary:

(1) Any health carrier shall offer and issue to any person or entity purchasing a health benefit plan, a health benefit plan that excludes coverage for contraceptives if the use or provision of such contraceptives is contrary to the moral, ethical or religious beliefs or tenets of such person or entity;

(2) Upon request of an enrollee who is a member of a group health benefit plan and who states that the use or provision of contraceptives is contrary to his or her moral, ethical or religious beliefs, any health carrier shall issue to or on behalf of such enrollee a policy form that excludes coverage for contraceptives. Any administrative costs to a group health benefit plan associated with such exclusion of coverage not offset by the decreased costs of providing coverage shall be borne by the group policyholder or group plan holder;

(3) Any health carrier which is owned, operated or controlled in substantial part by an entity that is operated pursuant to moral, ethical or religious tenets that are contrary to the use or provision of contraceptives shall be exempt from the provisions of subdivision (4) of subsection 1 of this section. For purposes of this subsection, if new premiums are charged for a contract, plan or policy, it shall be determined to be a new contract, plan or policy.

5. Except for a health carrier that is exempted from providing coverage for contraceptives pursuant to this section, a health carrier shall allow enrollees in a health benefit plan that excludes coverage for contraceptives pursuant to subsection 4 of this section to purchase a health benefit plan that includes coverage for contraceptives.

6. Any health benefit plan issued pursuant to subsection 1 of this section shall provide clear and conspicuous written notice on the enrollment form or any accompanying materials to the enrollment form and the group health benefit plan application and contract:

(1) Whether coverage for contraceptives is or is not included;

(2) That an enrollee who is a member of a group health benefit plan with coverage for contraceptives has the right to exclude coverage for contraceptives if such coverage is contrary to his or her moral, ethical or religious beliefs;

(3) That an enrollee who is a member of a group health benefit plan without coverage for contraceptives has the right to purchase coverage for contraceptives;

(4) Whether an optional rider for elective abortions has been purchased by the group contract holder pursuant to section 376.805; and

(5) That an enrollee who is a member of a group health plan with coverage for elective abortions has the right to exclude and not pay for coverage for elective abortions if such coverage is contrary to his or her moral, ethical, or religious beliefs.

For purposes of this subsection, if new premiums are charged for a contract, plan, or policy, it shall be determined to be a new contract, plan, or policy.

7. Health carriers shall not disclose to the person or entity who purchased the health benefit plan the names of enrollees who exclude coverage for contraceptives in the health benefit plan or who purchase a health benefit plan that includes coverage for contraceptives. Health carriers and the person or entity who purchased the health benefit plan shall not discriminate against an enrollee because the enrollee excluded coverage for contraceptives in the health benefit plan or purchased a health benefit plan that includes coverage for contraceptives.

8. The departments of health and senior services and insurance, financial institutions and professional registration may promulgate rules necessary to implement the provisions of this section. No rule or portion of a rule promulgated pursuant to this section shall become effective unless it has been promulgated pursuant to chapter 536. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

376.1200. 1. Each entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a health services corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law and all managed health care

delivery entities of any type or description, that are delivered, issued for delivery, continued or renewed in this state on or after January 1, 1996, shall offer coverage for the treatment of breast cancer by dose-intensive chemotherapy/autologous bone marrow transplants or stem cell transplants when performed pursuant to nationally accepted peer review protocols utilized by breast cancer treatment centers experienced in dose-intensive chemotherapy/autologous bone marrow transplants or stem cell transplants. The offer of benefits under this section shall be in writing and must be accepted in writing by the individual or group policyholder or contract holder.

2. Such health care service shall not be subject to any greater deductible or co-payment than any other health care service provided by the policy, contract or plan, except that the policy, contract or plan may contain a provision imposing a lifetime benefit maximum of not less than one hundred thousand dollars, for dose-intensive chemotherapy/autologous bone marrow transplants or stem cell transplants for breast cancer treatment.

3. Benefits may be administered for such health care service through a managed care program of exclusive and/or preferred contractual arrangements with one or more providers rendering such health care service. These contractual arrangements may provide that the provider shall hold the patient harmless for the cost of rendering such health care service if it is subsequently found by the entity authorized to resolve disputes that:

(1) Such care did not qualify under the protocols established for the providing of care for such health care service;

(2) Such care was not medically appropriate; or

(3) The provider otherwise failed to comply with the utilization management or other managed care provision agreed to in any contract between the entity and the provider.

4. The provisions of this section shall not apply to short-term travel, accident-only, limited or specified disease policies, or to short-term nonrenewable policies [of not more than seven months duration] **having a duration of less than one year.**

5. Nothing in this section shall prohibit an entity from including all or part of such health care services as standard coverage in its policies, contracts or plans.

376.1209. 1. Each entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law, and all managed health care delivery entities of any type or description, that provide coverage for the surgical procedure known as a mastectomy, and which are delivered, issued for delivery, continued or renewed in this state on or after January 1, 1998, shall provide coverage for prosthetic devices or reconstructive surgery necessary to restore symmetry as recommended by the oncologist or primary care physician for the patient incident to the mastectomy. Coverage for prosthetic devices and reconstructive surgery shall be subject to the same deductible and coinsurance conditions applied to the mastectomy and all other terms and conditions applicable to other benefits with the exception that no time limit shall be imposed on an individual for the receipt of prosthetic devices or reconstructive surgery and if such individual changes his or her insurer, then the new policy subject to the federal Women's Health and Cancer Rights Act (Sections 901-903 of P.L. 105-277), as amended, shall provide coverage consistent with the federal Women's Health and Cancer Rights Act

(Sections 901-903 of P.L. 105-277), as amended, and any regulations promulgated pursuant to such act.

2. As used in this section, the term “mastectomy” means the removal of all or part of the breast for medically necessary reasons, as determined by a physician licensed pursuant to chapter 334.

3. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, **short-term major medical policy having a duration of less than one year**, or long-term care policy.

376.1210. 1. Each entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law, and all managed health care delivery entities of any type or description, that are delivered, issued for delivery, continued or renewed in this state on or after January 1, 1997, and providing for maternity benefits, shall provide coverage for a minimum of forty-eight hours of inpatient care following a vaginal delivery and a minimum of ninety-six hours of inpatient care following a cesarean section for a mother and her newly born child in a hospital as defined in section 197.020 or any other health care facility licensed to provide obstetrical care under the provisions of chapter 197.

2. Notwithstanding the provisions of subsection 1 of this section, any entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law, and all managed health care delivery entities of any type or description that are delivered, issued for delivery, continued or renewed in this state on or after January 1, 1997, and providing for maternity benefits, may authorize a shorter length of hospital stay for services related to maternity and newborn care if:

(1) A shorter hospital stay meets with the approval of the attending physician after consulting with the mother. The physician’s approval to discharge shall be made in accordance with the most current version of the “Guidelines for Perinatal Care” prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists, or similar guidelines prepared by another nationally recognized medical organization; and

(2) The entity providing the individual or group health insurance policy provides coverage for post-discharge care to the mother and her newborn.

3. Post-discharge care shall consist of a minimum of two visits at least one of which shall be in the home, in accordance with accepted maternal and neonatal physical assessments, by a registered professional nurse with experience in maternal and child health nursing or a physician. The location and schedule of the post-discharge visits shall be determined by the attending physician. Services provided by the registered professional nurse or physician shall include, but not be limited to, physical assessment of the newborn and mother, parent education, assistance and training in breast or bottle feeding, education and services for complete childhood immunizations, the performance of any necessary and appropriate clinical tests and submission of a metabolic specimen satisfactory to the state laboratory. Such services shall be in accordance with the medical criteria outlined in the most current version of the “Guidelines for Perinatal Care” prepared

by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists, or similar guidelines prepared by another nationally recognized medical organization. Any abnormality, in the condition of the mother or the child, observed by the nurse shall be reported to the attending physician as medically appropriate.

4. For the purposes of this section, “attending physician” shall include the attending obstetrician, pediatrician, or other physician attending the mother or newly born child.

5. Each entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law and all managed health care delivery entities of any type or description shall provide notice to policyholders, insured persons and participants regarding the coverage required by this section. Such notice shall be in writing and prominently positioned in the policy, certificate of coverage or summary plan description.

6. Such health care service shall not be subject to any greater deductible or co-payment than other similar health care services provided by the policy, contract or plan.

7. No insurer may provide financial disincentives to, or deselect, terminate the services of, require additional documentation from, require additional utilization review, or reduce payments to, or otherwise penalize the attending physician in retaliation solely for ordering care consistent with the provisions of this section.

**8. The provisions of this section shall not apply to short-term major medical policies having a duration of less than one year.**

9. The department of insurance, financial institutions and professional registration shall adopt rules and regulations to implement and enforce the provisions of this section. No rule or portion of a rule promulgated pursuant to this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

376.1215. 1. All individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a health services corporation, individual and group service contracts issued by a health maintenance organization and all self-insured group arrangements to the extent not preempted by federal law and all managed health care delivery entities of any type or description shall provide coverage for immunizations of a child from birth to five years of age as provided by department of health and senior services regulations.

2. Such coverage shall not be subject to any deductible or co-payment limits.

3. The contract issued by a health maintenance organization may provide that the benefits required pursuant to this section shall be covered benefits only if the services are rendered by a provider who is designated by and affiliated with the health maintenance organization, except that the health maintenance organization shall, as a condition of participation, comply with the immunization requirements of state or federally funded health programs.

4. This section shall not apply to supplemental insurance policies, including life care contracts, accident-only policies, specified disease policies, hospital policies providing a fixed daily benefit only, Medicare supplement policies, long-term care policies, coverage issued as a supplement to liability insurance, short-

term major medical policies [of six months or less duration] **having a duration of less than one year**, and other supplemental policies as determined by the department of insurance, financial institutions and professional registration. 5. The department of health and senior services shall promulgate rules and regulations to determine which immunizations shall be covered by policies, plans or contracts described in this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024. 6. No health care provider shall charge more than one hundred percent of the reasonable and customary charges for providing any immunization.

376.1218. 1. Any health carrier or health benefit plan that offers or issues health benefit plans, other than Medicaid health benefit plans, which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2006, shall provide coverage for early intervention services described in this section that are delivered by early intervention specialists who are health care professionals licensed by the state of Missouri and acting within the scope of their professions for children from birth to age three identified by the Part C early intervention system as eligible for services under Part C of the Individuals with Disabilities Education Act, 20 U.S.C. Section 1431, et seq. Such coverage shall be limited to three thousand dollars for each covered child per policy per calendar year, with a maximum of nine thousand dollars per child.

2. As used in this section, “health carrier” and “health benefit plan” shall have the same meaning as such terms are defined in section 376.1350.

3. In the event that any health benefit plan is found not to be required to provide coverage under subsection 1 of this section because of preemption by a federal law, including but not limited to the act commonly known as ERISA contained in Title 29 of the United States Code, or in the event that subsection 1 of this section is found to be unconstitutional, then the lead agency shall be responsible for payment and provision of any benefit provided under this section.

4. For purposes of this section, “early intervention services” means medically necessary speech and language therapy, occupational therapy, physical therapy, and assistive technology devices for children from birth to age three who are identified by the Part C early intervention system as eligible for services under Part C of the Individuals with Disabilities Education Act, 20 U.S.C. Section 1431, et seq. Early intervention services shall include services under an active individualized family service plan that enhance functional ability without effecting a cure. An individualized family service plan is a written plan for providing early intervention services to an eligible child and the child’s family that is adopted in accordance with 20 U.S.C. Section 1436. The Part C early intervention system, on behalf of its contracted regional Part C early intervention system centers and providers, shall be considered the rendering provider of services for purposes of this section.

5. No payment made for specified early intervention services shall be applied by the health carrier or health benefit plan against any maximum lifetime aggregate specified in the policy or health benefit plan if the carrier opts to satisfy its obligations under this section under subdivision (2) of subsection 7 of this section. A health benefit plan shall be billed at the applicable Medicaid rate at the time the covered benefit is delivered, and the health benefit plan shall pay the Part C early intervention system at such rate for benefits covered by this section. Services under the Part C early intervention system shall be delivered as prescribed by the individualized family service plan and an electronic claim filed in accordance with the carrier’s or plan’s standard format. Beginning January 1, 2007, such claims’ payments shall be made in

accordance with the provisions of sections 376.383 and 376.384.

6. The health care service required by this section shall not be subject to any greater deductible, co-payment, or coinsurance than other similar health care services provided by the health benefit plan.

7. (1) Subject to the provisions of this section, payments made during a calendar year by a health carrier or group of carriers affiliated by or under common ownership or control to the Part C early intervention system for services provided to children covered by the Part C early intervention system shall not exceed one-half of one percent of the direct written premium for health benefit plans as reported to the department of insurance, financial institutions and professional registration on the health carrier's most recently filed annual financial statement.

(2) In lieu of reimbursing claims under this section, a carrier or group of carriers affiliated by or under common ownership or control may, on behalf of all of the carrier's or carriers' health benefit plan or plans providing coverage under this section, directly pay the Part C early intervention system by January thirty-first of the calendar year an amount equal to one-half of one percent of the direct written premium for health benefit plans as reported to the department of insurance, financial institutions and professional registration on the health carrier's most recently filed annual financial statement, or five hundred thousand dollars, whichever is less, and such payment shall constitute full and complete satisfaction of the health benefit plan's obligation for the calendar year. Nothing in this subsection shall require a health carrier or health benefit plan providing coverage under this section to amend or modify any provision of an existing policy or plan relating to the payment or reimbursement of claims by the health carrier or health benefit plan.

8. This section shall not apply to a supplemental insurance policy, including a life care contract, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, hospitalization-surgical care policy, policy that is individually underwritten or provides such coverage for specific individuals and members of their families, long-term care policy, or short-term major medical policies [of six months or less duration] **having a duration of less than one year.**

9. Except for health carriers or health benefit plans making payments under subdivision (2) of subsection 7 of this section, the department of insurance, financial institutions and professional registration shall collect data related to the number of children receiving private insurance coverage under this section and the total amount of moneys paid on behalf of such children by private health carriers or health benefit plans. The department shall report to the general assembly regarding the department's findings no later than January 30, 2007, and annually thereafter.

10. Notwithstanding the provisions of section 23.253 to the contrary, the provisions of this section shall not sunset.

376.1219. 1. Each policy issued by an entity offering individual and group health insurance which provides coverage on an expense-incurred basis, individual and group health service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group health arrangements to the extent not preempted by federal law, and all health care plans provided by managed health care delivery entities of any type or description, that are delivered, issued for delivery, continued or renewed in this state on or after September 1, 1997, shall provide coverage for formula and low protein modified food products recommended by a physician for the treatment of a patient with phenylketonuria or any inherited disease of amino and organic acids who is covered under the policy, contract, or plan and who is less than six years of age.

2. For purposes of this section, “low protein modified food products” means foods that are specifically formulated to have less than one gram of protein per serving and are intended to be used under the direction of a physician for the dietary treatment of any inherited metabolic disease. Low protein modified food products do not include foods that are naturally low in protein.

3. The coverage required by this section may be subject to the same deductible for similar health care services provided by the policy, contract, or plan as well as a reasonable coinsurance or co-payment on the part of the insured, which shall not be greater than fifty percent of the cost of the formula and food products, and may be subject to an annual benefit maximum of not less than five thousand dollars per covered child. Nothing in this section shall prohibit a carrier from using individual case management or from contracting with vendors of the formula and food products.

4. This section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, **short-term major medical policy having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

376.1220. 1. Each policy issued by an entity offering individual and group health insurance which provides coverage on an expense-incurred basis, individual or group health service, or indemnity contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group health arrangements to the extent not preempted by federal law, and all health care plans provided by managed health care delivery entities of any type or description that are delivered, issued for delivery, continued or renewed in this state shall provide coverage for newborn hearing screening, necessary rescreening, audiological assessment and follow-up, and initial amplification.

2. The health care service required by this section shall not be subject to any greater deductible or co-payment than other similar health care services provided by the policy, contract or plan.

3. This section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies [of six months or less duration] **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

4. Coverage for newborn hearing screening and any necessary rescreening and audiological assessment shall be provided to newborns eligible for medical assistance pursuant to section 208.151, and the children’s health program pursuant to sections 208.631 to 208.660, with payment for the newborn hearing screening required in section 191.925, and any necessary rescreening, audiological assessment and follow-up, and amplification as described in section 191.928.

376.1224. 1. For purposes of this section, the following terms shall mean:

(1) “Applied behavior analysis”, the design, implementation, and evaluation of environmental modifications, using behavioral stimuli and consequences, to produce socially significant improvement in human behavior, including the use of direct observation, measurement, and functional analysis of the relationships between environment and behavior;

(2) “Autism service provider”:

(a) Any person, entity, or group that provides diagnostic or treatment services for autism spectrum disorders who is licensed or certified by the state of Missouri; or

(b) Any person who is licensed under chapter 337 as a board-certified behavior analyst by the behavior analyst certification board or licensed under chapter 337 as an assistant board-certified behavior analyst;

(3) “Autism spectrum disorders”, a neurobiological disorder, an illness of the nervous system, which includes Autistic Disorder, Asperger’s Disorder, Pervasive Developmental Disorder Not Otherwise Specified, Rett’s Disorder, and Childhood Disintegrative Disorder, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association;

(4) “Diagnosis of autism spectrum disorders”, medically necessary assessments, evaluations, or tests in order to diagnose whether an individual has an autism spectrum disorder;

(5) “Habilitative or rehabilitative care”, professional, counseling, and guidance services and treatment programs, including applied behavior analysis, that are necessary to develop the functioning of an individual;

(6) “Health benefit plan”, shall have the same meaning ascribed to it as in section 376.1350;

(7) “Health carrier”, shall have the same meaning ascribed to it as in section 376.1350;

(8) “Line therapist”, an individual who provides supervision of an individual diagnosed with an autism diagnosis and other neurodevelopmental disorders pursuant to the prescribed treatment plan, and implements specific behavioral interventions as outlined in the behavior plan under the direct supervision of a licensed behavior analyst;

(9) “Pharmacy care”, medications used to address symptoms of an autism spectrum disorder prescribed by a licensed physician, and any health-related services deemed medically necessary to determine the need or effectiveness of the medications only to the extent that such medications are included in the insured’s health benefit plan;

(10) “Psychiatric care”, direct or consultative services provided by a psychiatrist licensed in the state in which the psychiatrist practices;

(11) “Psychological care”, direct or consultative services provided by a psychologist licensed in the state in which the psychologist practices;

(12) “Therapeutic care”, services provided by licensed speech therapists, occupational therapists, or physical therapists;

(13) “Treatment for autism spectrum disorders”, care prescribed or ordered for an individual diagnosed with an autism spectrum disorder by a licensed physician or licensed psychologist, including equipment medically necessary for such care, pursuant to the powers granted under such licensed physician’s or licensed psychologist’s license, including, but not limited to:

(a) Psychiatric care;

(b) Psychological care;

(c) Habilitative or rehabilitative care, including applied behavior analysis therapy;

(d) Therapeutic care;

(e) Pharmacy care.

2. All group health benefit plans that are delivered, issued for delivery, continued, or renewed on or after January 1, 2011, if written inside the state of Missouri, or written outside the state of Missouri but insuring Missouri residents, shall provide coverage for the diagnosis and treatment of autism spectrum disorders to the extent that such diagnosis and treatment is not already covered by the health benefit plan.

3. With regards to a health benefit plan, a health carrier shall not deny or refuse to issue coverage on, refuse to contract with, or refuse to renew or refuse to reissue or otherwise terminate or restrict coverage on an individual or their dependent because the individual is diagnosed with autism spectrum disorder.

4. (1) Coverage provided under this section is limited to medically necessary treatment that is ordered by the insured's treating licensed physician or licensed psychologist, pursuant to the powers granted under such licensed physician's or licensed psychologist's license, in accordance with a treatment plan.

(2) The treatment plan, upon request by the health benefit plan or health carrier, shall include all elements necessary for the health benefit plan or health carrier to pay claims. Such elements include, but are not limited to, a diagnosis, proposed treatment by type, frequency and duration of treatment, and goals.

(3) Except for inpatient services, if an individual is receiving treatment for an autism spectrum disorder, a health carrier shall have the right to review the treatment plan not more than once every six months unless the health carrier and the individual's treating physician or psychologist agree that a more frequent review is necessary. Any such agreement regarding the right to review a treatment plan more frequently shall only apply to a particular individual being treated for an autism spectrum disorder and shall not apply to all individuals being treated for autism spectrum disorders by a physician or psychologist. The cost of obtaining any review or treatment plan shall be borne by the health benefit plan or health carrier, as applicable.

5. Coverage provided under this section for applied behavior analysis shall be subject to a maximum benefit of forty thousand dollars per calendar year for individuals through eighteen years of age. Such maximum benefit limit may be exceeded, upon prior approval by the health benefit plan, if the provision of applied behavior analysis services beyond the maximum limit is medically necessary for such individual. Payments made by a health carrier on behalf of a covered individual for any care, treatment, intervention, service or item, the provision of which was for the treatment of a health condition unrelated to the covered individual's autism spectrum disorder, shall not be applied toward any maximum benefit established under this subsection. Any coverage required under this section, other than the coverage for applied behavior analysis, shall not be subject to the age and dollar limitations described in this subsection.

6. The maximum benefit limitation for applied behavior analysis described in subsection 5 of this section shall be adjusted by the health carrier at least triennially for inflation to reflect the aggregate increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor index, as defined and officially published by the United States Department of Labor, or its successor agency. Beginning January 1, 2012, and annually thereafter, the current value of the maximum benefit limitation for applied behavior analysis coverage adjusted for inflation in accordance with this subsection shall be calculated by the director of the department of insurance, financial institutions and professional registration. The director shall furnish the calculated value to the secretary of state, who shall publish such value in the Missouri Register as soon after each January first as practicable, but it shall otherwise be exempt from the provisions of section 536.021.

7. Subject to the provisions set forth in subdivision (3) of subsection 4 of this section, coverage provided

under this section shall not be subject to any limits on the number of visits an individual may make to an autism service provider, except that the maximum total benefit for applied behavior analysis set forth in subsection 5 of this section shall apply to this subsection. 8. This section shall not be construed as limiting benefits which are otherwise available to an individual under a health benefit plan. The health care coverage required by this section shall not be subject to any greater deductible, coinsurance, or co-payment than other physical health care services provided by a health benefit plan. Coverage of services may be subject to other general exclusions and limitations of the contract or benefit plan, not in conflict with the provisions of this section, such as coordination of benefits, exclusions for services provided by family or household members, and utilization review of health care services, including review of medical necessity and care management; however, coverage for treatment under this section shall not be denied on the basis that it is educational or habilitative in nature.

9. To the extent any payments or reimbursements are being made for applied behavior analysis, such payments or reimbursements shall be made to either:

(1) The autism service provider, as defined in this section; or

(2) The entity or group for whom such supervising person, who is certified as a board-certified behavior analyst by the Behavior Analyst Certification Board, works or is associated.

Such payments or reimbursements under this subsection to an autism service provider or a board-certified behavior analyst shall include payments or reimbursements for services provided by a line therapist under the supervision of such provider or behavior analyst if such services provided by the line therapist are included in the treatment plan and are deemed medically necessary.

10. Notwithstanding any other provision of law to the contrary, health carriers shall not be held liable for the actions of line therapists in the performance of their duties.

11. The provisions of this section shall apply to any health care plans issued to employees and their dependents under the Missouri consolidated health care plan established pursuant to chapter 103 that are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2011. The terms “employees” and “health care plans” shall have the same meaning ascribed to them in section 103.003.

12. The provisions of this section shall also apply to the following types of plans that are established, extended, modified, or renewed on or after January 1, 2011:

(1) All self-insured governmental plans, as that term is defined in 29 U.S.C. Section 1002(32);

(2) All self-insured group arrangements, to the extent not preempted by federal law;

(3) All plans provided through a multiple employer welfare arrangement, or plans provided through another benefit arrangement, to the extent permitted by the Employee Retirement Income Security Act of 1974, or any waiver or exception to that act provided under federal law or regulation; and

(4) All self-insured school district health plans.

13. The provisions of this section shall not automatically apply to an individually underwritten health benefit plan, but shall be offered as an option to any such plan.

14. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit

only, Medicare supplement policy, long-term care policy, short-term major medical policy [of six months or less duration] **having a duration of less than one year**, or any other supplemental policy.

15. Any health carrier or other entity subject to the provisions of this section shall not be required to provide reimbursement for the applied behavior analysis delivered to a person insured by such health carrier or other entity to the extent such health carrier or other entity is billed for such services by any Part C early intervention program or any school district for applied behavior analysis rendered to the person covered by such health carrier or other entity. This section shall not be construed as affecting any obligation to provide services to an individual under an individualized family service plan, an individualized education plan, or an individualized service plan. This section shall not be construed as affecting any obligation to provide reimbursement pursuant to section 376.1218.

16. The provisions of sections 376.383, 376.384, and 376.1350 to 376.1399 shall apply to this section.

17. The director of the department of insurance, financial institutions and professional registration shall grant a small employer with a group health plan, as that term is defined in section 379.930, a waiver from the provisions of this section if the small employer demonstrates to the director by actual claims experience over any consecutive twelve-month period that compliance with this section has increased the cost of the health insurance policy by an amount of two and a half percent or greater over the period of a calendar year in premium costs to the small employer.

18. The provisions of this section shall not apply to the Mo HealthNet program as described in chapter 208.

19. (1) By February 1, 2012, and every February first thereafter, the department of insurance, financial institutions and professional registration shall submit a report to the general assembly regarding the implementation of the coverage required under this section. The report shall include, but shall not be limited to, the following:

- (a) The total number of insureds diagnosed with autism spectrum disorder;
- (b) The total cost of all claims paid out in the immediately preceding calendar year for coverage required by this section;
- (c) The cost of such coverage per insured per month; and
- (d) The average cost per insured for coverage of applied behavior analysis;

(2) All health carriers and health benefit plans subject to the provisions of this section shall provide the department with the data requested by the department for inclusion in the annual report.

376.1225. 1. All individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law and all managed health care delivery entities of any type or description, that are delivered, issued for delivery, continued or renewed on or after August 28, 1998, shall provide coverage for administration of general anesthesia and hospital charges for dental care provided to the following covered persons:

- (1) A child under the age of five;

(2) A person who is severely disabled; or

(3) A person who has a medical or behavioral condition which requires hospitalization or general anesthesia when dental care is provided.

2. Each plan as described in this section must provide coverage for administration of general anesthesia and hospital or office charges for treatment rendered by a dentist, regardless of whether the services are provided in a participating hospital or surgical center or office.

3. Nothing in this section shall prevent a health carrier from requiring prior authorization for hospitalization for dental care procedures in the same manner that prior authorization is required for hospitalization for other covered diseases or conditions.

4. Nothing in this section shall apply to accident-only, dental-only plans or other specified disease, hospital indemnity, Medicare supplement or long-term care policies, or short-term major medical policies [of six months or less in duration] **having a duration of less than one year.**

376.1230. 1. Every policy issued by a health carrier, as defined in section 376.1350, shall provide coverage for chiropractic care delivered by a licensed chiropractor acting within the scope of his or her practice as defined in chapter 331. The coverage shall include initial diagnosis and clinically appropriate and medically necessary services and supplies required to treat the diagnosed disorder, subject to the terms and conditions of the policy. The coverage may be limited to chiropractors within the health carrier's network, and nothing in this section shall be construed to require a health carrier to contract with a chiropractor not in the carrier's network nor shall a carrier be required to reimburse for services rendered by a nonnetwork chiropractor unless prior approval has been obtained from the carrier by the enrollee. An enrollee may access chiropractic care within the network for a total of twenty-six chiropractic physician office visits per policy period, but may be required to provide the health carrier with notice prior to any additional visit as a condition of coverage. A health carrier may require prior authorization or notification before any follow-up diagnostic tests are ordered by a chiropractor or for any office visits for treatment in excess of twenty-six in any policy period. The certificate of coverage for any health benefit plan issued by a health carrier shall clearly state the availability of chiropractic coverage under the policy and any limitations, conditions, and exclusions.

2. A health benefit plan shall provide coverage for treatment of a chiropractic care condition and shall not establish any rate, term, or condition that places a greater financial burden on an insured for access to treatment for a chiropractic care condition than for access to treatment for another physical health condition.

3. The provisions of this section shall not apply to any health plan or contract that is individually underwritten.

4. The provisions of this section shall not apply to benefits provided under the Medicaid program.

5. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policy [of six months' or less duration] **having a duration of less than one year**, or any other similar supplemental policy.

376.1232. 1. Each health carrier or health benefit plan that offers or issues health benefit plans which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2010, shall offer coverage for prosthetic devices and services, including original and replacement devices, as prescribed by

a physician acting within the scope of his or her practice. 2. For the purposes of this section, “health carrier” and “health benefit plan” shall have the same meaning as defined in section 376.1350.

3. The amount of the benefit for prosthetic devices and services under this section shall be no less than the annual and lifetime benefit maximums applicable to the basic health care services required to be provided under the health benefit plan. If the health benefit plan does not include any annual or lifetime maximums applicable to basic health care services, the amount of the benefit for prosthetic devices and services shall not be subject to an annual or lifetime maximum benefit level. Any co-payment, coinsurance, deductible, and maximum out-of-pocket amount applied to the benefit for prosthetic devices and services shall be no more than the most common amounts applied to the basic health care services required to be provided under the health benefit plan.

4. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies [of six months or less duration] **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

376.1235. 1. No health carrier or health benefit plan, as defined in section 376.1350, shall impose a co-payment or coinsurance percentage charged to the insured for services rendered for each date of service by a physical therapist licensed under chapter 334 or an occupational therapist licensed under chapter 324, for services that require a prescription, that is greater than the co-payment or coinsurance percentage charged to the insured for the services of a primary care physician licensed under chapter 334 for an office visit.

2. A health carrier or health benefit plan shall clearly state the availability of physical therapy and occupational therapy coverage under its plan and all related limitations, conditions, and exclusions.

3. Beginning September 1, 2016, the oversight division of the joint committee on legislative research shall perform an actuarial analysis of the cost impact to health carriers, insureds with a health benefit plan, and other private and public payers if the provisions of this section regarding occupational therapy coverage were enacted. By December 31, 2016, the director of the oversight division of the joint committee on legislative research shall submit a report of the actuarial findings prescribed by this section to the speaker, the president pro tem, and the chairpersons of both the house of representatives and senate standing committees having jurisdiction over health insurance matters. If the fiscal note cost estimation is less than the cost of an actuarial analysis, the actuarial analysis requirement shall be waived.

**4. This section shall not apply to short-term major medical policies having a duration of less than one year.”; and**

Further amend said bill, Page 2, Section 376.1237, Lines 12-17, by deleting said lines and inserting in lieu thereof the following:

The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies [of six months’ or less duration] **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.”; and

Further amend said bill, page, and section, Line 18, by inserting after all of said section and line the following:

“376.1250. 1. All individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law and all managed health care delivery entities of any type or description, that are delivered, issued for delivery, continued or renewed on or after August 28, 1999, and providing coverage to any resident of this state shall provide benefits or coverage for:

(1) A pelvic examination and pap smear for any nonsymptomatic woman covered under such policy or contract, in accordance with the current American Cancer Society guidelines;

(2) A prostate examination and laboratory tests for cancer for any nonsymptomatic man covered under such policy or contract, in accordance with the current American Cancer Society guidelines; and

(3) A colorectal cancer examination and laboratory tests for cancer for any nonsymptomatic person covered under such policy or contract, in accordance with the current American Cancer Society guidelines.

2. Coverage and benefits related to the examinations and tests as required by this section shall be at least as favorable and subject to the same dollar limits, deductible, and co-payments as other covered benefits or services.

3. Nothing in this act shall apply to accident-only, hospital indemnity, Medicare supplement, long-term care, or other limited benefit health insurance policies.

4. The provisions of this section shall not apply to short-term major medical policies [of six months or less duration] **having a duration of less than one year.**

5. The attending physician shall advise the patient of the advantages, disadvantages, and risks, including cancer, associated with breast implantation prior to such operation.

6. Nothing in this section shall alter, impair or otherwise affect claims, rights or remedies available pursuant to law.

376.1253. 1. Each physician attending any patient with a newly diagnosed cancer shall inform the patient that the patient has the right to a referral for a second opinion by an appropriate board-certified specialist prior to any treatment. If no specialist in that specific cancer diagnosis area is in the provider network, a referral shall be made to a nonnetwork specialist in accordance with this section.

2. Each health carrier or health benefit plan, as defined in section 376.1350, that offers or issues health benefit plans which are delivered, issued for delivery, continued or renewed in this state on or after January 1, 2003, shall provide coverage for a second opinion rendered by a specialist in that specific cancer diagnosis area when a patient with a newly diagnosed cancer is referred to such specialist by his or her attending physician. Such coverage shall be subject to the same deductible and coinsurance conditions applied to other specialist referrals and all other terms and conditions applicable to other benefits, including the prior authorization and/or referral authorization requirements as specified in the applicable health insurance policy.

3. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only,

Medicare supplement policy, long-term care policy, short-term major medical policies [of six months' or less duration] **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

376.1257. 1. As used in this section the following terms shall mean:

(1) "Anticancer medications", medications used to kill or slow the growth of cancerous cells;

2. Any health benefit plan that provides coverage and benefits for cancer treatment shall provide coverage of prescribed orally administered anticancer medications on a basis no less favorable than intravenously administered or injected anticancer medications.

3. Coverage of orally administered anticancer medication shall not be subject to any prior authorization, dollar limit, co-payment, deductible, or other out-of-pocket expense that does not apply to intravenously administered or injected anticancer medication, regardless of formulation or benefit category determination by the company administering the health benefit plan.

4. The health benefit plan shall not reclassify or increase any type of cost-sharing to the covered person for anticancer medications in order to achieve compliance with this section. Any change in health insurance coverage, which otherwise increases an out-of-pocket expense to anticancer medications, shall be applied to the majority of comparable medical or pharmaceutical benefits covered by the health benefit plan.

5. Notwithstanding the provisions of subsections 2, 3, and 4 of this section, a health benefit plan that limits the total amounts paid by a covered person through all cost-sharing requirements to no more than seventy-five dollars per thirty-day supply for any orally administered anticancer medication shall be considered in compliance with this section. On January 1, 2016, and on January first of each year thereafter, a health benefit plan may adjust such seventy-five dollar limit. The adjustment shall not exceed the Consumer Price Index for All Urban Consumers Midwest Region for that year. For purposes of this subsection "cost-sharing requirements" shall include co-payments, coinsurance, deductibles, and any other amounts paid by the covered person for that prescription.

6. For a health benefit plan that meets the definition of "high deductible health plan" as defined by 26 U.S.C. 223(c)(2), the provisions of subsection 5 of this section shall only apply after a covered person's deductible has been satisfied for the year.

**7. The provisions of this section shall not apply to short-term major medical policies having a duration of less than one year.**

**8. The provisions of this section shall become effective January 1, 2015.**

376.1275. 1. Each health carrier or health benefit plan that offers or issues health benefit plans which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2003, shall include coverage for their members for the cost for human leukocyte antigen testing, also referred to as histocompatibility locus antigen testing, for A, B, and DR antigens for utilization in bone marrow transplantation. The testing must be performed in a facility which is accredited by the American Association of Blood Banks or its successors, and is licensed under the Clinical Laboratory Improvement Act, 42 U.S.C.

Section 263a, as amended, and is accredited by the American Association of Blood Banks or its successors, the College of American Pathologists, the American Society for Histocompatibility and Immunogenetics (ASHI) or any other national accrediting body with requirements that are substantially equivalent to or more stringent than those of the College of American Pathologists. At the time of testing, the person being tested must complete and sign an informed consent form which also authorizes the results of the test to be used for participation in the National Marrow Donor Program. The health benefit plan may limit each enrollee to one such testing per lifetime to be reimbursed at a cost of no greater than seventy-five dollars by the health carrier or health benefit plan.

2. For the purposes of this section, “health carrier” and “health benefit plan” shall have the same meaning as defined in section 376.1350.

3. The health care service required by this section shall not be subject to any greater deductible or co-payment than other similar health care services provided by the health benefit plan.

4. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies [of six months’ or less duration] **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

376.1290. 1. Each entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a health services corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements, to the extent not preempted by federal law, and all managed health care delivery entities of any type or description that are delivered, issued for delivery, continued or renewed in this state on or after January 1, 2002, shall offer coverage for testing pregnant women for lead poisoning and for all testing for lead poisoning authorized by sections 701.340 to 701.349 or by rule of the department of health and senior services promulgated pursuant to sections 701.340 to 701.349.

2. Health care services required by this section shall not be subject to any greater deductible or co-payment than any other health care service provided by the policy, contract or plan.

3. No entity enumerated in subsection 1 of this section shall reduce or eliminate coverage as a result of the requirements of this section.

4. Nothing in this section shall apply to **short-term major medical policies having a duration of one year or less, or to** accident-only, specified disease, hospital indemnity, Medicare supplement, long-term care or other limited benefit health insurance policies.

376.1400. 1. Every health insurance carrier offering policies of insurance in this state shall use standardized information for the explanation of benefits given to the health care provider whenever a claim is paid or denied. As used in this section, the term “health insurance carrier” shall have the meaning given to “health carrier” in section 376.1350. Nothing in this section shall apply to accident-only, specified disease, hospital indemnity, Medicare supplement, long-term care, short-term major medical policies [of six months or less duration] **having a duration of less than one year**, other limited benefit health insurance policies.

2. The standardized information shall contain the following:

- (1) The name of the insured;
- (2) The insured's identification number;

3. All health insurance carriers shall use the standard explanation of benefits information after January 1, 2002.

376.1550. 1. Notwithstanding any other provision of law to the contrary, each health carrier that offers or issues health benefit plans which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2005, shall provide coverage for a mental health condition, as defined in this section, and shall comply with the following provisions:

(1) A health benefit plan shall provide coverage for treatment of a mental health condition and shall not establish any rate, term, or condition that places a greater financial burden on an insured for access to treatment for a mental health condition than for access to treatment for a physical health condition. Any deductible or out-of-pocket limits required by a health carrier or health benefit plan shall be comprehensive for coverage of all health conditions, whether mental or physical;

(2) The coverages set forth in this subsection:

(a) May be administered pursuant to a managed care program established by the health carrier; and

(b) May deliver covered services through a system of contractual arrangements with one or more providers, hospitals, nonresidential or residential treatment programs, or other mental health service delivery entities certified by the department of mental health, or accredited by a nationally recognized organization, or licensed by the state of Missouri;

(3) A health benefit plan that does not otherwise provide for management of care under the plan or that does not provide for the same degree of management of care for all health conditions may provide coverage for treatment of mental health conditions through a managed care organization; provided that the managed care organization is in compliance with rules adopted by the department of insurance, financial institutions and professional registration that assure that the system for delivery of treatment for mental health conditions does not diminish or negate the purpose of this section. The rules adopted by the director shall assure that:

(a) Timely and appropriate access to care is available;

(b) The quantity, location, and specialty distribution of health care providers is adequate; and

(c) Administrative or clinical protocols do not serve to reduce access to medically necessary treatment

for any insured;

(4) Coverage for treatment for chemical dependency shall comply with sections 376.779, 376.810 to 376.814, and 376.825 to 376.836 and for the purposes of this subdivision the term “health insurance policy” as used in sections 376.779, 376.810 to 376.814, and 376.825 to 376.836, the term “health insurance policy” shall include group coverage.

2. As used in this section, the following terms mean:

(1) “Chemical dependency”, the psychological or physiological dependence upon and abuse of drugs, including alcohol, characterized by drug tolerance or withdrawal and impairment of social or occupational role functioning or both;

(2) “Health benefit plan”, the same meaning as such term is defined in section 376.1350;

(3) “Health carrier”, the same meaning as such term is defined in section 376.1350;

(4) “Mental health condition”, any condition or disorder defined by categories listed in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders except for chemical dependency;

(5) “Managed care organization”, any financing mechanism or system that manages care delivery for its members or subscribers, including health maintenance organizations and any other similar health care delivery system or organization;

(6) “Rate, term, or condition”, any lifetime or annual payment limits, deductibles, co-payments, coinsurance, and other cost-sharing requirements, out-of-pocket limits, visit limits, and any other financial component of a health benefit plan that affects the insured.

3. This section shall not apply to a health plan or policy that is individually underwritten or provides such coverage for specific individuals and members of their families pursuant to section 376.779, sections 376.810 to 376.814, and sections 376.825 to 376.836, a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, hospitalization-surgical care policy, short-term major medical policies [of six months or less duration] **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

4. Notwithstanding any other provision of law to the contrary, all health insurance policies that cover state employees, including the Missouri consolidated health care plan, shall include coverage for mental illness. Multiyear group policies need not comply until the expiration of their current multiyear term unless the policyholder elects to comply before that time.

5. The provisions of this section shall not be violated if the insurer decides to apply different limits or exclude entirely from coverage the following:

(1) Marital, family, educational, or training services unless medically necessary and clinically appropriate;

(2) Services rendered or billed by a school or halfway house;

(3) Care that is custodial in nature;

- (4) Services and supplies that are not immediately nor clinically appropriate; or
- (5) Treatments that are considered experimental.

6. The director shall grant a policyholder a waiver from the provisions of this section if the policyholder demonstrates to the director by actual experience over any consecutive twenty-four-month period that compliance with this section has increased the cost of the health insurance policy by an amount that results in a two percent increase in premium costs to the policyholder. The director shall promulgate rules establishing a procedure and appropriate standards for making such a demonstration. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

376.1900. 1. As used in this section, the following terms shall mean:

(1) “Electronic visit”, or “e-visit”, an online electronic medical evaluation and management service completed using a secured web-based or similar electronic-based communications network for a single patient encounter. An electronic visit shall be initiated by a patient or by the guardian of a patient with the health care provider, be completed using a federal Health Insurance Portability and Accountability Act (HIPAA)-compliant online connection, and include a permanent record of the electronic visit;

(2) “Health benefit plan” shall have the same meaning ascribed to it in section 376.1350;

(3) “Health care provider” shall have the same meaning ascribed to it in section 376.1350;

(4) “Health care service”, a service for the diagnosis, prevention, treatment, cure or relief of a physical or mental health condition, illness, injury or disease;

(5) “Health carrier” shall have the same meaning ascribed to it in section 376.1350;

(6) “Telehealth” shall have the same meaning ascribed to it in section 208.670.

2. Each health carrier or health benefit plan that offers or issues health benefit plans which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2014, shall not deny coverage for a health care service on the basis that the health care service is provided through telehealth if the same service would be covered if provided through face-to-face diagnosis, consultation, or treatment.

3. A health carrier may not exclude an otherwise covered health care service from coverage solely because the service is provided through telehealth rather than face-to-face consultation or contact between a health care provider and a patient.

4. A health carrier shall not be required to reimburse a telehealth provider or a consulting provider for site origination fees or costs for the provision of telehealth services; however, subject to correct coding, a health carrier shall reimburse a health care provider for the diagnosis, consultation, or treatment of an insured or enrollee when the health care service is delivered through telehealth on the same basis that the health carrier covers the service when it is delivered in person.

5. A health care service provided through telehealth shall not be subject to any greater deductible, co-

payment, or coinsurance amount than would be applicable if the same health care service was provided through face-to-face diagnosis, consultation, or treatment.

6. A health carrier shall not impose upon any person receiving benefits under this section any co-payment, coinsurance, or deductible amount, or any policy year, calendar year, lifetime, or other durational benefit limitation or maximum for benefits or services that is not equally imposed upon all terms and services covered under the policy, contract, or health benefit plan. 7. Nothing in this section shall preclude a health carrier from undertaking utilization review to determine the appropriateness of telehealth as a means of delivering a health care service, provided that the determinations shall be made in the same manner as those regarding the same service when it is delivered in person.

8. A health carrier or health benefit plan may limit coverage for health care services that are provided through telehealth to health care providers that are in a network approved by the plan or the health carrier.

9. Nothing in this section shall be construed to require a health care provider to be physically present with a patient where the patient is located unless the health care provider who is providing health care services by means of telehealth determines that the presence of a health care provider is necessary.

10. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies [of six months' or less duration] **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration. “; and

**“191.250. 1. This section shall be known and may be cited as “Simon’s Law”.**

**2. As used in this section the following terms shall mean:**

**(1) “End-of-life medical decision order for a child under juvenile or family court jurisdiction”, a decision issued by a juvenile or family court pertaining to life-sustaining treatment, including do-not-resuscitate orders, provided on behalf of and in the best interests of a child under juvenile or family court jurisdiction under section 211.031;**

**(2) “Reasonable medical judgment”, a medical judgment that would be made by a reasonably prudent physician who is knowledgeable about the case and the treatment possibilities with respect to the medical conditions involved.**

For a child who is not under juvenile or family court jurisdiction under section 211.031, no health care facility, nursing home, physician, nurse, or medical staff shall institute a do-not-resuscitate order or similar physician’s order, either orally or in writing, without the written or oral consent of at least one parent or legal guardian of the patient or resident under eighteen years of age who is not emancipated. If consent to implement a do-not-resuscitate order or similar physician’s order is granted orally, two witnesses other than the parent, legal guardian, or physician shall be**

present and willing to attest to the consent given by the legal guardian of the patient or at least one parent of the patient. The provision of such consent shall be immediately recorded in the patient's medical record, specifying who provided the information, to whom the information was provided, which parent or legal guardian gave the consent, who the witnesses were, and the date and time the consent was obtained.

4. The requirements of subsection 3 of this section shall not apply if a reasonably diligent effort of at least forty-eight hours without success has been made to contact and inform each known parent or legal guardian of the intent to implement a do-not-resuscitate order or similar physician's order.

5. Consent previously given under subsection 3 of this section may be revoked orally or in writing by the parent or legal guardian of the patient or resident who granted the original permission. Such revocation of prior consent shall take precedence over any prior consent to implement a do-not-resuscitate order or similar physician's order and shall be immediately recorded in the patient's or resident's medical records, specifying who provided the information, to whom the information was provided, which parent or legal guardian revoked consent, who the witnesses were, and the date and time the revocation was obtained.

6. For a child under juvenile court jurisdiction under section 211.031, a juvenile or family court may issue an end-of-life medical decision order, a physician's order, or any other medical decision order, or may appoint a guardian for the child for that purpose. The children's division shall not be appointed as guardian for a child to make end-of-life medical decisions, including do-not-resuscitate orders. In the event a child under the jurisdiction of a juvenile or family court under section 211.031 is returned to the custody of the legal guardian or parent, the legal guardian or parent may revoke the consent for the end-of-life medical decisions, or similar physician's orders ordered by the court, including do-not-resuscitate orders for the child. Revocation may be orally or in writing and shall be immediately recorded in the patient's medical records, specifying who provided the information, to whom the information was provided, which parent or legal guardian revoked consent, who the witnesses were, and the date and time the revocation was obtained.

7. For the purposes of this section, a relative caregiver under the provisions of section 431.058 shall have the same authority given to a parent or legal guardian of a nonemancipated patient or resident under eighteen years of age, provided that such a patient or resident is not under juvenile or family court jurisdiction under section 211.031.

8. Nothing in this section shall be construed to require any health care facility, nursing home, physician, nurse, or medical staff to provide or continue any treatment, including resuscitative efforts, food, medication, oxygen, intravenous fluids, or nutrition that would be:

(1) Medically inappropriate because, in reasonable medical judgement, providing such treatment would create a greater risk of causing or hastening the death of the patient; or

(2) Medically inappropriate because, in reasonable medical judgement, providing such treatment would be potentially harmful or cause unnecessary pain, suffering, or injury to the patient.

9. Nothing in this section shall require health care providers to continue cardiopulmonary resuscitation or manual ventilation beyond a time in which, in their reasonable medical judgment, there is no further benefit to the patient or likely recovery of the patient.”; and

5. (1) All vendors shall, by July 1, 2015, have, maintain, and use a telephone tracking system for the purpose of reporting and verifying the delivery of consumer-directed services as authorized by the department of health and senior services or its designee. [Use of such a system prior to July 1, 2015, shall be voluntary.] The telephone tracking system shall be used to process payroll for employees and for submitting claims for reimbursement to the MO HealthNet division. At a minimum, the telephone tracking system shall:

- (a) Record the exact date services are delivered;
- (b) Record the exact time the services begin and exact time the services end;
- (c) Verify the telephone number from which the services are registered;
- (d) Verify that the number from which the call is placed is a telephone number unique to the client;
- (e) Require a personal identification number unique to each personal care attendant;

(g) Be capable of producing reimbursement requests for consumer approval that assures accuracy and compliance with program expectations for both the consumer and vendor.

(2) [The department of health and senior services, in collaboration with other appropriate agencies, including centers for independent living, shall establish telephone tracking system pilot projects, implemented in two regions of the state, with one in an urban area and one in a rural area. Each pilot project shall meet the requirements of this section and section 208.918. The department of health and senior services shall, by December 31, 2013, submit a report to the governor and general assembly detailing the outcomes of these pilot projects. The report shall take into consideration the impact of a telephone tracking system on the quality of the services delivered to the consumer and the principles of self-directed care.

[(4)] **(3)** The department of health and senior services shall promulgate by rule the minimum necessary criteria of the telephone tracking system. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.

[6. In the event that a consensus between centers for independent living and representatives from the executive branch cannot be reached, the telephony report issued to the general assembly and governor shall

include a minority report which shall detail those elements of substantial dissent from the main report.

7. No interested party, including a center for independent living, shall be required to contract with any particular vendor or provider of telephony services nor bear the full cost of the pilot program.]

(b) **The vendor shall perform with the consumer at least bi-annual face-to-face home visits to provide ongoing monitoring of the provision of services in the plan of care and assess the quality of care being delivered. The bi-annual face-to-face home visits do not preclude the vendor's responsibility from its ongoing diligence of case management oversight; [and**

(4)] (5) Comply with all provisions of sections 208.900 to 208.927, and the regulations promulgated thereunder; **and**

**(6) Maintain a proper business location, the criteria for which shall be defined by the department of health and senior services by rule.**

**3. No state or federal funds shall be authorized or expended if the owner, primary operator, certified manager, or any direct employee of the consumer-directed services vendor is also the personal care attendant.**

208.924. A consumer's personal care assistance services may be discontinued under circumstances such as the following:

(2) The consumer has falsified records; **provided false information of his or her condition, functional capacity, or level of care needs;** or committed fraud;

(3) The consumer is noncompliant with the plan of care. Noncompliance requires persistent actions by the consumer which negate the services provided in the plan of care;

(4) The consumer or member of the consumer's household threatens or abuses the personal care attendant or vendor to the point where their welfare is in jeopardy and corrective action has failed;

(5) The maintenance needs of a consumer are unable to continue to be met because the plan of care hours exceed availability; and

Such persons include, but are not limited to, administrators, teachers, aides, paraprofessionals, assistants, secretaries, custodians, cooks, and nurses. The school district shall also ensure that a criminal background check is conducted for school bus drivers. The district may allow such drivers

to operate buses pending the result of the criminal background check. For bus drivers, the school district shall be responsible for conducting the criminal background check on drivers employed by the school district. For drivers employed by a pupil transportation company, **a municipality, or any other entity** under contract with the school district, the criminal background check shall be conducted pursuant to section 43.540 and conform to the requirements established in the National Child Protection Act of 1993, as amended by the Volunteers for Children Act. Personnel who have successfully undergone a criminal background check and a check of the family care safety registry as part of the professional license application process under section 168.021 and who have received clearance on the checks within one prior year of employment shall be considered to have completed the background check requirement. A criminal background check under this section shall include a search of any information publicly available in an electronic format through a public index or single case display.

2. In order to facilitate the criminal history background check, the applicant shall submit a set of fingerprints collected pursuant to standards determined by the Missouri highway patrol. The fingerprints shall be used by the highway patrol to search the criminal history repository and shall be forwarded to the Federal Bureau of Investigation for searching the federal criminal history files.

3. The applicant shall pay the fee for the state criminal history record information pursuant to section 43.530 and sections 210.900 to 210.936 and pay the appropriate fee determined by the Federal Bureau of Investigation for the federal criminal history record when he or she applies for a position authorized to have contact with pupils pursuant to this section. The department shall distribute the fees collected for the state and federal criminal histories to the Missouri highway patrol.

4. The department of elementary and secondary education shall facilitate an annual check of employed persons holding current active certificates under section 168.021 against criminal history records in the central repository under section 43.530, the sexual offender registry under sections 589.400 to [589.475] **589.426**, and child abuse central registry under sections 210.109 to 210.183. The department of elementary and secondary education shall facilitate procedures for school districts to submit personnel information annually for persons employed by the school districts who do not hold a current valid certificate who are required by subsection 1 of this section to undergo a criminal background check, sexual offender registry check, and child abuse central registry check. The Missouri state highway patrol shall provide ongoing electronic updates to criminal history background checks of those persons previously submitted, both those who have an active certificate and those who do not have an active certificate, by the department of elementary and secondary education. This shall fulfill the annual check against the criminal history records in the central repository under section 43.530.

5. The school district may adopt a policy to provide for reimbursement of expenses incurred by an employee for state and federal criminal history information pursuant to section 43.530.

6. If, as a result of the criminal history background check mandated by this section, it is determined that the holder of a certificate issued pursuant to section 168.021 has pled guilty or nolo contendere to, or been found guilty of a crime or offense listed in section 168.071, or a similar crime or offense committed in another state, the United States, or any other country, regardless of imposition of sentence, such information shall be reported to the department of elementary and secondary education.

7. Any school official making a report to the department of elementary and secondary education in conformity with this section shall not be subject to civil liability for such action.

8. For any teacher who is employed by a school district on a substitute or part-time basis within one year of such teacher's retirement from a Missouri school, the state of Missouri shall not require such teacher to be subject to any additional background checks prior to having contact with pupils. Nothing in this subsection shall be construed as prohibiting or otherwise restricting a school district from requiring additional background checks for such teachers employed by the school district.

9. A criminal background check and fingerprint collection conducted under subsections 1 and 2 of this section shall be valid for at least a period of one year and transferrable from one school district to another district. A school district may, in its discretion, conduct a new criminal background check and fingerprint collection under subsections 1 and 2 for a newly hired employee at the district's expense. A teacher's change in type of certification shall have no effect on the transferability or validity of such records.

(10) Any violations of any state law or county or municipal ordinance regulating the operation of motor vehicles when committed by an individual who has been issued a commercial driver's license or is required to possess a commercial driver's license issued by this state or any other state.

3. The petition shall name as defendants all law enforcement agencies, courts, prosecuting or circuit attorneys, municipal prosecuting attorneys, central state repositories of criminal records, or others who the petitioner has reason to believe may possess the records subject to expungement for each of the offenses, violations, and infractions listed in the petition. The court's order of expungement shall not affect any person or entity not named as a defendant in the action.

4. The petition shall include the following information:

(1) The petitioner's:

(a) Full name;

(b) Sex;

(c) Race;

(d) Driver's license number, if applicable; and

(e) Current address;

(2) Each offense, violation, or infraction for which the petitioner is requesting expungement;

(3) The approximate date the petitioner was charged for each offense, violation, or infraction; and

(4) The name of the county where the petitioner was charged for each offense, violation, or infraction and if any of the offenses, violations, or infractions occurred in a municipality, the name of the municipality for each offense, violation, or infraction; and

(5) The case number and name of the court for each offense.

5. The clerk of the court shall give notice of the filing of the petition to the office of the prosecuting attorney, circuit attorney, or municipal prosecuting attorney that prosecuted the offenses, violations, or infractions listed in the petition. If the prosecuting attorney, circuit attorney, or municipal prosecuting attorney objects to the petition for expungement, he or she shall do so in writing within thirty days after receipt of service. Unless otherwise agreed upon by the parties, the court shall hold a hearing within sixty days after any written objection is filed, giving reasonable notice of the hearing to the petitioner. If no objection has been filed within thirty days after receipt of service, the court may set a hearing on the matter and shall give reasonable notice of the hearing to each entity named in the petition. At any hearing, the court

may accept evidence and hear testimony on, and may consider, the following criteria for each of the offenses, violations, or infractions listed in the petition for expungement:

(1) **At the time the petition is filed**, it has been at least seven years if the offense is a felony, or at least three years if the offense is a misdemeanor, municipal offense, or infraction, from the date the petitioner completed any authorized disposition imposed under section 557.011 for each offense, violation, or infraction listed in the petition;

(2) The person has not been found guilty of any other misdemeanor or felony, not including violations of the traffic regulations provided under chapters 304 and 307, during the time period specified for the underlying offense, violation, or infraction in subdivision (1) of this subsection;

(3) The person has satisfied all obligations relating to any such disposition, including the payment of any fines or restitution;

(4) The person does not have charges pending;

(5) The petitioner's habits and conduct demonstrate that the petitioner is not a threat to the public safety of the state; and

(6) The expungement is consistent with the public welfare and the interests of justice warrant the expungement.

A pleading by the petitioner that such petitioner meets the requirements of subdivisions (5) and (6) of this subsection shall create a rebuttable presumption that the expungement is warranted so long as the criteria contained in subdivisions (1) to (4) of this subsection are otherwise satisfied. The burden shall shift to the prosecuting attorney, circuit attorney, or municipal prosecuting attorney to rebut the presumption. A victim of an offense, violation, or infraction listed in the petition shall have an opportunity to be heard at any hearing held under this section, and the court may make a determination based solely on such victim's testimony.

6. A petition to expunge records related to an arrest for an eligible offense, violation, or infraction may be made in accordance with the provisions of this section to a court of competent jurisdiction in the county where the petitioner was arrested no earlier than three years from the date of arrest; provided that, during such time, the petitioner has not been charged and the petitioner has not been found guilty of any misdemeanor or felony offense.

7. If the court determines that such person meets all the criteria set forth in subsection 5 of this section for each of the offenses, violations, or infractions listed in the petition for expungement, the court shall enter an order of expungement. In all cases under this section, the court shall issue an order of expungement or dismissal within six months of the filing of the petition. A copy of the order of expungement shall be provided to the petitioner and each entity possessing records subject to the order, and, upon receipt of the order, each entity shall close any record in its possession relating to any offense, violation, or infraction listed in the petition, in the manner established by section 610.120. The records and files maintained in any administrative or court proceeding in a municipal, associate, or circuit court for any offense, infraction, or violation ordered expunged under this section shall be confidential and only available to the parties or by order of the court for good cause shown. The central repository shall request the Federal Bureau of Investigation to expunge the records from its files.

8. The order shall not limit any of the petitioner's rights that were restricted as a collateral consequence of such person's criminal record, and such rights shall be restored upon issuance of the order of expungement. Except as otherwise provided under this section, the effect of such order shall be to restore such person to the status he or she occupied prior to such arrests, pleas, trials, or convictions as if such events had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrests, pleas, trials, convictions, or expungement in response to an inquiry made of him or her and no such inquiry shall be made for information relating to an expungement, except the petitioner shall disclose the expunged offense, violation, or infraction to any court when asked or upon being charged with any subsequent offense, violation, or infraction. The expunged offense, violation, or infraction may be considered a prior offense in determining a sentence to be imposed for any subsequent offense that the person is found guilty of committing.

9. Notwithstanding the provisions of subsection 8 of this section to the contrary, a person granted an expungement shall disclose any expunged offense, violation, or infraction when the disclosure of such information is necessary to complete any application for:

(1) A license, certificate, or permit issued by this state to practice such individual's profession;

(2) Any license issued under chapter 313 or permit issued under chapter 571;

(3) Paid or unpaid employment with an entity licensed under chapter 313, any state-operated lottery, or any emergency services provider, including any law enforcement agency;

(4) Employment with any federally insured bank or savings institution or credit union or an affiliate of such institution or credit union for the purposes of compliance with 12 U.S.C. Section 1829 and 12 U.S.C. Section 1785;

(5) Employment with any entity engaged in the business of insurance or any insurer for the purpose of complying with 18 U.S.C. Section 1033, 18 U.S.C. Section 1034, or other similar law which requires an employer engaged in the business of insurance to exclude applicants with certain criminal convictions from employment; or

(6) Employment with any employer that is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

An employer shall notify an applicant of the requirements under subdivisions (4) to (6) of this subsection. Notwithstanding any provision of law to the contrary, an expunged offense, violation, or infraction shall not be grounds for automatic disqualification of an applicant, but may be a factor for denying employment, or a professional license, certificate, or permit; except that, an offense, violation, or infraction expunged under the provisions of this section may be grounds for automatic disqualification if the application is for employment under subdivisions (4) to (6) of this subsection.

10. A person who has been granted an expungement of records pertaining to a misdemeanor or felony offense, an ordinance violation, or an infraction may answer "no" to an employer's inquiry into whether the person has ever been convicted of a crime if, after the granting of the expungement, the person has no public record of a misdemeanor or felony offense, an ordinance violation, or an infraction. The person, however, shall answer such an inquiry affirmatively and disclose his or her criminal convictions, including any offense or violation expunged under this section or similar law, if the employer is required to exclude

applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

11. If the court determines that the petitioner has not met the criteria for any of the offenses, violations, or infractions listed in the petition for expungement or the petitioner has knowingly provided false information in the petition, the court shall enter an order dismissing the petition. Any person whose petition for expungement has been dismissed by the court for failure to meet the criteria set forth in subsection 5 of this section may not refile another petition until a year has passed since the date of filing for the previous petition.

12. A person may be granted more than one expungement under this section provided that during his or her lifetime, the total number of offenses, violations, or infractions for which orders of expungement are granted to the person shall not exceed the following limits:

(1) Not more than two misdemeanor offenses or ordinance violations that have an authorized term of imprisonment; and

(2) Not more than one felony offense.

A person may be granted expungement under this section for any number of infractions. Nothing in this section shall prevent the court from maintaining records to ensure that an individual has not exceeded the limitations of this subsection. Nothing in this section shall be construed to limit or impair in any way the subsequent use of any record expunged under this section of any arrests or findings of guilt by a law enforcement agency, criminal justice agency, prosecuting attorney, circuit attorney, or municipal prosecuting attorney, including its use as a prior offense, violation, or infraction.

13. The court shall make available a form for pro se petitioners seeking expungement, which shall include the following statement: "I declare under penalty of perjury that the statements made herein are true and correct to the best of my knowledge, information, and belief."

14. Nothing in this section shall be construed to limit or restrict the availability of expungement to any person under any other law."; and

### HOUSE AMENDMENT NO. 2

“**160.430. 1. For purposes of this section and sections 160.432 and 160.435, “school of innovation” means a program approved by the school board of a school district with a curriculum, delivery method, or instructional model different from the traditional school model. A program qualifies as a school of innovation even if it does not have a building or facility that is separate from other district grade-level school buildings.**

**2. Students may attend a school of innovation and still be considered enrolled in a traditional**

school building for the purposes of cocurricular activities, extracurricular activities, and general courses available to both students in the school of innovation and students in the traditional public school setting.

3. The board of education of a school district may, by a majority vote of the entire board, establish a school of innovation. Before the vote, the board members shall prepare and distribute to all members a written description of the educational mission of the school of innovation, the research that supports that mission, the educational goals for the school of innovation, and the process the district intends to use to determine if the school of innovation is meeting those goals.

4. The school day, school hours, and school term of a school of innovation may be different from other schools in the district. Schools of innovation shall be required to meet the minimum school day or school term requirements in sections 160.011, 160.041, 171.031, and 171.033.

5. For purposes of calculation and distribution of state school funding, attendance of a student enrolled in a school of innovation shall equal, upon completion of the school year, one hundred five percent of the hours of attendance possible for the same or similar program delivered in the traditional school setting offered in the district. State funding shall be calculated in two increments, fifty percent completion and one hundred percent completion, based on the student's completion of the program, with distribution of state funding to a school district at each increment equal to fifty-two and one-half percent of hours of attendance possible for the same or similar program delivered in the traditional program in the district.

6. For the first three years a school of innovation exists, the graduation rates, attendance rates, and scores on the statewide assessments established under section 160.518 of the students enrolled in the school of innovation shall not be considered when determining a district's accreditation status, unless the district chooses for those scores and rates to be considered.

7. The board of a school district that has established a school of innovation shall annually review the overall academic performance of the school of innovation and the progress the school of innovation has made toward achieving the educational goals set when the school was established. The board may, by a majority vote of the entire board, alter, amend, extend, or change the goals or educational mission of the school of innovation. The board may at any time vote to revoke the school's status as a school of innovation.

8. A superintendent of a school district with a school of innovation, or his or her designee, may assign specific teachers and district employees to a school of innovation, regardless of existing policies, practices, or collective bargaining agreements.

9. (1) The board of a school district that has established a school of innovation may, at its discretion, pay a teacher assigned to and teaching in the school of innovation more than what the teacher would otherwise receive on the teacher salary schedule in order to compensate for the additional training, alternative lesson plans, extended hours, and additional duties associated with the position.

(2) Teachers assigned to a school of innovation may earn tenure in the district, but the teachers have no right or entitlement to continue to work in a school of innovation.

(3) Teaching contracts for teachers assigned to a school of innovation shall not include a set number of days, months, or working hours. A teacher assigned to a school of innovation shall receive

a school calendar outlining general attendance expectations.

(4) If a district reassigns a teacher from a school of innovation and then pays the teacher on the teacher salary schedule for the district, the reassignment shall not be considered a demotion under sections 168.102 to 168.130, even if the teacher's compensation is reduced.

10. Notwithstanding any provision of chapter 169 or any other provision of law, a teacher receiving retirement benefits under chapter 169 may, without losing his or her retirement benefits, teach on a full-time or part-time basis in a school of innovation if the teacher is certificated and has teaching experience in a subject that is essential to the mission of the school of innovation and the district can demonstrate that it has been unsuccessful in employing a teacher with the same certification and relevant experience in the subject area. A retired teacher who is employed to work at a school of innovation under this subsection shall not be eligible to earn tenure.

11. A school district that establishes a school of innovation may allow students who are not residents of the district to attend the school of innovation upon payment of tuition by the student, parents, or the student's resident school district or charter school. The school district that establishes the school of innovation shall not be responsible for the transportation of nonresident students. A school district may enter into an agreement with the district that has established the school of innovation to share staff, facilities, or other resources in lieu of or in addition to tuition.

12. (1) The board of a school district that has established or that seeks to establish a school of innovation may apply to the state board of education for a waiver of a state statute or regulation that impedes the establishment of a school of innovation or that is otherwise a barrier to the innovative educational mission.

(2) The state board of education shall hold a public hearing to determine if a waiver should be granted. The state board of education may, by a majority vote of the entire state board, waive a state statute or regulation for the limited purpose of operating the school of innovation. Such waiver shall last three years and may be extended by the state board of education for three-year terms upon evidence that the waiver has resulted in the desired educational innovation and opportunity.

13. The department of elementary and secondary education shall review all existing laws, regulations, and processes and take action to remove any identified barriers to school districts using innovative education models. The department of elementary and secondary education shall report to the governor before December 1, 2018, any state or federal statutes or regulations that could impede the establishment of schools of innovation.

14. Subject to appropriation, the governor, or a task force appointed by the governor, shall annually award ten competitive grants to school districts for the establishment, implementation, or expansion of schools of innovation.

160.432. A school district may enter into an agreement with one or more other school districts to provide students access to courses or schools, including schools of innovation. School districts may enter into agreements to share staff, facilities, or other resources in lieu of or in addition to tuition paid by a district for its students to access the courses or schools, including schools of innovation. The school district sponsoring the course or school, including the school of innovation, shall retain financial and legal responsibility unless determined otherwise in the agreement.

160.435. 1. A school district may enter into an agreement with one or more other school districts

to cooperatively provide schools to educate resident students of all participating districts. Such schools shall be known as “cooperative schools”. Cooperative school services may be provided in the facilities of any of the cooperating districts or in facilities leased by the cooperating districts or through a third-party vendor. The agreement shall describe the nature of the services to be provided. Services may include full-day instruction, individual courses, a specialized program of studies, or the establishment of a shared school of innovation.
